

We're closing, but it's not goodbye

Smithfield branch closes on
Wednesday 16 November 2022

Why our Smithfield branch is closing

Back when we opened this branch, visiting us in person was one of the only ways to do your banking. Now, as there are lots of ways to manage your money without even leaving your home, we're seeing many customers choosing to bank using our app, and Online or Telephone Banking. This has had a big impact on the number of customers coming in to see us.

When deciding whether to close this branch, we looked carefully at how it's been used and how customers are banking in other ways.

97% of people who use our branch have also banked using the app, online and by phone in 2021

4 customers use this branch regularly as the only way to do their banking

20% of this branch's customers have used nearby branches in the last 12 months

We'll be working with the local community to understand the impact of closing this branch. Once we've gathered feedback, we'll publish the results in a booklet called 'Branch closure feedback', which you can get from your branch or online at home.barclays/ukbranchclosures

We'll be here for you – just in a different way

We want to reassure you that we're here to help. We'll stay in your community and you'll be able to talk to us in person. We're finalising the details of where we'll be based, and when, to support you with your banking, and we'll share the details locally once confirmed. We'll be available to help you with things like day-to-day banking queries and helping you manage your money, though there won't be access to cash at this site. We'll also add the location and opening times on our website – just search 'Barclays branch finder'.

In the meantime, we'll be here in person until this branch closes, to answer any questions you have and help you with the move from using this branch to alternative ways to bank.

If you'd like to talk to us about this

Our local leadership teams look at how branches are used before making the decision to close a branch, which is then agreed at national level before we make it public. If you have any concerns or would like to talk to us about this closure, or you'd like some help with what to do once it's closed, please get in touch. You can call us on 03457 345345,² or email Matthew Bell, your Customer Care Director for Central London at matthew.a.bell@barclays.com

Here are some of the many ways you can still do your banking with us. You can do most of your everyday banking safely and securely wherever you are, in our app or online, at a time that suits you. You can even pay in cheques with the app, without having to visit a branch.

We recognise that everyone has different levels of comfort using apps and computers, so if you'd like some help, we'll be happy to show you all the useful things you can do with them. Come and chat to us in your nearest Barclays location, or visit our website, where you'll find lots of helpful information and a demo of how our app works – search 'Barclays app' online.

Cash machines

Withdraw cash, check your balance and get a receipt at most cash machines. You can also print off a mini statement at our own cash machines. All Barclays cash machines are free to use. Some others charge a fee, which they state upfront before you use them.

The Post Office

If you have a personal or business account with us, you can use your local Post Office to do your banking.

- Use your debit card and PIN to withdraw and pay in cash, and check your balance
- If you don't have a debit card and PIN, we can arrange for a cash withdrawal limit of £100 a day
- Pay cheques in – you'll need a pre-printed paying-in slip and a cheque deposit envelope, which you'll need to get from us. Ask in a branch or call us on **0800 169 3091**
- Please allow an extra two working days for cheques paid in at the Post Office to reach your account
- For business transactions, your normal charges will apply
