Newark-on-Trent branch closes on
Thursday 17 August 2023

Sharing responses from your local community

We're now nearing the closure of our Newark-on-Trent branch. We do understand that closing a branch affects different communities in different ways, so we've spoken to people locally to listen to their concerns. We wanted to find out how your community could be affected when the branch closes, and what we could do to help people through the change and offer alternative ways to bank.

Who we contacted

- Your local MP, Robert Jenrick
- Your local council, Newark-Sherwood District Council - Chief Executive John Robinson
- A number of customers who regularly use the branch
- Local community groups, East Midlands Chamber of Commerce, Newark Palace, Age UK Nottingham, Citizens Advice Sherwood & Newark, Home Start and Eden Framework

What we asked, what they said – and our responses

What's the biggest effect this branch closing will have on your local community?

You said to us:

There were some concerns that the branch closure may have an impact on the way both businesses and personal customers can bank. There were also some concerns the closure could impact footfall in the town, and the impact of having an empty building in the Market Place.

We'd like to say:

We understand the concerns about the closure. We'd like to reassure everyone that, before deciding to close, we looked very carefully at how the branch is used and found that many customers already use nearby branches and Online or Telephone Banking.

We'll still be in the community after the branch closes, to offer further support to our customers.

You'll find us at The Post Office, 11 Paxtons Court, Newark NG24 1DH, from 18 August on Monday, Wednesday, Thursday and Friday 10:00am to 12:30pm and 1:00pm to 4:30pm*. Walk in appointments might be available, and you can book an appointment at barclays.co.uk/local

To keep a community focus and support the local area, everyday banking can be done at the Post Office in Newark-on-Trent. We're helping our customers understand which transactions they can do there, how to bank from home or their business premises, and offering them support through this transition.

There are cash machines nearby at Santander, NatWest and HSBC – all are free to use.

We understand the concern from the community regarding the empty building and, as soon as we've left, we'll hand it over to our property agents.

* Subject to change. There are no counter or cash services available at this site. For cash services in your community visit link.co.uk/consumers/locator/

What's the biggest effect this branch closing will have on this branch's customers?

You said to us:

There were concerns about customers who depend on the branch – for example, those who find it difficult to travel or prefer banking face to face. Businesses, too, who use the branch for smaller transactions or might have to travel further and spend more time doing their banking.

We'd like to say:

We're speaking individually to those customers most likely to be affected by the closure, and we're helping them feel confident with alternative ways to bank. This includes speaking to someone in person through Telephone Banking, and making sure customers are familiar with the services available at their local Post Office.

We're working with our business customers to identify the best alternatives to meet their needs.

For anyone who's able to travel, the nearest branches are in Grantham and Lincoln. We understand it's not always convenient to travel, so we've been offering support from our branch's Digital Eagles. They're helping customers adapt to new ways of banking so they don't need to use a branch as often.

What alternative ways to bank do you believe would help people adapt to this change?

You said to us:

The closure means customers will need help getting used to new banking methods, particularly those who are concerned about banking online.

We'd like to say:

We've run individual, small group and virtual 'Tea and Teach' sessions to show customers other ways to bank, including how they can set up regular payments, and how to use the Barclays app on their mobile phones. We've also shown customers how to order cards and PINs and we're helping everyone remain vigilant against fraud.

We'll be here for you – just in a different way

We want to reassure you that we're here to help. We'll stay in your community and you'll be able to talk to us in person. We'll be available to help you with things like day-to-day banking queries and helping you manage your money. Details of where and when we'll be in your community will be on our website – just search 'Barclays branch finder'.

In the meantime, we'll be here in person until this branch closes, to answer any questions you have and help you with the move from using this branch to alternative ways to bank.
