

This branch is closing – but we're still here to help

Our Warminster branch is closing
on Friday 25 June 2021.

Branch closure feedback, and alternative ways to bank

Sharing branch closure feedback

We're now nearing the closure of the Warminster branch of Barclays. Our first booklet explained why the branch is closing, and gave information on other banking services that we hope will be convenient for you.

We do understand that the decision to close a branch affects different communities in different ways, so we've spoken to people in your community to listen to their concerns. We wanted to find out how your community, and particular groups within it, could be affected when the branch closes, and what we could do to help people through the transition from using the branch with alternative ways to carry out their banking requirements.

There are still many ways to do your banking, including in person at another nearby branch, at your local Post Office or over the phone on **0345 7 345 345**². You can also go online to [barclays.co.uk/waystobank](https://www.barclays.co.uk/waystobank) to learn about your other options. Read more about this on page 6.

If you still have any questions or concerns about these changes, now or in the future, then please feel free to get in touch with us by:

Speaking to us in any of our nearby branches, or over the phone on **0345 7 345 345**².

We contacted the following groups:

MP:

Dr Andrew Murrison

Local council:

Wiltshire Council – Councillor Andrew Davis,
clerk Fiona Fox

Community groups:

Age UK, U3A, Barchester Henford House Care
Home and Wren House

Customers:

A number of customers who regularly use the
branch

**We asked each of the groups 3 questions –
here's what they said:**

**In your opinion, what's the biggest effect that
this branch closing will have on your local
community?**

You said to us:

There were some concerns that the branch
closure may have an impact on the way both
businesses and personal customers can bank.
The loss of this branch means there will be
fewer banks in the town, and people may not
find it easy to obtain cash.

Concerns were also raised about what will
happen to the branch staff, as well as about the
building being left empty after we close.

We'd like to say:

We understand the concerns about the
closure – and we'd like to reassure everyone
that, before deciding to close, we looked very
carefully at how the branch is used. We've
seen a general fall in customers coming to
this branch, and many customers already use
nearby branches and Online or Telephone
Banking.

To keep a community focus and to ensure
trade stays in the local area, everyday banking
can be done at the Post Office in Warminster
– it's open Monday to Saturday, between 9am
and 5.30pm. We're helping our customers
understand which transactions they can do
there, including drawing cash, how to bank
from home or their business premises and
offering them support through this transition.

There are cash machines nearby at Lloyds,
Nationwide and Poundland – all are free to use.

We'd like to reassure the community that all the
staff are being relocated to nearby branches,
and that once we've vacated the premises, we'll
hand them over to our property agents – we're
hopeful that a new tenant can soon be found
for them.

What's the biggest effect that this branch closing will have on customers of the branch?

You said to us:

There were concerns about customers who depend on the branch and having to travel further to alternative branches, which might not offer customer parking. There were also concerns that the Post Office may find it difficult to cope with the extra demand.

We'd like to say:

We're speaking individually to those customers most likely to be affected by the closure, and we're helping them feel confident with alternative ways to bank. This includes speaking to someone in person through Telephone Banking. We're making sure customers are familiar with using their local Post Office, too, and we're working with the staff there to ensure they're ready for the extra demand when our branch closes.

For anyone who's able to travel, the nearest branches are in Frome and Trowbridge. We understand it's not always convenient to travel, so we've been offering support from our branch's Digital Eagles, to help customers adapt to new ways of banking – so they don't need to use a branch as often.

Although there are no parking facilities at the alternative branches, there are public car parks nearby.

What alternative ways to bank do you believe would help people adapt to the change?

You said to us:

The closure means customers will need help getting used to new banking methods, particularly those who are concerned about banking online and may prefer dealing with someone face to face.

We'd like to say:

We're encouraging customers to do their everyday banking in other ways, including Mobile and Online Banking – there's the Post Office and Telephone Banking for those who prefer to speak to someone.

We've run individual, small group and digital 'Tea and Teach' sessions to show customers other ways to bank, including how they can set up regular payments and how to use the Barclays app on their mobile phones. We've also shown customers how to order cards and PINs and we're helping everyone remain vigilant against fraud. Support is also available through our telephone and online services.

We are planning for the Barclays Van to visit the community after the branch closes, to offer further support to our customers, and will be holding a fraud and scams event at the Town Hall when it is safe to do so. Once we've confirmed the arrangements we'll share the details locally.

Other things that could help

Banking at the Post Office is available to both personal and business customers – where they can withdraw and pay in cash, and check their balances using a debit card and PIN.
