Pwllheli branch closes on
Wednesday 15 November 2023

Sharing responses from your local community

We're now nearing the closure of our Pwllheli branch. We do understand that closing a branch affects different communities in different ways, so we've spoken to people locally to listen to their concerns. We wanted to find out how your community could be affected when the branch closes, and what we could do to help people through the change and offer alternative ways to bank.

Who we contacted

- Your local MP, Liz Saville Roberts
- Your local AM, Mabon Ap Gwynfor
- Your local council, Gwynedd Council - Councillor Elin Hywel
Criccieth Town Council - Councillor Delyth Lloyd
- Personal and business customers who use this branch
- Local community groups, West Cheshire and North Wales Chamber of Commerce, Age Cymru Gwynedd and Gwynedd Citizens Advice (Dwyfor)

What we asked, what they said – and our responses

What's the biggest effect this branch closing will have on your local community?

You said to us:

There were some concerns that the branch closure may have an impact on the way both businesses and personal customers can bank. Some customers were concerned about what will happen to the staff, and whether they would be losing their jobs.

We'd like to say:

We understand the concerns about the closure. We'd like to reassure everyone that, before deciding to close, we looked very carefully at how the branch is used and found that many customers already use nearby branches and Online or Telephone Banking.

We'll still be in the community after the branch closes, to offer further support to our customers. You'll find us at the Pwllheli Community Hub, Canolfan Felin Fach, Penlan Street, Pwllheli LL53 5DE on Monday, Tuesday, Wednesday, Thursday 9:30am to 12:30pm and 1:00pm to 4:00pm from 16 November*. Walk in appointments might be available, and you can book an appointment at [barclays.co.uk/local](https://www.barclays.co.uk/local)

To keep a community focus and support the local area, everyday banking can be done at the Post Office in Pwllheli. We're helping our customers understand which transactions they can do there, how to bank from home or their business premises, and offering them support through this transition.

There are cash machines nearby at HSBC, Asda and NatWest – all are free to use.

We'd like to reassure people that all our colleagues have been relocated and will be working at other branches.

* Subject to change. There are no counter or cash services available at this site. For cash services in your community visit [link.co.uk/consumers/locator/](https://www.link.co.uk/consumers/locator/)

What's the biggest effect this branch closing will have on this branch's customers?

You said to us:

There were concerns about customers who depend on the branch – for example, those who find it difficult to travel or prefer banking face to face as the alternative branches are some distance away. Not everyone can use, or is confident using, Online Banking. There were also concerns about customers with charity accounts who cannot use the Post Office to complete their banking.

Some concerns were raised that the Post Office may find it difficult to cope with the extra demand.

We'd like to say:

We're speaking individually to those customers most likely to be affected by the closure, and we're helping them feel confident with alternative ways to bank. This includes speaking to someone in person through Telephone Banking and are working with our customers to identify the best alternatives to meet their needs.

We have been making sure customers are familiar with the services available at their local Post Office, and working with the Post Office staff to make sure they're ready for the extra demand when our branch closes.

For anyone who's able to travel, the nearest branches are in Bangor and Llandudno. However, we understand it's not always convenient to travel and our customers want to avoid queues. So we've been offering support from our Digital Eagles to help customers adapt to new ways of banking, so they don't have to come into the branch so often.

What alternative ways to bank do you believe would help people adapt to this change?

You said to us:

The closure means customers will need help getting used to new banking methods, particularly those who are concerned about banking online.

We'd like to say:

We've run 'Tea and Teach' sessions to show customers other ways to bank, including how they can set up regular payments, and how to use the Barclays app on their mobile phones. We've also shown customers how to order cards and PINs and we're helping everyone remain vigilant against fraud.

We'll be here for you – just in a different way

We want to reassure you that we're here to help. We'll stay in your community and you'll be able to talk to us in person. We'll be available to help you with things like day-to-day banking queries and helping you manage your money. Details of where and when we'll be in your community will be on our website – just search 'findbarclays'.

In the meantime, we'll be here in person until this branch closes, to answer any questions you have and help you with the move from using this branch to alternative ways to bank.

If you need extra support

We have a range of extra services to make sure banking is easy to access for everyone, including:
