Debt Issuance Programme

Any notes ("**Notes**") issued pursuant to this base prospectus (the "**Base Prospectus**") under the Debt Issuance Programme (the "**Programme**") on or after the date of this Base Prospectus are issued subject to the provisions described herein. Under the Programme, Barclays PLC (the "**Company**" or "**Barclays**") and Barclays Bank PLC (the "**Bank**" and, together with the Company, the "**Issuers**" and each an "**Issuer**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Notes. The aggregate nominal amount of Notes outstanding under the Programme will not at any time exceed £60,000,000,000 (or the equivalent in other currencies), subject to increase as provided herein.

This Base Prospectus has been approved by the United Kingdom Financial Conduct Authority (the "**FCA**") under Part VI of the Financial Services and Markets Act 2000 ("**FSMA**") as a base prospectus issued in compliance with Directive 2003/71/EC, as amended (the "**Prospectus Directive**") and relevant implementing measures in the United Kingdom for the purpose of giving information with regard to the issue of Notes issued under the Programme described in this Base Prospectus during the period of 12 months from the date of approval of this Base Prospectus. This Base Prospectus comprises a base prospectus for the purpose of Article 5.4 of the Prospectus Directive. Applications have been made for such Notes to be admitted during the period of 12 months from the date of approval of this Base Prospectus to listing on the Official List of the FCA (the "**Official List**") and to trading on the Regulated Market of the London Stock Exchange plc (the "**London Stock Exchange**"). The Regulated Market of the London Stock Exchange is a regulated market for the purposes of Directive 2004/39/EC on markets in financial instruments (the "**Market**"). References in this Base Prospectus to Notes being "**listed**" (and all related references) shall, unless the context otherwise requires, mean that such Notes have been admitted to the Official List and admitted to trading on the Market.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended ("**Securities Act**"). Subject to certain exemptions, the Notes are not being offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S ("**Regulation S**")). The Notes are being offered and sold outside the United States to persons that are not U.S. persons and (in the case of Notes represented by Restricted Global Certificates) within the United States to "qualified institutional buyers" (as defined in Rule 144A under the Securities Act ("**Rule 144A**")). See "*Subscription and Sale*" and "*Transfer Restrictions*".

Investing in Notes issued under the Programme involves certain risks. The principal risk factors that may affect the abilities of the Issuers to fulfil their respective obligations under the Notes are discussed under "Risk Factors" below.

Responsibility for this Base Prospectus

Each of the Issuers (together, the "**Responsible Persons**" and each a "**Responsible Person**") accepts responsibility for the information contained in this Base Prospectus and the Final Terms (as defined below) for each tranche of Notes issued under the Programme and declares that, having taken all reasonable care to ensure that such is the case, the information contained in this Base Prospectus (or the Final Terms as the case may be) is, to the best of its knowledge, in accordance with the facts and contains no omission likely to affect its import.

Final Terms/Drawdown Prospectus

Each Tranche (as defined herein) of Notes will be issued on the terms set out herein under "*Terms and Conditions of the Notes*" (the "**Conditions**") as completed by a document specific to such Tranche called final terms (the "**Final Terms**") or in a separate prospectus specific to such Tranche (the "**Drawdown Prospectus**") as described under "*Final Terms and Drawdown Prospectuses*" below.

The Notes

Notes may be issued under the Programme which have a denomination of at least €100,000 (or its equivalent in any other currency).

Each Tranche of Notes in registered form ("**Registered Notes**") will be represented by either (i) individual note certificates in registered form ("**Individual Certificates**"); or (ii) one or more unrestricted global note certificates ("**Unrestricted Global Certificates**") in the case of Registered Notes sold outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act and/or one or more restricted global note certificates ("**Restricted Global Certificates**") (together with the Unrestricted Global Certificate(s), the "**Global Certificates**") in the case of Registered Notes sold to "qualified institutional buyers" (each, a "**QIB**") in reliance on Rule 144A under the Securities Act.

Each Note represented by an Unrestricted Global Certificate will either be: (a) in the case of a Global Certificate which is not to be held under the new safekeeping structure ("**NSS**"), registered in the name of a common depository (or its nominee) for Euroclear Bank S.A./N.V. ("**Euroclear**") and/or Clearstream Banking S.A. ("**Clearstream, Luxembourg**") and/or a sub-custodian for the Central Moneymarkets Unit Service (the "**CMU Service**") operated by the Hong Kong Monetary Authority (the "**HKMA**") and/or any other relevant clearing system and the relevant Unrestricted Global Certificate will be deposited on or about the issue date with the common depository and/or the sub-custodian; or (b) in the case of a Global Certificate to be held under the NSS, registered in the name of a common safekeeper (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Unrestricted Global Certificate will be deposited on or about the issue date with the common safekeeper for Euroclear and/or Clearstream, Luxembourg. Each Note represented by a Restricted Global Certificate will be registered in the name of Cede & Co. as nominee for the Depository Trust Company ("**DTC**") and the relevant Restricted Global Certificate will be deposited on or about the issue date with the custodian for DTC (the "**DTC Custodian**"). Beneficial interests in Notes represented by a Restricted Global Certificate may only be held through DTC at any time.

Each Tranche of Notes in bearer form ("**Bearer Notes**") will initially be in the form of either a temporary global note in bearer form (the "**Temporary Global Note**"), without interest coupons, or a permanent global note in bearer form (the "**Permanent Global Note**"), without interest coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a "**Global Note**") which is not intended to be issued in new global note ("**NGN**") form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depository or a common depository for Euroclear and/or Clearstream, Luxembourg, and/or a sub-custodian for the CMU Service and/or any other relevant clearing system and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

Other relevant information

This Base Prospectus must be read and construed together with any amendments or supplements hereto and with any information incorporated by reference herein and, in relation to any Tranche of Notes, must be read and construed together with the relevant Final Terms. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Each of the Issuers have confirmed to the Dealers named under "*Subscription and Sale*" below that this Base Prospectus contains all information with regard to it and its subsidiaries which is (in the context of the Programme or the issue, offering and sale of the Notes) material, that such information is true and accurate in all material respects and not misleading and does not omit to state any other fact required (in the context of the Programme or the issue, offering and sale of the Notes) to be stated therein or the omission of which would make any information contained herein misleading in any material respect and all reasonable enquiries have been made to ascertain such facts and to verify the accuracy of all such information.

To the fullest extent permitted by law, none of the Dealers, the Arranger or The Bank of New York Mellon, London Branch (the "**Trustee**") accept any responsibility for the contents of this Base Prospectus or for any other statement, made or purported to be made by the Arranger, the Trustee or a Dealer or on its behalf in connection with the Issuers or the issue and offering of the Notes. The Arranger, the Trustee and each Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Base Prospectus or any such statement. The statements made in this paragraph are without prejudice to the responsibilities of the Issuers under or in connection with the Notes.

Unauthorised Information

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuers, the Arranger, the Trustee or any Dealer.

Neither the Dealers nor any of their respective affiliates, the Arranger, nor the Trustee have authorised the whole or any part of this Base Prospectus and none of them makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the prospects or financial or trading position of the Company or the Bank since the date thereof or, if later, the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. The Dealers and the Trustee expressly do not undertake to review the financial condition or affairs of the Issuers during the life of the Programme nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Trustee. Investors should review, *inter alia*, the most recent published financial statements of the relevant Issuer when evaluating the Notes.

Restrictions on distribution

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuers and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, see "*Subscription and Sale*" and "*Transfer Restrictions*".

The Notes have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States, and Notes in bearer form are subject to U.S. tax law requirements. The Notes may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. The Unrestricted Registered Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S and the Restricted Registered Notes are being offered and sold within the United States to QIBs that are also qualified purchasers in reliance on the exemption from registration under the Securities Act provided by Rule 144A. Prospective purchasers are hereby notified that sellers of the Notes may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A.

To permit compliance with Rule 144A under the Securities Act in connection with resale of Notes that are "Restricted Securities" (as defined in Rule 144(a)(3) under the Securities Act), the Issuers will furnish upon the request of a holder of such Notes or of a beneficial owner of an interest therein, to such holder or beneficial owner or to a prospective purchaser designated by such holder or beneficial owner, the information required to be delivered under Rule 144A(d)(4) under the Securities Act and will otherwise comply with the requirements of Rule 144A(d)(4) under the Securities Act, if at the time of such request, the relevant Issuer is not a reporting company under Section 13 or Section 15(d) of the U.S. Securities Exchange Act of 1934, as amended (the "Exchange Act"), or exempt from reporting pursuant to Rule 12g3-2(b) under the Exchange Act.

NEITHER THE PROGRAMME NOR THE NOTES HAVE BEEN APPROVED OR DISAPPROVED BY THE U.S. SECURITIES AND EXCHANGE COMMISSION (THE "SEC"), ANY STATE SECURITIES COMMISSION IN THE UNITED STATES OR ANY OTHER U.S. REGULATORY AUTHORITY, NOR HAS ANY OF THE FOREGOING AUTHORITIES PASSED UPON OR ENDORSED THE MERITS OF ANY OFFERING OF NOTES OR THE ACCURACY OR ADEQUACY OF THIS BASE PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE IN THE UNITED STATES.

Neither this Base Prospectus nor any Final Terms nor any of the documents incorporated by reference constitutes an offer or an invitation to subscribe for or purchase any Notes and are not intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuers, the Trustee, the Arranger or any of the Dealers or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuers.

The Notes are complex financial instruments and such instruments may be purchased by investors as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risk of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes or where the currency for principal or interest payments is different from the currency in which such investor's financial activities are principally denominated;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent: (i) Notes are legal investments for it; (ii) Notes can be used as collateral for various types of borrowing; and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Renminbi-denominated Notes

Renminbi is currently not freely convertible and conversion of Renminbi outside the PRC is subject to certain restrictions. Investors should be reminded of the conversion risk with Renminbi-denominated Notes. In addition, there is a liquidity risk associated with Renminbi-denominated Notes, particularly if such investments do not have an active secondary market and their prices have large bid/offer spreads. Renminbi-denominated Notes are denominated and settled in Renminbi available outside the PRC, which represents a market which is different from that of Renminbi available in the PRC (as defined below).

Currency definitions

In this Base Prospectus, references to (i) "£", "GBP" or "pounds sterling" are to the lawful currency for the time being of the United Kingdom and Northern Ireland; (ii) "€", "EUR" or "euro" are to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No. 974/98 of 3 May 1998 on the introduction of the euro; (iii) "USD", "U.S.\$" or "U.S. Dollars" are to the lawful currency for the time being of the United States of America, its territories and possessions, any state of the United States of America and the District of Columbia; (iv) "¥", "JPY" or "Yen" are to the lawful currency for the time being of Japan; (v) "Renminbi", "RMB" and "CNY" are to the lawful currency for the time being of the People's Republic of China (excluding the Hong Kong Special Administrative Region of the PRC, the Macau Special Administrative Region of the PRC and Taiwan) (the "PRC"); (vi) "HKD", "Hong Kong dollars", "Hong Kong dollar" and "HK\$" are to the lawful currency for the time being of Hong Kong; and (vii) "NOK" and "Norwegian Kroner" are to the lawful currency for the time being of the Kingdom of Norway.

Certain figures included in this Base Prospectus have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

Ratings

Tranches of Notes issued under the Programme will be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating(s) applicable to the relevant Issuer or the rating(s) assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued by a credit rating agency established in the European Economic Area (the "EEA") and registered under Regulation (EC) No. 1060/2009 (as amended) (the "CRA Regulation"), or (2) issued by a credit rating agency which is not established in the EEA but will be endorsed by a credit rating agency which is established in the EEA and registered under the CRA Regulation or (3) issued by a credit rating agency which is not established in the EEA but which is certified under the CRA Regulation, will be disclosed in the Final Terms.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Stabilisation

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) acting as the Stabilising Manager(s) may over allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days

after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

SERVICE OF PROCESS AND ENFORCEMENT OF LIABILITIES

The Company is duly incorporated as a public limited company incorporated under the laws of England and Wales and the Bank is duly incorporated as a public limited company under the laws of England and Wales. Substantially all of each Issuer's directors and executive officers are non-residents of the United States. All or a substantial portion of the assets of the Company and the Bank and of their respective directors and officers are located outside the United States. As a result, it may not be possible for an investor to effect service of process within the United States upon those persons or to enforce against them judgements of U.S. courts based upon the civil liability provisions of the federal securities laws of the United States.

NOTICE TO NEW HAMPSHIRE RESIDENTS

NEITHER THE FACT THAT A REGISTRATION STATEMENT NOR AN APPLICATION FOR A LICENCE HAS BEEN FILED UNDER CHAPTER 421-B OF THE NEW HAMPSHIRE REVISED STATUTES ANNOTATED, 1955 ("RSA 421-B") WITH THE STATE OF NEW HAMPSHIRE OR THE FACT THAT A SECURITY IS EFFECTIVELY REGISTERED OR A PERSON IS LICENSED IN THE STATE OF NEW HAMPSHIRE CONSTITUTES A FINDING BY THE SECRETARY OF STATE OF THE STATE OF NEW HAMPSHIRE THAT ANY DOCUMENT FILED UNDER RSA 421-B IS TRUE, COMPLETE AND NOT MISLEADING. NEITHER ANY SUCH FACT NOR THE FACT THAT AN EXEMPTION OR EXCEPTION IS AVAILABLE FOR A SECURITY OR A TRANSACTION MEANS THAT THE SECRETARY OF STATE HAS PASSED IN ANY WAY UPON THE MERITS OR QUALIFICATIONS OF, OR RECOMMENDED OR GIVEN APPROVAL TO, ANY PERSON, SECURITY OR TRANSACTION. IT IS UNLAWFUL TO MAKE, OR CAUSE TO BE MADE, TO ANY PROSPECTIVE PURCHASER, CUSTOMER OR CLIENT ANY REPRESENTATION INCONSISTENT WITH THE PROVISIONS OF THIS PARAGRAPH.

SUPPLEMENTAL BASE PROSPECTUS

If at any time either of the Issuers shall be required to prepare a supplement to the Base Prospectus pursuant to Section 87 of the FSMA, or to give effect to the provisions of Article 16(1) of the Prospectus Directive, such Issuer will prepare and make available an appropriate amendment or supplement to this Base Prospectus or a further base prospectus which, in respect of any subsequent issue of Notes to be listed on the Official List and admitted to trading on the Regulated Market of the London Stock Exchange, shall constitute a supplemental base prospectus as required by the FCA and Section 87 of the FSMA.

FORWARD-LOOKING STATEMENTS

This Base Prospectus and certain documents incorporated by reference herein contain certain forward-looking statements within the meaning of Section 21E of the Exchange Act, and Section 27A of the Securities Act, with respect to the Company and its consolidated subsidiaries (the "**Group**"). The Issuers caution readers that no forward-looking statement is a guarantee of future performance and that actual results or other financial condition or performance measures could differ materially from those contained in the forward-looking statements. These forward-looking statements can be identified by the fact that they do not relate only to historical or current facts. Forward-looking statements sometimes use words such as "may", "will", "seek", "continue", "aim", "anticipate", "target", "projected", "expect", "estimate", "intend", "plan", "goal", "believe", "achieve" or other words of similar meaning. Examples of forward-looking statements include, among others, statements regarding the Group's future financial position, income growth, assets, impairment charges and provisions, business strategy, capital, leverage and other regulatory ratios, payment of dividends (including dividend pay-out ratios), projected levels of growth in the banking and financial markets, projected costs or savings, original and revised commitments and targets in connection with the strategic cost programme (as initially described in the Barclays Strategic Review announcement on 12 February 2013, as amended) and the Group Strategy Update (as described in the Group Strategy Update announcement on 8 May 2014, as amended), run-down of assets and

businesses within Barclays Non-Core (as described in the Group Strategy Update), estimates of capital expenditures and plans and objectives for future operations, projected employee numbers and other statements that are not historical fact. By their nature, forward-looking statements involve risk and uncertainty because they relate to future events and circumstances. These may be affected by changes in legislation, the development of standards and interpretations under International Financial Reporting Standards as issued by the International Accounting Standards Board ("**IFRS**"), evolving practices with regard to the interpretation and application of accounting and regulatory standards, the outcome of current and future legal proceedings and regulatory investigations, future levels of conduct provisions, the policies and actions of governmental and regulatory authorities, geopolitical risks and the impact of competition. In addition, factors including (but not limited to) the following may have an effect: capital, leverage and other regulatory rules (including with regard to the future structure of the Group) applicable to past, current and future periods; U.K., United States, Africa, Eurozone and global macroeconomic and business conditions; the effects of continued volatility in credit markets; market related risks such as changes in interest rates and foreign exchange rates; effects of changes in valuation of credit market exposures; changes in valuation of issued securities; volatility in capital markets; changes in credit ratings of any entities within the Group or any securities issued by such entities; the potential for one or more countries exiting the Eurozone; the implementation of the strategic cost programme; and the success of future acquisitions, disposals and other strategic transactions. A number of these influences and factors are beyond the Group's control. As a result, the Group's actual future results, dividend payments, and capital and leverage ratios may differ materially from the plans, goals, and expectations set forth in the Group's forward-looking statements. Additional risks and factors which may impact the Group's future financial condition and performance are identified in the Group's filings with the SEC (including, without limitation, the Joint Annual Report and the 2015 Interim Results Announcement (each as defined in the "*Information Incorporated by Reference*" section below)), both of which are available on the SEC's website at <http://www.sec.gov>.

Subject to the Issuers' obligations under the applicable laws and regulations of the United Kingdom and the United States in relation to disclosure and ongoing information, neither of the Issuers undertakes any obligation to update publicly or revise any forward looking statements, whether as a result of new information, future events or otherwise.

Each Note represented by an Unrestricted Global Certificate will either be: (a) in the case of a Global Certificate which is not to be held under the new safekeeping structure ("**NSS**"), registered in the name of a common depository (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or a sub-custodian for the CMU Service and/or any other relevant clearing system and the relevant Unrestricted Global Certificate will be deposited on or about the issue date with the common depository and/or the sub-custodian; or (b) in the case of a Global Certificate to be held under the NSS, registered in the name of a common safekeeper (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Unrestricted Global Certificate will be deposited on or about the issue date with the common safekeeper for Euroclear and/or Clearstream, Luxembourg. Each Note represented by a Restricted Global Certificate will be registered in the name of Cede & Co. as nominee for DTC and the relevant Restricted Global Certificate will be deposited on or about the issue date with the custodian for DTC (the "**DTC Custodian**"). Beneficial interests in Notes represented by a Restricted Global Certificate may only be held through DTC at any time.

Currencies:

Notes may be denominated in euro, U.S. Dollars, pounds sterling, Yen, RMB, HKD, NOK or in any other currency or currencies, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.

Status of the Senior Notes:

The Notes of each Series issued on an unsubordinated basis ("**Senior Notes**") (and the Coupons relating thereto, if any) will constitute direct, unconditional, unsecured and unsubordinated obligations of the relevant Issuer which will at all times rank *pari passu* among themselves and, in the event of the winding up or administration of the Issuer will rank *pari passu* with all other present and future unsecured and unsubordinated obligations of the relevant Issuer, save for such obligations as may be preferred by provisions of law.

Status of the Tier 2 Capital Notes:

The Notes of each Series issued on a subordinated basis ("**Tier 2 Capital Notes**") (and the Coupons relating thereto, if any) constitute direct, unsecured and subordinated obligations of the relevant Issuer ranking *pari passu* without any preference among themselves. In the event of the winding up or administration of the relevant Issuer, the claims of the Trustee (on behalf of Noteholders but not the rights and claims of the Trustee in its personal capacity under the Trust Deed), the Holders of Tier 2 Capital Notes and any related Coupons against the relevant Issuer in respect of such Notes and Coupons (including any damages or other amounts (if payable)) shall (i) be subordinated in the manner provided in the Trust Deed to the claims of all Senior Creditors; (ii) rank at least

pari passu with the claims in respect of Parity Obligations (as defined in the Trust Deed) and with the claims of all other subordinated creditors of the relevant Issuer which in each case by law rank, or by their terms are expressed to rank, *pari passu* with the Tier 2 Capital Notes; and (iii) rank senior to the relevant Issuer's ordinary shares, preference shares and any junior subordinated obligations (including the Junior Obligations (as defined in the Trust Deed)) or other securities of the relevant Issuer which by law rank, or by their terms are expressed to rank, junior to the Tier 2 Capital Notes.

- Issue Price:** Notes may be issued at any price on a fully paid basis, as specified in the relevant Final Terms. The price and amount of Notes to be issued under the Programme will be determined by the relevant Issuer and the relevant Dealers at the time of issue in accordance with prevailing market conditions.
- Specified Denominations:** The Notes may be issued in such denominations as may be specified in the relevant Final Terms, save that no Notes may be issued under the Programme which have a denomination of less than €100,000 (or its equivalent in any other currency at the date of issue).
- Interest:** Notes may be interest-bearing or non-interest bearing. Interest (if any) may accrue at a fixed rate, a resetting rate or a floating rate (or a fixed/floating or floating/fixed rate) based upon EURIBOR, LIBOR, BBSW, SHIBOR, CHIBOR, CNH HIBOR, TIBOR, STIBOR, SIBOR, HIBOR, CDOR or NIBOR. In respect of each Tranche of Notes, the date from which interest becomes payable and the due dates for interest, the maturity date, the repayment procedures and an indication of yield will be specified in the relevant Final Terms.
- Maturities:** Subject to all applicable legal and regulatory requirements, Notes may have any maturity subject to a minimum maturity of three months. Under current requirements, any Tier 2 Capital Notes shall have a minimum maturity of five years. Any Notes issued by the Company having a maturity of less than one year must (a) have a minimum redemption value of £100,000 (or the equivalent in other currencies at the date of issue) and be issued only to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses; or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses or (b) be issued in other circumstances which do not constitute a contravention of section 19 of the FSMA by the Company. Such minimum maturities may be subject to increase or decrease from time to time as a result of changes in applicable legal or regulatory requirements.
- Redemption:** Notes may be redeemable at par or at such other Redemption Amount as may be specified in the relevant Final Terms. Notes may also be redeemable in two or more instalments on such dates and in such manner as may be specified in the relevant Final Terms.
- Optional Redemption:** There will be no optional right to redeem Notes of any Series, except for taxation reasons or where the relevant Final Terms provide for early redemption at the option of the relevant Issuer and/or, in the case of Senior Notes only, the relevant Noteholders

and/or, in the case of Tier 2 Capital Notes, for regulatory reasons.

Tax Redemption:

Subject to certain conditions, the Notes may be redeemed at the relevant Issuer's option in whole, but not in part, at their Early Redemption Amount (Tax), together with any accrued but unpaid interest to the date fixed for redemption if the relevant Issuer determines that as a result of a change in, or amendment to, the laws or regulations of a Taxing Jurisdiction, including any treaty to which the relevant Taxing Jurisdiction is a party, or a change in an official application of those laws or regulations on or after the Issue Date of the first Tranche of Notes, including a decision of any court or tribunal which becomes effective on or after the Issue Date of the first Tranche of Notes (and, in the event of the substitution of any subsidiary of the Issuer or of the Company in place of the Issuer as principal debtor under such Notes and in each case the Coupons (if any) appertaining thereto and the Trust Deed in so far as it relates to such Notes, which becomes effective on or after the date of that entity's assumption of the Issuer's obligations):

- (i) the relevant Issuer has or will become obliged to pay certain additional amounts; or
- (ii) in the case of Tier 2 Capital Notes only, interest payments under or with respect to the Notes are no longer fully deductible for United Kingdom corporation tax purposes; or
- (iii) in the case of Tier 2 Capital Notes only, the relevant Issuer would not, as a result of the Notes being in issue, be able to have losses or deductions set against the profits or gains, or profits or gains offset by the losses or deductions, of companies with which the relevant Issuer is or would otherwise be so grouped for applicable United Kingdom tax purposes (whether under the group relief system current as at the date of issue of the Notes or any similar system or systems having like effect as may from time to time exist);

(each such change in tax law or regulation or the official application thereof, a "**Tax Event**"); and

in the case of each of (i), (ii) and (iii), such consequences cannot be avoided by the relevant Issuer taking reasonable measures available to it.

Regulatory Redemption:

Subject to certain conditions and in the case of Tier 2 Capital Notes only, the Tier 2 Capital Notes may be redeemed at the relevant Issuer's option if there is a change in the regulatory classification of the relevant Tier 2 Capital Notes that occurs on or after the issue date of the first Tranche of the Tier 2 Capital Notes and that does, or would be likely to, result in the whole or any part of the outstanding aggregate principal amount of the Tier 2 Capital Notes at any time being excluded from or ceasing to count towards, the Tier 2 Capital of the Group (a "**Regulatory Event**"), in whole but not in part, at the relevant Optional Redemption Amount (Regulatory Event) together with any accrued but unpaid interest to the date fixed for redemption.

Conditions to Redemption:	Notwithstanding any other provisions, the relevant Issuer may redeem the Tier 2 Capital Notes (and give notice thereof to the Holders) in accordance with the requirements set out in the applicable Capital Regulations at such time and only if it has obtained the prior consent of the Prudential Regulation Authority ("PRA") (if such consent is then required by the Capital Regulations) for the redemption of the relevant Tier 2 Capital Notes.
Negative Pledge:	None.
Cross Default:	None.
Taxation:	Except as otherwise specified in the relevant Final Terms, all payments in respect of Notes will be made free and clear of withholding taxes of the United Kingdom unless the withholding is required by law. In that event, the relevant Issuer will, subject to customary exceptions, pay such additional amounts as will result in the Noteholders receiving such amounts as they would have received in respect of such Notes had no such withholding been required.
Governing Law:	English Law.
Ratings:	<p>Tranches of Notes issued under the Programme may be rated or unrated. Where a Tranche of Notes is rated, the applicable rating(s), which will not necessarily be the same as the ratings applicable to the relevant Issuer, will be specified in the relevant Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued by a credit rating agency established in the EEA and registered under the CRA Regulation, (2) issued by a credit rating agency which is not established in the EEA but will be endorsed by a credit rating agency which is established in the EEA and registered under the CRA Regulation or (3) issued by a credit rating agency which is not established in the EEA but which is certified under the CRA Regulation, will be disclosed in the Final Terms.</p> <p>A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.</p>
Selling Restrictions:	For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of offering material in the United States of America, the United Kingdom, France, Japan, The People's Republic of China, Hong Kong and Norway see " <i>Subscription and Sale</i> " below.

RISK FACTORS

Prospective investors should consider carefully the risks set forth below and the other information contained in this Base Prospectus prior to making any investment decision with respect to the Notes. Each of the risks highlighted below could have a material adverse effect on the Issuers' business, operations, financial condition or prospects, which, in turn, could have a material adverse effect on the amount of principal and interest which investors will receive in respect of the Notes. In addition, each of the risks highlighted below could adversely affect the trading price of the Notes or the rights of investors under the Notes and, as a result, investors could lose some or all of their investment.

Prospective investors should note that the risks described below are not the only risks the Issuers face. The Issuers have described only those risks relating to their operations that they consider to be material. There may be additional risks that the Issuers currently consider not to be material or of which they are not currently aware, and any of these risks could have the effects set forth above.

Risks Relating to the Notes

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of certain such features:

Certain Notes may be redeemed prior to maturity

Unless in the case of any particular Tranche of Notes the relevant Final Terms specify otherwise, in the event that due to a change in law the relevant Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the United Kingdom or any political subdivision thereof or any authority therein or thereof having power to tax, the relevant Issuer may redeem all outstanding Notes in accordance with the Conditions, subject to the prior consent of the PRA (if such consent is then required by the Capital Regulations) in the case of the Tier 2 Capital Notes. Furthermore, the relevant Issuer may be entitled to redeem the Tier 2 Capital Notes if the tax treatment for such Issuer in respect of the Tier 2 Capital Notes is negatively altered after their issue date or if a change in the regulatory classification of the relevant Tier 2 Capital Notes occurs on or after their issue date, in each case subject to the prior consent of the PRA (if such consent is then required by the Capital Regulations).

In addition, if in the case of any particular Tranche of Notes, the relevant Final Terms specify that the Notes are redeemable at the relevant Issuer's option in certain other circumstances or at any time, subject to the prior consent of the PRA (if such consent is then required by the Capital Regulations) in the case of Tier 2 Capital Notes, the relevant Issuer may be expected to choose to redeem the Notes at times when prevailing interest rates may be relatively low. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

Furthermore, unless, in the case of any particular Tranche of Senior Notes, the relevant Final Terms specify that the Notes are redeemable at the option of the Noteholders, Noteholders will have no right to request the redemption of the Notes and should not invest in the Notes in the expectation that the relevant Issuer would exercise its option to redeem the Notes. Any decision by the relevant Issuer as to whether it will exercise its option to redeem the Notes in respect of the Notes will be taken at the absolute discretion of the relevant Issuer with regard to factors such as, but not limited to, the economic impact of exercising such option to redeem the Notes, any tax consequences, the regulatory capital requirements and the prevailing market conditions. Noteholders should be aware that they may be required to bear the financial risks of an investment in the Notes until maturity.

Tier 2 Capital Notes are subordinated to most of the relevant Issuer's liabilities

Tier 2 Capital Notes will constitute unsecured and subordinated obligations of the relevant Issuer. On a winding-up or administration of the relevant Issuer, all claims in respect of the Notes will rank junior to the claims of all Senior Creditors (as defined in the Conditions) of the relevant Issuer. If, on a winding-up or administration of the relevant Issuer, the assets of the relevant Issuer are insufficient to enable the relevant Issuer to repay the claims of more senior-ranking creditors in full, the holders of the Tier 2 Capital Notes will lose their entire investment in the Tier 2 Capital Notes. If there are sufficient assets to enable the relevant Issuer to pay the claims of senior-ranking creditors in full but insufficient assets to enable it to pay claims in respect of its obligations in respect of the Tier 2 Capital Notes and all other claims that rank *pari passu* with the Tier 2 Capital Notes, holders of the Tier 2 Capital Notes will lose some (which may be substantially all) of their investment in the Tier 2 Capital Notes. See "*Regulatory action in the event a bank or investment firm in the Group is failing or likely to fail could materially adversely affect the value of the Notes*" below.

Holders of Tier 2 Capital Notes will have limited remedies

Payment of principal and accrued but unpaid interest on the Tier 2 Capital Notes shall only be accelerated in the event of the occurrence of a Winding-up Event in respect of the relevant Issuer. There is no right of acceleration in the case of non-payment of principal or interest on the Tier 2 Capital Notes or of the relevant Issuer's failure to perform any of its obligations under or in respect of the Tier 2 Capital Notes.

The sole remedy against the relevant Issuer available for recovery of amounts owing in respect of any non-payment of any amount that has become due and payable under the Tier 2 Capital Notes is, subject to certain conditions and to the provisions set forth in Condition 15 (*Events of Default*), for the Trustee to institute proceedings in England (or such other jurisdiction in which the relevant Issuer may be organised) (but not elsewhere) for the winding-up of such Issuer and/or prove in the winding-up of such Issuer and/or claim in such Issuer's liquidation or administration.

Although the Trustee may institute such proceedings against the relevant Issuer as it may think fit to enforce any term, obligation or condition binding on such Issuer under the Tier 2 Capital Notes or the Trust Deed (other than any payment obligation of such Issuer under or arising from the Tier 2 Capital Notes or the Trust Deed, including, without limitation, payment of any principal or interest, excluding any amount due to the Trustee in respect of its fees and/or expenses) (referred to herein as "**Performance Obligations**"), the Trustee (acting on behalf of the Noteholders but not the Trustee acting in its personal capacity under the Trust Deed) and the Noteholders shall not enforce, and shall not be entitled to enforce or otherwise claim, against the relevant Issuer any judgment or other award given in such proceedings that requires the payment of money by the relevant Issuer, whether by way of damages or otherwise (a "**Monetary Judgment**"), except by proving such Monetary Judgment in a winding-up of the relevant Issuer and/or claiming such Monetary Judgment in an administration of the relevant Issuer.

The Company is a holding company, which means that its right to participate in the assets of any of its subsidiaries (including those of the Bank) upon the liquidation of such subsidiaries may be subject to prior claims of some of such subsidiary's creditors and preference shareholders.

The Company is a holding company that currently has no significant assets other than its loans to, and investments in, the Bank. As a holder of ordinary shares in the Bank (or any of its other subsidiaries), the Company's right to participate in the assets of the Bank (or any other subsidiary) if such subsidiary is liquidated will be subject to the prior claims of such subsidiary's creditors and preference shareholders, except where the Company is a creditor with claims that are recognised to be ranked ahead of or *pari passu* with such claims of the subsidiary's creditors and/or preference shareholders against such subsidiary. For example, the Company has in the past made, and may continue to make, loans to the Bank with the proceeds received from the Company's issuance of debt instruments. Such loans to the Bank by the Company have, to date, had a legal ranking in the insolvency of the Bank that corresponds to the legal ranking of such debt instruments in the insolvency of the Company. However, the Company retains its absolute discretion to restructure such loans to and any other investments in the Bank at any time and for any purpose including, without limitation, in order to provide different amounts or types of capital or funding to the Bank or other Group subsidiaries, as part of wider changes made to the Group's corporate structure for the purposes of structural reform, or otherwise as part of meeting regulatory requirements, such as the implementation of the European Banking Authority's (the "**EBA**") minimum requirement for own funds and eligible liabilities ("**MREL**") in respect of the Bank or other Group subsidiaries. A

restructuring of a loan or investment made by the Company in a Group subsidiary could include changes to any or all features of such loan or investment, including its legal or regulatory form and how it would rank in the insolvency hierarchy as a claim in the liquidation or administration of the subsidiary. Any restructuring of the Company's loans to, and investments in, the Bank or other Group subsidiaries may be implemented by the Company without prior notification to, or consent of, Noteholders. In addition, the terms of some loans or investments made by the Company in capital instruments issued by the Bank or other Group subsidiaries may contain contractual mechanisms that, upon the occurrence of a trigger related to the prudential or financial condition of such subsidiary would result in a change in the ranking and type of claim the Company has against such subsidiary. Such loans to, and investments in, the Bank or other Group subsidiaries may also be subject to the statutory write down and conversion powers or the bail-in tool – see "*Regulatory action in the event a bank or investment firm in the Group is failing or likely to fail could materially adversely affect the value of the Notes*" below. Any changes in the legal or regulatory form and/or ranking of the loan or investment could also impact its treatment in resolution.

For the reasons described above, if the Bank or any other Group subsidiaries were to be wound up, liquidated or dissolved, (i) the Noteholders of the Notes issued by the Company would have no right to proceed against the assets of the Bank or such other subsidiary, and (ii) the liquidator of the Bank or such other subsidiary would first apply the assets of the Bank or such other subsidiary to settle the claims of the creditors of the Bank or such other subsidiary, including holders (which may include the Company) of preference shares, tier 1 capital instruments ranking ahead of the holders of ordinary shares of the Bank or such other subsidiary and tier 2 capital instruments of the Bank or such other subsidiary, before the Company, to the extent it is as an ordinary shareholder of the Bank or such other subsidiary, would be entitled to receive any distributions from the Bank or such other subsidiary in respect of such ordinary shares.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the relevant Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The relevant Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the relevant Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the relevant Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than the prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the relevant Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

The interest rate on Reset Notes will reset on each Reset Date, which can be expected to affect the interest payment on an investment in Reset Notes and could affect the market value of Reset Notes

Reset Notes will initially bear interest at the Initial Rate of Interest until (but excluding) the First Reset Date. On the First Reset Date and each Subsequent Reset Date (if any) thereafter, the interest rate will be reset to the sum of the applicable Mid-Swap Rate and the First Margin or Subsequent Margin (as applicable) as determined by the Agent Bank on the relevant Reset Determination Date (each such interest rate, a "**Subsequent Reset Rate**"). The Subsequent Reset Rate for any Reset Period could be less than the Initial Rate of Interest or the Subsequent Reset Rate for prior Reset Periods and could affect the market value of an investment in the Reset Notes.

Notes where denominations involve integral multiples

In relation to any issue of Notes which have a denomination consisting of the minimum Specified Denomination plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of that minimum Specified Denomination that are not integral multiples of that minimum Specified Denomination. In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Regulatory action in the event a bank or investment firm in the Group is failing or likely to fail could materially adversely affect the value of the Notes

The EU Bank Recovery and Resolution Directive (the "**BRRD**") provides an EU-wide framework for the recovery and resolution of credit institutions and investment firms, their subsidiaries and certain holding companies. The BRRD requires all EEA member states to provide their relevant resolution authorities with a set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the broader economy and financial system.

In the United Kingdom, the majority of the requirements of the BRRD have been implemented into national law in the Banking Act 2009, as amended (the "**Banking Act**"). The U.K. implementation of the BRRD included the introduction of the bail-in tool as of 1 January 2015. For more information on the bail-in tool, see "*The relevant U.K. resolution authority may exercise the bail-in tool in respect of the relevant Issuer and the Notes, which may result in holders of the Notes losing some or all of their investment*" below. The U.K. has deferred the implementation of the MREL regime, pending, amongst other things, further developments via the Financial Stability Board ("**FSB**") for harmonising key principles for Total Loss-Absorbing Capacity ("**TLAC**") globally. See "*Minimum requirement for own funds and eligible liabilities*" below.

- (i) *The Banking Act confers substantial powers on a number of U.K. authorities designed to enable them to take a range of actions in relation to U.K. banks or investment firms and certain of their affiliates in the event a bank or investment firm in the same group is considered to be failing or likely to fail. The exercise of any of these actions in relation to the relevant Issuer could materially adversely affect the value of any Notes*

Under the Banking Act, substantial powers are granted to the Bank of England (or, in certain circumstances, HM Treasury), in consultation with the PRA, the FCA and HM Treasury, as appropriate as part of a special resolution regime (the "**SRR**"). These powers enable the relevant U.K. resolution authority to implement resolution measures with respect to a U.K. bank or investment firm and certain of its affiliates (including, for example, the Company) (each a "relevant entity") in circumstances in which the relevant U.K. resolution authority is satisfied that the resolution conditions are met. The stabilisation options available to the relevant U.K. resolution authority under the SRR provide for:

- (a) private sector transfer of all or part of the business of the relevant entity;
- (b) transfer of all or part of the business of the relevant entity to a "bridge bank" established by the Bank of England;
- (c) transfer to an asset management vehicle;
- (d) the bail-in tool; and
- (e) temporary public ownership (nationalisation).

Each of these stabilisation options is achieved through the exercise of one or more "stabilisation powers", which include (i) the power to make share transfer orders pursuant to which all or some of the securities issued by a relevant entity may be transferred to a commercial purchaser, a bridge bank or, in the case of certain relevant entities, the U.K. government; (ii) the resolution instrument power which includes the exercise of the bail-in tool; (iii) the power to transfer all or some of the property, rights and liabilities of a relevant entity to a commercial purchaser or Bank of England entity; and (iv) the third country instrument powers that recognise the effect of similar special resolution action taken under the law of a country outside the EEA (a "**third country**"). A share transfer order can extend to a wide range of securities, including shares and bonds issued by a relevant entity and warrants for such shares and bonds and could, therefore, apply to the Notes. In addition, the Banking Act grants powers to modify contractual arrangements in certain circumstances, powers to suspend enforcement or termination rights that

might be invoked as a result of the exercise of the resolution powers and powers for the relevant U.K. resolution authority to disapply or modify laws in the U.K. (with possible retrospective effect) to enable the powers under the Banking Act to be used effectively.

The exercise of any resolution power or any suggestion of any such exercise could materially adversely affect the value of any Notes and could lead to Noteholders losing some or all of the value of their investment in the Notes.

- (ii) *The SRR is designed to be triggered prior to insolvency of the relevant Issuer, and holders of the Notes may not be able to anticipate the exercise of any resolution power by the relevant U.K. resolution authority*

The stabilisation options are intended to be used prior to the point at which any insolvency proceedings with respect to the relevant entity could have been initiated. The purpose of the stabilisation options is to address the situation where all or part of a business of a relevant entity has encountered, or is likely to encounter, financial difficulties, giving rise to wider public interest concerns. Accordingly, the stabilisation options may be exercised if the relevant U.K. resolution authority: (i) is satisfied that a U.K. bank or investment firm is failing, or is likely to fail; (ii) determines that it is not reasonably likely that (ignoring the stabilisation powers) action will be taken by or in respect of a U.K. bank or investment firm that will result in condition (i) above ceasing to be met; (iii) considers the exercise of the stabilisation powers to be necessary, having regard to certain public interest considerations (such as the stability of the U.K. financial system, public confidence in the U.K. banking system and the protection of depositors, being some of the special resolution objectives) and (iv) considers that the special resolution objectives would not be met to the same extent by the winding-up of the U.K. bank or investment firm. In the event that the relevant U.K. resolution authority seeks to exercise its powers in relation to a U.K. banking group company (such as the Company), the relevant U.K. resolution authority has to be satisfied that (A) the conditions set out in (i) to (iv) above are met in respect of a U.K. bank or investment firm in the same banking group (or, in respect of an EEA or third country credit institution or investment firm in the same banking group, the relevant EEA or third country resolution authority is satisfied that the conditions for resolution applicable in its jurisdiction are met) and (B) certain criteria are met, such as the exercise of the powers in relation to such U.K. banking group company being necessary having regard to public interest considerations. The use of different stabilisation powers is also subject to further "specific conditions" that vary according to the relevant stabilisation power being used.

On 26 May 2015, the EBA published its final guidelines on the circumstances in which an institution shall be deemed as 'failing or likely to fail' by supervisors and resolution authorities. These will apply from 1 January 2016. The guidelines set out the objective elements and criteria which should apply when supervisors and resolution authorities make such a determination and further provide guidance on the approach to consultation and exchange of information between supervisors and resolution authorities in such scenarios.

Although the Banking Act provides for the above described conditions to the exercise of any resolution powers and the EBA guidelines mentioned above set out the objective elements for determining whether an institution is failing or likely to fail, it is uncertain how the relevant U.K. resolution authority would assess such conditions in any particular pre-insolvency scenario affecting the relevant Issuer and/or other members of the Group and in deciding whether to exercise a resolution power. The relevant U.K. resolution authority is also not required to provide any advance notice to holders of the Notes of its decision to exercise any resolution power. Therefore, holders of the Notes may not be able to anticipate a potential exercise of any such powers nor the potential effect of any exercise of such powers on the relevant Issuer, the Group and the Notes.

- (iii) *Noteholders may have only very limited rights to challenge the exercise of any resolution powers by the relevant U.K. resolution authority*

Noteholders may have only very limited rights to challenge and/or seek a suspension of any decision of the relevant U.K. resolution authority to exercise its resolution powers or to have that decision reviewed by a judicial or administrative process or otherwise.

- (iv) *The relevant U.K. resolution authority may exercise the bail-in tool in respect of the relevant Issuer and the Notes, which may result in holders of the Notes losing some or all of their investment*

The relevant U.K. resolution authority may exercise the bail-in tool to enable it to recapitalise an institution in resolution by allocating losses to its shareholders and unsecured creditors (which include holders of the Notes) in a manner that (i) reflects the hierarchy of capital instruments under CRD IV and otherwise ought to respect the hierarchy of claims in an ordinary insolvency and (ii) is consistent with shareholders and creditors not receiving a less favourable treatment than they would have received in ordinary insolvency proceedings of the relevant entity (known as the "no creditor worse off" safeguard). Certain liabilities are excluded from the scope of the bail-in tool, such as insured deposits and liabilities to the extent they are secured. The Banking Act also grants the power for the relevant U.K. resolution authority to exclude any liability or class of liabilities on certain prescribed grounds (including financial stability grounds) and subject to specified conditions.

The bail-in tool includes the power to cancel a liability or modify the terms of contracts for the purposes of reducing or deferring the liabilities of the relevant entity under resolution and the power to convert a liability from one form or class to another. The exercise of such powers may result in the cancellation of all, or a portion, of the principal amount of, interest on, or any other amounts payable on, the Notes and/or the conversion of all or a portion of the principal amount of, interest on, or any other amounts payable on, the Notes into shares or other securities or other obligations of the relevant Issuer or another person, including by means of a variation to the terms of the Notes, in each case, to give effect to the exercise by the relevant U.K. resolution authority of such power.

Where the relevant statutory conditions for intervention under the SRR and the use of the bail-in tool have been met, the relevant U.K. resolution authority would be expected to exercise these powers without the consent of the Noteholders.

The exercise of any resolution power, including the power to exercise the bail-in tool in respect of the relevant Issuer and the Notes or any suggestion of any such exercise could materially adversely affect the rights of the Noteholders, the price or value of their investment in the Notes and/or the ability of the relevant Issuer to satisfy its obligations under the Notes and could lead to Noteholders losing some or all of the value of their investment in such Notes. In addition, even in circumstances where a claim for compensation is established under the "no creditor worse off" safeguard in accordance with a valuation performed after the resolution action has been taken, it is unlikely that such compensation would be equivalent to the full losses incurred by the Noteholders in the resolution and there can be no assurance that Noteholders would recover such compensation promptly.

- (v) *As insured deposits are excluded from the scope of the bail-in tool and other preferred deposits (and insured deposits) rank ahead of any Notes issued by the Bank, such Notes would be more likely to be bailed-in than certain other unsubordinated liabilities of the Bank (such as other preferred deposits)*

As part of the reforms required by the BRRD, amendments have been made to relevant legislation in the U.K. (including the U.K. Insolvency Act 1986) to establish in the insolvency hierarchy a statutory preference (i) firstly, for deposits that are insured under the U.K. Financial Services Compensation Scheme ("**insured deposits**") to rank with existing preferred claims as 'ordinary' preferred claims and (ii) secondly, for all other deposits of individuals and micro, small and medium sized enterprises held in EEA or non-EEA branches of an EEA bank ("**other preferred deposits**"), to rank as 'secondary' preferred claims only after the 'ordinary' preferred claims. In addition, the UK implementation of the EU Deposit Guarantee Scheme Directive increased, from July 2015, the nature and quantum of insured deposits to cover a wide range of deposits, including corporate deposits (unless the depositor is a public sector body or financial institution) and some temporary high value deposits. The effect of these changes is to increase the size of the class of preferred creditors. All such preferred deposits will rank in the insolvency hierarchy ahead of all other unsecured senior creditors of the Bank, including the holders of the Notes. Furthermore, insured deposits are excluded from the scope of the bail-in tool. As a result, if the bail-in tool were exercised by the relevant U.K. resolution authority, the Notes would be

more likely to be bailed-in than certain other unsubordinated liabilities of the Bank such as other preferred deposits.

(vi) *Mandatory write-down and conversion of capital instruments may affect the Tier 2 Capital Notes*

In addition, the Banking Act requires the relevant U.K. resolution authority to permanently write-down, or convert into equity, tier 1 capital instruments and tier 2 capital instruments (such as the Tier 2 Capital Notes) at the point of non-viability of the relevant entity and before, or together with, the exercise of any stabilisation power (except in the case where the bail-in tool is to be utilised for other liabilities, in which case such instrument would be written down or converted into equity pursuant to the exercise of the bail-in tool, as described above, rather than the mandatory write-down and conversion power applicable only to capital instruments).

For the purposes of the application of such mandatory write-down and conversion power, the point of non-viability is the point at which the relevant U.K. resolution authority determines that the relevant entity meets the conditions for resolution (but no resolution action has yet been taken) or that the relevant entity will no longer be viable unless the relevant capital instruments are written-down or converted or the relevant entity requires extraordinary public support without which, the relevant U.K. resolution authority determines that, the relevant entity would no longer be viable.

Holders of Tier 2 Capital Notes may be subject to write-down or conversion into equity on application of such powers (without requiring such Noteholders' consent), which may result in such Noteholders losing some or all of their investment. The "no creditor worse off" safeguard would not apply in relation to an application of such powers in circumstances where resolution powers are not also exercised. The exercise of such mandatory write-down and conversion power under the Banking Act or any suggestion of such exercise could, therefore, materially adversely affect the rights of Holders of Tier 2 Capital Notes, the price or value of their investment in the Tier 2 Capital Notes and/or the ability of the relevant Issuer to satisfy its obligations under the Notes.

(vii) *Minimum requirement for own funds and eligible liabilities*

To support the effectiveness of bail-in and other resolution tools, the BRRD requires that all institutions must meet an individual MREL requirement, calculated as a percentage of total liabilities and own funds and set by the relevant resolution authorities. Items eligible for inclusion in MREL will include an institution's own funds, along with "eligible liabilities". The U.K. has opted to defer until 1 January 2016 the implementation of the MREL regime and the Bank of England is required use its power of direction under section 3A(4) of the Banking Act to implement the MREL requirement by that date. Such direction will need to take into account the regulatory technical standards developed by the EBA and will be accompanied by a statement of policy.

Although the EBA has published the final draft regulatory technical standards on the criteria for determining MREL under the BRRD, the precise impact of the MREL requirements on individual firms in the U.K. will remain a matter of some uncertainty until the final measures are adopted. In addition, while the EBA has stated that it expects such regulatory technical standards to be broadly compatible with the proposals published in November 2014 by the FSB for a new international standard on TLAC for globally systemically important banks ("**G-SIBs**") (including Barclays, based on the latest FSB list of G-SIBs published in November 2014), it remains unclear whether such proposals will affect the way in which the authorities implement the MREL regime.

Until these measures are finally applied to the Issuers and the Group, it is not possible to determine the ultimate scope and nature of any resulting obligations for the Issuers or the Group, nor the impact that they will have on the Issuers or the Group once implemented. If the FSB's and EBA's proposals are implemented in their current form however, it is possible that, the Issuers and/or other members of the Group may have to issue MREL eligible liabilities in order to meet the new requirements within the required timeframes and/or alter the quantity and type of internal capital and funding arrangements within the Group. During periods of market dislocation, or when there is significant competition for the type of funding that the Group needs, a requirement to increase the Group's MREL eligible liabilities in order to meet MREL targets may prove more

difficult and/or costly. More generally, these proposals could increase the Group's costs and may lead to asset sales and/or other balance sheet reductions. The effects of these proposals could all adversely impact the results of operations, financial condition and prospects of the Group and, in turn, adversely affect the value of the Notes.

A downgrade of the rating assigned by any credit rating agency to the relevant Issuer or, if applicable, to the Notes could adversely affect the liquidity or market value of the Notes. Ratings downgrades could occur as a result of, among other causes, changes in the ratings methodologies used by credit rating agencies. Changes in credit rating agencies' views of the level of implicit sovereign support for European banks and their groups are likely to lead to ratings downgrades

Tranches of Notes issued under the Programme may be rated by credit rating agencies and may in the future be rated by additional credit rating agencies, although the Issuers are under no obligation to ensure that any Notes issued by them under the Programme are rated by any credit rating agency. Credit ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed in these Risk Factors and other factors that may affect the liquidity or market value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the credit rating agency at any time.

Any rating assigned to the relevant Issuer and/or, if applicable, the Notes may be withdrawn entirely by a credit rating agency, may be suspended or may be lowered, if, in that credit rating agency's judgment, circumstances relating to the basis of the rating so warrant. Ratings may be impacted by a number of factors which can change over time, including the credit rating agency's assessment of: the relevant issuer's strategy and management's capability; the relevant issuer's financial condition including in respect of capital, funding and liquidity; competitive and economic conditions in the relevant issuer's key markets; the level of political support for the industries in which the relevant issuer operates; and legal and regulatory frameworks affecting the relevant issuer's legal structure, business activities and the rights of its creditors. The credit rating agencies may also revise the ratings methodologies applicable to issuers within a particular industry or political or economic region. If credit rating agencies perceive there to be adverse changes in the factors affecting an issuer's credit rating, including by virtue of changes to applicable ratings methodologies, the credit rating agencies may downgrade, suspend or withdraw the ratings assigned to an issuer and/or its securities. In particular, Moody's Investors Service Ltd. ("**Moody's**"), Standard & Poor's Credit Market Services Europe Limited ("**Standard & Poor's**") and Fitch Ratings Limited ("**Fitch**") each published revised methodologies applicable to bank ratings (including the Company and the Bank) during 2015 which resulted in credit rating actions being taken on the Company's ratings and the Bank's ratings. Further revisions to ratings methodologies and actions on the Company's ratings or the Bank's ratings by the credit rating agencies may occur in the future.

If the relevant Issuer determines to no longer maintain one or more ratings, or if any credit rating agency withdraws, suspends or downgrades the credit ratings of the relevant Issuer or the Notes, or if such a withdrawal, suspension or downgrade is anticipated (or any credit rating agency places the credit ratings of the relevant Issuer or, if applicable, the Notes on "credit watch" status in contemplation of a downgrade, suspension or withdrawal), whether as a result of the factors described above or otherwise, such event could adversely affect the liquidity or market value of the Notes (whether or not the Notes had an assigned rating prior to such event).

Modification, waivers and substitution

The Conditions contain provisions for calling meetings of Noteholders to consider matters affecting interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Conditions also provide that the Trustee may, without the consent of the Noteholders, agree to (i) any modification of, or waiver or authorisation of any breach or proposed breach of, any of the Conditions which, in each case, in the opinion of the Trustee is not materially prejudicial to the interest of the Noteholders or, in the case of a modification, in the opinion of the Trustee is of a formal, minor or technical nature or to correct a manifest error (except that the provisions relating to the Tier 2 Capital Notes shall only be capable of modification, waiver or substitution if such modification, waiver or substitution is in accordance with all other rules and requirements of the PRA applicable from time to time); or (ii) determine without the consent of the Noteholders that any Event of Default or Potential

Event of Default (as defined in the Trust Deed) shall not be treated as such; or (iii) the substitution of any Subsidiary of the Company, or in the case of the Bank, of any other Subsidiary of the Bank as principal debtor under any Notes in place of the relevant Issuer, in the circumstances described in Condition 19 (*Meetings of Noteholders; Modification and Waiver; Substitution*) of the Conditions.

Change of law

The Conditions are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes.

In certain circumstances payments on or with respect to the Notes may be subject to U.S. withholding tax under FATCA

The Hiring Incentives to Restore Employment Act was signed into US law on 18 March 2010 and includes Foreign Account Tax Compliance Act provisions generally known as "FATCA".

FATCA aims to prevent US tax evasion by requiring foreign (non-US) financial institutions to comply with FATCA and report to the US Internal Revenue Service information on financial accounts held outside the United States by certain US investors (both individuals and entities), US-owned non-US investors and non-US financial institutions.

Non-US financial institutions that do not comply with the FATCA regime are subject to a US tax withholding of 30 per cent. on US source income (including interest and dividends). Beginning from 1 January 2017, the 30 per cent. withholding tax is extended to include the gross proceeds of sales of certain US assets that can produce US source income.

The United States has entered into Intergovernmental Agreements ("**IGA**") with other jurisdictions to ease the implementation of FATCA, and financial institutions in those Intergovernmental Agreement jurisdictions will be required to comply with FATCA under local law.

Under the UK / US IGA, which was agreed on 12 September 2012, the Issuers are not required to subject non-US source payments made on or with respect to the Notes to withholding under FATCA. An investor should be aware that if any payments in relation to a Note were subject to withholding or deduction under FATCA, the Issuers would not have an obligation to pay any additional amounts in relation to such withholding or deduction in accordance with Condition 14 (*Taxation*) of the Notes. Prospective investors should consult their own tax advisers regarding the potential impact of FATCA.

EU Savings Tax Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income ("**EU Savings Directive**"), each EU Member State ("**EU Member State**") is required to provide to the tax authorities of another EU Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in that other EU Member State; however, for a transitional period, Austria may instead apply a withholding system in relation to such payments, deducting tax at a rate of 35 per cent. (subject to a procedure whereby on meeting certain conditions the beneficial owner of the interest or other income may request that no tax be withheld) unless during such period it elects otherwise. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

A number of non-EU countries including Switzerland, and certain dependent or associated territories of certain EU Member States, have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in an EU Member State. In addition, the EU Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in an EU Member State to, or collected by such a person for, an individual resident or certain limited types of entity established in one of those territories.

The Council of the European Union formally adopted a Council Directive amending the EU Savings Directive on 24 March 2014 (the "**Amending Directive**"). The Amending Directive broadens the scope

of the requirements described in the first paragraph above. EU Member States have until 1 January 2016 to adopt the national legislation necessary to comply with the Amending Directive (which national legislation must apply from 1 January 2017). The changes made under the Amending Directive include extending the scope of the EU Savings Directive to payments made to, or collected for, certain other entities and legal arrangements. They also broaden the definition of "interest payment" to cover income that is equivalent to interest.

However, the European Commission has proposed the repeal of the EU Savings Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other EU Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). This is to prevent overlap between the EU Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU). The proposal also provides that, if it proceeds, EU Member States will not be required to apply the new requirements of the Amending Directive.

Investors who are in any doubt as to their position should consult their professional advisers.

Where a deduction or withholding is imposed on a payment to an individual as described above pursuant to the EU Savings Directive or any law implementing or complying with, or introduced in order to conform to the EU Savings Directive, the relevant Issuer is under no obligation to pay additional amounts to ensure that the net amounts received by the Noteholder after such deduction or withholding are equal to the amounts which would have been receivable in the absence of such deduction or withholding.

The relevant Issuer will, however, ensure that at all times it maintains a paying agent in an EU Member State that will not be obliged to withhold or deduct tax pursuant to the EU Savings Directive or any law implementing or complying with, or introduced to conform to, the EU Savings Directive.

Risks relating to Notes denominated in Renminbi

Notes denominated in Renminbi ("**Renminbi Notes**") may be issued under the Programme. A description of risks which may be relevant to an investor in Renminbi Notes are set out below.

Renminbi is not freely convertible and there are significant restrictions on the remittance of Renminbi into and out of the PRC which may adversely affect the liquidity of Renminbi Notes

Renminbi is not freely convertible at present. The government of the PRC (the "**PRC Government**") continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar.

There has been significant reduction in control by the PRC Government in recent years, particularly over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

However, remittance of Renminbi by foreign investors into the PRC for the settlement of capital account items, such as capital contributions, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into the PRC for settlement of capital account items are being developed.

There is no assurance that the PRC Government will continue to gradually liberalise control over cross-border remittance of Renminbi in the future, that the schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or out of the PRC. In the event that funds cannot be repatriated out of the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the relevant Issuer to source Renminbi to finance its obligations under Notes denominated in Renminbi.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the Renminbi Notes and the relevant Issuer's ability to source Renminbi outside the PRC to service Renminbi Notes

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited.

While the People's Bank of China ("**PBoC**") has entered into agreements on the clearing of Renminbi business with financial institutions in a number of financial centres and cities (the "**Renminbi Clearing Banks**") and are in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions (the "**Settlement Arrangements**"), the current size of Renminbi denominated financial assets outside the PRC is limited.

There are restrictions imposed by PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from PBoC. The Renminbi Clearing Banks only have access to onshore liquidity support from PBoC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In such cases, the participating banks will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Arrangements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the Renminbi Notes. To the extent the relevant Issuer is required to source Renminbi in the offshore market to service the Renminbi Notes, there is no assurance that such Issuer will be able to source such Renminbi on satisfactory terms, if at all.

Investment in the Renminbi Notes is subject to exchange rate risks

The value of Renminbi against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. The relevant Issuer will make all payments of interest and principal with respect to the Renminbi Notes in Renminbi unless otherwise specified. As a result, the value of these Renminbi payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against another foreign currency, the value of the investment made by a holder of the Renminbi Notes in that foreign currency will decline.

Investment in the Renminbi Notes is subject to currency risk

If the relevant Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay interest and principal on the Renminbi Notes as a result of Inconvertibility, Non-transferability or Illiquidity (each, as defined in the Conditions), such Issuer shall be entitled, on giving not less than eight Business Days or more than 30 Business Days' irrevocable notice to the investors prior to the due date for payment, to settle any such payment in U.S. Dollars on the due date at the U.S. Dollar Equivalent (as defined in the Conditions) of any such interest or principal, as the case may be.

Investment in the Renminbi Notes is subject to interest rate risks

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. In addition, the interest rate for Renminbi in markets outside the PRC may significantly deviate from the interest rate for Renminbi in the PRC as a result of foreign exchange controls imposed by PRC law and regulations and prevailing market conditions.

As Renminbi Notes may carry a fixed interest rate, the trading price of the Renminbi Notes will consequently vary with the fluctuations in the Renminbi interest rates. If holders of the Renminbi Notes propose to sell their Renminbi Notes before their maturity, they may receive an offer lower than the amount they have invested.

Payments with respect to the Renminbi Notes may be made only in the manner designated in the Renminbi Notes

All payments to investors in respect of the Renminbi Notes will be made solely (i) for so long as the Renminbi Notes are represented by global certificates held with the common depositary or common safekeeper, as the case may be, for Clearstream, Luxembourg and Euroclear or any alternative clearing system, by transfer to a Renminbi bank account maintained in Hong Kong or a financial centre in which a Renminbi Clearing Bank clears and settles Renminbi, if so specified in the Final Terms (ii) for so long as the Renminbi Notes are represented by global certificates lodged with a sub-custodian for or registered with the CMU Service, by transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing CMU rules and procedures or (iii) for so long as the Renminbi Notes are in definitive form, by transfer to a Renminbi bank account maintained in Hong Kong or a financial centre in which a Renminbi Clearing Bank clears and settles Renminbi, if so specified in the Final Terms in accordance with prevailing rules and regulations. The relevant Issuer cannot be required to make payment by any other means (including in any other currency or by transfer to a bank account in the PRC).

Gains on the transfer of the Renminbi Notes may become subject to income taxes under PRC tax laws

Under the PRC Enterprise Income Tax Law, the PRC Individual Income Tax Law and the relevant implementing rules, as amended from time to time, any gain realised on the transfer of Renminbi Notes by non-PRC resident enterprise or individual Holders may be subject to PRC enterprise income tax ("EIT") or PRC individual income tax ("IIT") if such gain is regarded as income derived from sources within the PRC. The PRC Enterprise Income Tax Law levies EIT at the rate of 20 per cent. of the gains derived by such non-PRC resident enterprise or individual Holder from the transfer of Renminbi Notes but its implementation rules have reduced the enterprise income tax rate to 10 per cent. The PRC Individual Income Tax Law levies IIT at a rate of 20 per cent. of the gains derived by such non-PRC resident or individual Holder from the transfer of Renminbi Notes.

However, uncertainty remains as to whether the gain realised from the transfer of Renminbi Notes by non-PRC resident enterprise or individual Holders would be treated as income derived from sources within the PRC and become subject to the EIT or IIT. This will depend on how the PRC tax authorities interpret, apply or enforce the PRC Enterprise Income Tax Law, the PRC Individual Income Tax Law and the relevant implementing rules. According to the arrangement between the PRC and Hong Kong, for avoidance of double taxation, Holders who are residents of Hong Kong, including enterprise Holders and individual Holders, will not be subject to EIT or IIT on capital gains derived from a sale or exchange of the Renminbi Notes.

Therefore, if non-PRC enterprise or individual resident Holders are required to pay PRC income tax on gains derived from the transfer of Renminbi Notes, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-PRC enterprise or individual resident holders of Renminbi Notes reside that reduces or exempts the relevant EIT or IIT, the value of their investment in Renminbi Notes may be materially and adversely affected.

Remittance of proceeds in Renminbi into or out of the PRC

In the event that the Issuers decide to remit some or all of the proceeds into the PRC in Renminbi, their ability to do so will be subject to obtaining all necessary approvals from, and/or registration or filing with, the relevant PRC government authorities. However, there is no assurance that the necessary approvals from, and/or registration or filing with, the relevant PRC government authorities will be obtained at all or, if obtained, they will not be revoked or amended in the future.

There is no assurance that the PRC Government will continue to gradually liberalise the control over cross-border Renminbi remittances in the future, that the pilot schemes introduced will not be discontinued or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that the relevant Issuer does remit some or all of the proceeds into the PRC in Renminbi and the relevant Issuer subsequently is not able to repatriate funds out of the PRC in Renminbi, it will need to source Renminbi outside the PRC to finance its obligations under the Renminbi Notes, and its ability to do so will be subject to the overall availability of Renminbi outside the PRC.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

There is no active trading market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there is currently no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the relevant Issuer. Although application has been made for the Notes issued under the Programme to be admitted to trading on the London Stock Exchange, if so specified in the relevant Final Terms, there is no assurance that such application will be accepted, that any particular Tranche of Notes will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

The trading market for debt securities may be volatile and may be adversely impacted by many events

The market for debt securities issued by the Issuers is influenced by economic, political and market conditions and, to varying degrees, market conditions, interest rates, currency exchange rates and inflation rates. There can be no assurance that events in the United Kingdom or elsewhere will not cause market volatility or that such volatility will not adversely affect the price of Notes or that economic and market conditions will not have any other adverse effect.

Investors to rely on the procedures of Euroclear, Clearstream, Luxembourg, the CMU Service and DTC for transfer, payment and communication with the Issuers

Notes issued under the Programme may be represented by one or more Global Notes or Global Certificates which may be deposited with a common depository for Euroclear and Clearstream Luxembourg, with DTC or lodged with the CMU Service (each of Euroclear, Clearstream, Luxembourg, DTC and the CMU Service, a "**Clearing System**"). If the Global Notes are NGN or if the Unrestricted Global Certificates are to be held under the NSS, they will be deposited with a common safekeeper for Euroclear and Clearstream, Luxembourg and, in the case of Restricted Global Certificates will be deposited with a custodian for and registered in the name of a nominee of DTC. Except in the circumstances described in the relevant Global Note or Global Certificate, investors will not be entitled to receive definitive Notes. The relevant Clearing System will maintain records of the beneficial interests in the Global Notes or, as the case may be, Global Certificates. While the Notes are represented by one or more Global Notes, or as the case may be, Global Certificates, investors will be able to trade their beneficial interests only through the relevant Clearing System or, in the case of Restricted Global Certificates, DTC.

While the Notes are represented by one or more Global Notes or, as the case may be, Global Certificates, the Issuers will discharge their payment obligations under the Notes by making payments to the common depository or, for Global Notes that are NGN and Global Certificates to be held under the NSS, the common safekeeper for Euroclear and Clearstream, Luxembourg or, as appropriate, the Custodian for DTC, for distribution to their account holders or in the case of Notes to be cleared through the CMU Service to the person for whose account(s) interests in such Global Notes or Global Certificates are credited as being held by the CMU Service in accordance with the CMU Rules as notified by the CMU Service to the CMU Lodging and Paying Agent in a relevant CMU instrument report or any other notification by the CMU Service. A holder of a beneficial interest in a Global Note or Unrestricted Global Certificate must rely on the procedures of the relevant Clearing System or, in the case of Restricted Global Certificates, DTC, to receive payments under the relevant Notes. The Issuers have no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes or Restricted Global Certificates.

Holders of beneficial interests in the Global Notes or Global Certificates will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant Clearing System to appoint appropriate proxies.

Exchange rate risks and exchange controls

The Issuers will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that the subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to an issue of Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Any information contained in any of the documents specified above which is not incorporated by reference in this Base Prospectus is either not relevant for prospective investors for the purposes of Article 5(1) of the Prospectus Directive or is covered elsewhere in this Base Prospectus.

Each of the Company and the Bank has applied IFRS/IAS as issued by the International Accounting Standards Board and as adopted by the European Union ("EU") in the financial statements incorporated by reference above. A summary of the significant accounting policies for each of the Company and the Bank is included in each of the Joint Annual Report, the 2013 Bank Annual Report and the 2014 Bank Annual Report.

FINAL TERMS AND DRAWDOWN PROSPECTUSES

In this section the expression "necessary information" means, in relation to any Tranche of Notes, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Company and the Bank and of the rights attaching to the Notes. In relation to the different types of Notes which may be issued under the Programme, the Company and the Bank have included in this Base Prospectus all of the necessary information except for information relating to the Notes which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained either in the relevant Final Terms or in a Drawdown Prospectus.

For a Tranche of Notes which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, supplement this Base Prospectus and must be read in conjunction with this Base Prospectus. The terms and conditions applicable to any particular Tranche of Notes which is the subject of Final Terms are the Conditions described in the relevant Final Terms as supplemented to the extent described in the relevant Final Terms.

The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Drawdown Prospectus will be the Conditions as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Each Drawdown Prospectus will be constituted either (1) by a single document containing the necessary information relating to the Company and/or the Bank and the relevant Notes or (2) by a registration document (the "**Registration Document**") containing the necessary information relating to the Company and/or the Bank and a securities note (the "**Securities Note**") containing the necessary information relating to the relevant Notes.

FORMS OF THE NOTES

Bearer Notes

Each Tranche of Notes in bearer form ("**Bearer Notes**") will initially be in the form of either a temporary global note in bearer form (the "**Temporary Global Note**"), without interest coupons, or a permanent global note in bearer form (the "**Permanent Global Note**"), without interest coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a "**Global Note**") which is not intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or a sub-custodian for the CMU Service and/or any other relevant clearing system and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006, the European Central Bank (the "**ECB**") announced that Notes in NGN form are in compliance with the "*Standards for the use of EU securities settlement systems in ESCB credit operations*" of the central banking system for the euro (the "**Eurosystem**"), provided that certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg from 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

In the case of each Tranche of Bearer Notes, the relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (or a successor provision) (the "**TEFRA C Rules**") or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (or a successor provision) (the "**TEFRA D Rules**") are applicable in relation to the Notes or that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for a Permanent Global Note", then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuers shall procure (in the case of first exchange) the delivery (free of charge to the bearer) of a Permanent Global Note, duly authenticated and, in the case of a NGN, effectuated, to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) presentation and surrender of the Temporary Global Note to or to the order of the Principal Paying Agent; and
- (ii) receipt by the Principal Paying Agent of a certificate or certificates of non-U.S. beneficial ownership,

within 7 days of the bearer requesting such exchange. In the case of the CMU Service, no such exchange will be effected until all relevant account holders (as set out in a CMU Instrument Position Report) (as defined in the rules of the CMU Service) or any other relevant notification supplied to the CMU Lodging and Paying Agent by the CMU Service have provided certification of non-U.S. beneficial ownership.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA

C Rules nor the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole but not in part, for Bearer Notes in definitive form ("**Definitive Notes**") not earlier than 40 days after the issue date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

In relation to any Notes issued with a denomination of EUR100,000 (or equivalent) and integral multiples of EUR1,000 (or equivalent), the Temporary Global Note representing such Notes shall only be exchangeable for Definitive Notes in the limited circumstances described above.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuers shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to (or to the order of) the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Principal Paying Agent or the CMU Lodging and Paying Agent (as the case may be) within 30 days of the bearer requesting such exchange.

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Permanent Global Note exchangeable for Definitive Notes", then the Notes will initially be in the form of a Permanent Global Note which will be exchangeable in whole, but not in part, for Definitive Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then if either of the following events occurs:
 - (a) Euroclear, Clearstream, Luxembourg, the CMU Service or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business;
 - (b) any of the circumstances described in Condition 15 (*Events of Default*) occurs;
- (iv) if the Trustee is satisfied that, on the occasion of the next payment due in respect of the Notes of the relevant Series, the relevant Issuer or any of the Paying Agents would be required to make any deduction or withholding from any payment in respect of such Notes which would not be required were such Notes in definitive form.

In relation to any Notes issued with a denomination of EUR100,000 (or equivalent) and integral multiples of EUR1,000 (or equivalent), the Permanent Global Note representing such Notes shall only be exchangeable for Definitive Notes in the limited circumstances described above.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to (or to the order of) the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Principal Paying Agent or the CMU Lodging and Paying Agent (as the case may be) within 30 days of the bearer requesting such exchange.

Terms and Conditions applicable to the Bearer Notes

The terms and conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the terms and conditions set out under "*Terms and Conditions of the Notes*" below and the provisions of the relevant Final Terms which supplement, amend and/or replace those terms and conditions.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "*Summary of Provisions Relating to the Notes while in Global Form*" below.

Legend concerning United States persons

In the case of any Tranche of Bearer Notes having a maturity of more than 365 days, the Notes in global form, the Notes in definitive form and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code."

Registered Notes

Each Tranche of Notes in registered form ("**Registered Notes**") will be represented by either:

- (i) individual note certificates in registered form ("**Individual Certificates**"); or
- (ii) one or more unrestricted global note certificates ("**Unrestricted Global Certificate(s)**") in the case of Registered Notes sold outside the United States to non-U.S. persons in reliance on Regulation S ("**Unrestricted Registered Notes**") and/or one or more restricted global note certificates ("**Restricted Global Certificate(s)**") in the case of Registered Notes sold to QIBs in reliance on Rule 144A ("**Restricted Registered Notes**"),

in each case as specified in the relevant Final Terms. A certificate ("**Certificate**") will be issued to each Holder of Registered Notes in respect of its registered holding. References in this Base Prospectus to "**Global Certificates**" shall be construed as a reference to Unrestricted Global Certificates and/or Restricted Global Certificates.

In a press release dated 22 October 2008, "*Evolution of the custody arrangement for international debt securities and their eligibility in Eurosystem credit operations*", the ECB announced that it has assessed the new holding structure and custody arrangements for registered notes which the ICSDs had designed in cooperation with market participants and that Notes to be held under the NSS would be in compliance with the "*Standards for the use of EU securities settlement systems in ESCB credit operations*" of the Eurosystem, subject to the conclusion of the necessary legal and contractual arrangements. The press release also stated that the new arrangements for Notes to be held in NSS form will be offered by Euroclear and Clearstream, Luxembourg from 30 June 2010 and that registered debt securities in global registered form issued through Euroclear and Clearstream, Luxembourg after 30 September 2010 will only be eligible as collateral in Eurosystem operations if the NSS is used.

Each Note represented by an Unrestricted Global Certificate will either be: (a) in the case of a Certificate which is not to be held under the NSS, registered in the name of a common depository (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or the HKMA in its capacity as operator of the CMU Service and/or any other relevant clearing system and the relevant Unrestricted Global Certificate will be deposited on or about the issue date with the common depository or a sub-custodian for the CMU Service; or (b) in the case of a Certificate to be held under the NSS, be registered in the name of a common safekeeper (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Unrestricted Global Certificate will be deposited on or about the issue date with the common safekeeper for Euroclear and/or Clearstream, Luxembourg.

Each Note represented by a Restricted Global Certificate will be registered in the name of Cede & Co. (or such other entity as is specified in the applicable Final Terms) as nominee for DTC and the relevant Restricted Global Certificate will be deposited on or about the issue date with the custodian for DTC (the

"DTC Custodian"). Beneficial interests in Notes represented by a Restricted Global Certificate may only be held through DTC at any time.

If the relevant Final Terms specifies the form of Notes as being "Individual Certificates", then the Notes will at all times be represented by Individual Certificates issued to each Noteholder in respect of their respective holdings.

Global Certificate exchangeable for Individual Certificates

If the relevant Final Terms specifies the form of Notes as being "Global Certificate exchangeable for Individual Certificates", then the Notes will initially be represented by one or more Global Certificates each of which will be exchangeable in whole, but not in part, for Individual Certificates:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies "in the limited circumstances described in the Global Certificate", then:
 - (a) in the case of any Global Certificate held by or on behalf of DTC, if DTC notifies the Issuers that it is no longer willing or able to discharge properly its responsibilities as depository with respect to the Global Certificate or DTC ceases to be a "clearing agency" registered under the Exchange Act or if at any time DTC is no longer eligible to act as such, and the relevant Issuer is unable to locate a qualified successor within 90 days of receiving notice or becoming aware of such ineligibility on the part of DTC;
 - (b) in the case of any Unrestricted Global Certificate, if Euroclear, Clearstream, Luxembourg, the CMU Service or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business;
 - (c) in any case, if any of the circumstances described in Condition 15 (*Events of Default*) occurs; or
 - (d) if the Trustee is satisfied that, on the occasion of the next payment due in respect of the notes of the relevant Series, the relevant Issuer or any of the Paying Agents would be required to make any deduction or withholding from any payment in respect of such Notes which would not be required were such Notes in definitive form.

Whenever a Global Certificate is to be exchanged for Individual Certificates, each person having an interest in a Global Certificate must provide the relevant Registrar (through the relevant clearing system) with such information as the relevant Issuer and the relevant Registrar may require to complete and deliver Individual Certificates (including the name and address of each person in which the Notes represented by the Individual Certificates are to be registered and the principal amount of each such person's holding). In addition, whenever a Restricted Global Certificate is to be exchanged for Individual Certificates, each person having an interest in the Restricted Global Certificate must provide the relevant Registrar (through the relevant clearing system) with a certificate given by or on behalf of the holder of each beneficial interest in the Restricted Global Certificate stating either (i) that such holder is not transferring its interest at the time of such exchange; or (ii) that the transfer or exchange of such interest has been made in compliance with the transfer restrictions applicable to the Notes and that the person transferring such interest reasonably believes that the person acquiring such interest is a QIB and is obtaining such beneficial interest in a transaction meeting the requirements of Rule 144A. Individual Certificates issued in exchange for interests in the Restricted Global Certificate will bear the legends and be subject to the transfer restrictions set out under "*Transfer Restrictions*".

Whenever a Global Certificate is to be exchanged for Individual Certificates, the relevant Issuer shall procure that Individual Certificates will be issued in an aggregate principal amount equal to the principal amount of the Global Certificate within five business days of the delivery, by or on behalf of the registered holder of the Global Certificate to the relevant Registrar of such information as is required to complete and deliver such Individual Certificates against the surrender of the Global Certificate at the specified office of the relevant Registrar.

Such exchange will be effected in accordance with the provisions of the Trust Deed and the Agency Agreement and the regulations concerning the transfer and registration of Notes scheduled to the Agency Agreement and, in particular, shall be effected without charge to any holder, but against such indemnity as the relevant Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

Terms and Conditions applicable to the Registered Notes

The terms and conditions applicable to any Individual Certificate will be endorsed on that Individual Certificate and will consist of the terms and conditions set out under "*Terms and Conditions of the Notes*" below and the provisions of the relevant Final Terms which supplement, amend and/or replace those terms and conditions.

The terms and conditions applicable to any Global Certificate will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "*Summary of Provisions Relating to the Notes while in Global Form*" below.

CMU Service

The CMU Service is a central depository service provided by the Central Moneymarkets Unit of the HKMA for the safe custody and electronic trading between the members of this service ("**CMU Members**") of capital markets instruments ("**CMU Instruments**") which are specified in the CMU Reference Manual as capable of being held within the CMU Service.

The CMU Service is only available to CMU Instruments issued by a CMU Member or by a person for whom a CMU Member acts as agent for the purposes of lodging instruments issued by such persons. Membership of the CMU Service is open to all members of the Hong Kong Capital Markets Association and "authorised institutions" under the Banking Ordinance (Cap. 155) of Hong Kong.

Compared to clearing services provided by Euroclear and Clearstream, Luxembourg, the standard custody and clearing service provided by the CMU Service is limited. In particular (and unlike the European Clearing Systems), the HKMA does not as part of this service provide any facilities for the dissemination to the relevant CMU Members of payments (of interest or principal) under, or notices pursuant to the notice provisions of, the CMU Instruments. Instead, the HKMA advises the lodging CMU Member (or a designated paying agent) of the identities of the CMU Members to whose accounts payments in respect of the relevant CMU Instruments are credited, whereupon the lodging CMU Member (or the designated paying agent) will make the necessary payments of interest or principal or send notices directly to the relevant CMU Members. Similarly, the HKMA will not obtain certificates of non U.S. beneficial ownership from CMU Members or provide any such certificates on behalf of CMU Members. The CMU Lodging and Paying Agent will collect such certificates from the relevant CMU Members identified from an instrument position report obtained by request from the HKMA for this purpose.

An investor holding an interest through an account with either Euroclear or Clearstream, Luxembourg in any Notes held in the CMU Service will hold that interest through the respective accounts which Euroclear and Clearstream, Luxembourg each have with the CMU Service.

Summary of Provisions relating to the Notes while in Global Form

Clearing System Accountholders

In relation to any Tranche of Notes represented by a Global Note, references in the Conditions to "**Noteholder**" are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depository or a common depository and/or a sub-custodian for the CMU Service, in the case of a CGN, or a common safekeeper, in the case of an NGN for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depository, common depository, sub-custodian or, as the case may be, common safekeeper.

In relation to any Tranche of Notes represented by one or more Global Certificates, references in the Conditions to "Noteholder" are references to the person in whose name the relevant Global Certificate is for the time being registered in the Register which (a) in the case of a Restricted Global Certificate held by or on behalf of DTC, will be Cede & Co. (or such other entity as is specified in the applicable Final Terms) as nominee for DTC; and (b) in the case of any Unrestricted Global Certificate which is held by or

on behalf of a depository or a common depository or a common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or a sub-custodian for the CMU Service and/or any other relevant clearing system, will be that depository or sub-custodian or common depository or common safekeeper or a nominee for that depository or common depository or sub-custodian or common safekeeper, as the case may be.

Each of the persons shown in the records of DTC, Euroclear, Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note or a Global Certificate (each an "**Accountholder**") must look solely to DTC, Euroclear, Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the relevant Issuer to the holder of such Global Note or Global Certificate and in relation to all other rights arising under such Global Note or Global Certificate. The extent to which, and the manner in which, Accountholders may exercise any rights arising under a Global Note or Global Certificate will be determined by the respective rules and procedures of DTC, Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by a Global Note or Global Certificate, Accountholders shall have no claim directly against the relevant Issuer in respect of payments due under the Notes and such obligations of the relevant Issuer will be discharged by payment to the holder of such Global Note or Global Certificate.

If a Global Note or a Global Certificate is lodged with a sub-custodian for the CMU Service or registered with the HKMA in its capacity as operator of the CMU Service, the person(s) for whose account(s) interests in such Global Note or Global Certificate are credited as being held in the CMU Service in accordance with the CMU Rules as notified by the CMU Service to the CMU Lodging and Paying Agent in a relevant CMU Instrument Position Report or any other relevant notification by the CMU Service (which notification, in either case, shall be conclusive evidence of the records of the CMU Service save in the case of manifest error) shall be the only person(s) entitled or in the case of Registered Notes, directed by the registered holder as entitled on its behalf to receive payments in respect of Notes represented by such Global Note or Global Certificate and the relevant Issuer will be discharged by payment to, or to the order of, such person(s) for whose account(s) interests in such Global Note or Global Certificate are credited as being held in the CMU Service in respect of each amount so paid. Each of the persons shown in the records of the CMU Service, as the beneficial holder of a particular nominal amount of Notes represented by such Global Note or Global Certificate must look solely to the CMU Lodging and Paying Agent for his share of each payment so made by the relevant Issuer in respect of such Global Note or Global Certificate.

Transfers of Interests in Global Notes and Global Certificates

Transfers of interests in Global Notes and Global Certificates within DTC, Euroclear and Clearstream, Luxembourg, the CMU Service or any other relevant clearing system will be in accordance with their respective rules and operating procedures. None of the Company, the Bank, the Trustee, the Registrars, the Dealers or the Agents will have any responsibility or liability for any aspect of the records of any of DTC, Euroclear and Clearstream, Luxembourg, the CMU Service or any other relevant clearing system or any of their respective participants relating to payments made on account of beneficial ownership interests in a Global Note or Global Certificate or for maintaining, supervising or reviewing any of the records of DTC, Euroclear and Clearstream, Luxembourg, the CMU Service or any other relevant clearing system or the records of their respective participants relating to such beneficial ownership interests.

The laws of some states of the United States require that certain persons receive individual certificates in respect of their holdings of Notes. Consequently, the ability to transfer interests in a Global Certificate to such persons will be limited. Because clearing systems only act on behalf of participants, who in turn act on behalf of indirect participants, the ability of a person having an interest in a Global Certificate to pledge such interest to persons or entities which do not participate in the relevant clearing systems, or otherwise take actions in respect of such interest, may be affected by the lack of an Individual Certificate representing such interest.

Subject to compliance with the transfer restrictions applicable to the Registered Notes described under "*Transfer Restrictions*", transfers between DTC participants, on the one hand, and Euroclear or Clearstream, Luxembourg accountholders, on the other will be effected by the relevant clearing systems in accordance with their respective rules and through action taken by the DTC Custodian, the relevant Registrar and the Principal Paying Agent.

On or after the issue date for any Series, transfers of Notes of such Series between accountholders in Euroclear and/or Clearstream, Luxembourg and transfers of Notes of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Transfers between DTC participants, on the one hand, and Euroclear or Clearstream, Luxembourg accountholders, on the other, will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Euroclear and Clearstream, Luxembourg, on the other, transfers of interests in the relevant Global Certificates will be effected through the Principal Paying Agent, the DTC Custodian, the relevant Registrar and any applicable Transfer Agent receiving instructions (and where appropriate certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. Transfers will be effected on the later of (i) three business days after the trade date for the disposal of the interest in the relevant Global Certificate resulting in such transfer; and (ii) two business days after receipt by the Principal Paying Agent or the relevant Registrar, as the case may be, of the necessary certification or information to effect such transfer. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately. The customary arrangements for delivery versus payment between Euroclear and Clearstream, Luxembourg account holders or between DTC participants are not affected.

For a further description of restrictions on the transfer of Notes, see "*Subscription and Sale*" and "*Transfer Restrictions*".

Upon the issue of a Restricted Global Certificate to be held by or on behalf of DTC, DTC or the DTC Custodian will credit the respective nominal amounts of the individual beneficial interests represented by such Global Certificate to the account of DTC participants. Ownership of beneficial interests in such Global Certificate will be held through participants of DTC, including the respective depositaries of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in such Global Certificate will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee. DTC has advised the Issuers that it will take any action permitted to be taken by a holder of Registered Notes represented by a Global Certificate held by or on behalf of DTC (including, without limitation, the presentation of such Global Certificates for exchange as described above) only at the direction of one or more participants in whose account with DTC interests in such Global Certificate are credited, and only in respect of such portion of the aggregate nominal amount of such Global Certificate as to which such participant or participants has or have given such direction. However, in certain circumstances, DTC will exchange the relevant Global Certificate for Individual Certificates (which will bear the relevant legends set out in "*Transfer Restrictions*").

Although DTC, Euroclear and Clearstream, Luxembourg have agreed to the foregoing procedures in order to facilitate transfers of interests in the Global Certificates among participants and account holders of DTC, Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Company, the Bank, the Trustee, the Registrars, the Dealers or the Agents will have any responsibility for the performance by DTC, Euroclear or Clearstream, Luxembourg or their respective direct or indirect participants or account holders of their respective obligations under the rules and procedures governing their respective operations.

While a Global Certificate is lodged with DTC, Euroclear, Clearstream, Luxembourg or any relevant clearing system, Individual Certificates for the relevant Series of Notes will not be eligible for clearing and settlement through such clearing systems.

Conditions applicable to Global Notes

Each Global Note and Global Certificate will contain provisions which modify the Conditions as they apply to the Global Note or Global Certificate. The following is a summary of certain of those provisions:

Payments: All payments in respect of the Global Note or Global Certificate which, according to the Conditions, require presentation and/or surrender of a Note, Certificate or Coupon will be made against

presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note or Global Certificate to or to the order of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the Issuers in respect of the Notes. On each occasion on which a payment of principal or interest is made in respect of the Global Note, the Issuers shall procure that in respect of a CGN the payment is noted in a schedule thereto and in respect of an NGN the payment is entered pro rata in the records of Euroclear and Clearstream, Luxembourg.

Payment Business Day: in the case of a Global Note or a Global Certificate, shall be: if the currency of payment is euro, any day which is a TARGET Settlement Day and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre specified in the Final Terms; or, if the currency of payment is not euro, any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

Payment Record Date: Each payment in respect of a Global Certificate will be made to the person, being the person shown as the Holder in the Register at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment (the "**Record Date**") where "**Clearing System Business Day**" means a day on which each clearing system for which the Global Certificate is being held is open for business.

CMU Service – Bearer Notes: Payments of principal and interest in respect of Global Notes held in the CMU Service will be made to the Relevant Person(s) (as defined below). In this paragraph, "**Relevant Person(s)**" means the person(s) for whose account(s) interests in the relevant Global Note are credited as being held with the CMU Service in accordance with the CMU Rules (as defined in the Agency Agreement) one business day prior to the relevant payment date as notified to the CMU Lodging and Paying Agent by the CMU Service in a relevant CMU Instrument Position Report (as defined in the Agency Agreement) or any other relevant notification by the CMU Service, which notification shall be conclusive evidence of the records of the CMU Service (save in the case of manifest or proven error). Payment made in accordance thereof shall discharge the obligations of the relevant Issuer in respect of that payment.

CMU Service – Registered Notes: Payments of principal and interest in respect of Global Certificates held in the CMU Service will be made to the Relevant Person(s) (as defined below). In this paragraph, "**Relevant Person(s)**" means the person(s) for whose account(s) interests in the relevant Global Certificate are credited as being held with the CMU Service in accordance with the CMU Rules (as defined in the Agency Agreement) one business day prior to the relevant payment date as notified to the CMU Lodging and Paying Agent by the CMU Service in a relevant CMU Instrument Position Report (as defined in the Agency Agreement) or any other relevant notification by the CMU Service, which notification shall be conclusive evidence of the records of the CMU Service (save in the case of manifest or proven error). Payment made in accordance thereof shall discharge the obligations of the relevant Issuer in respect of that payment.

Exercise of put option: In order to exercise the option contained in Condition 10(e) (*Redemption at the option of Noteholders*) the bearer of a Permanent Global Note or the holder of a Global Certificate must, within the period specified in the Conditions for the deposit of the relevant Note and put notice, give written notice of such exercise to the Principal Paying Agent specifying the principal amount of Notes in respect of which such option is being exercised. Any such notice will be irrevocable and may not be withdrawn.

Partial exercise of call option: In connection with an exercise of the option contained in Condition 10(c) (*Redemption at the option of the Issuer*) in relation to some only of the Notes, the Permanent Global Note or Global Certificate may be redeemed in part in the principal amount specified by the Issuers in accordance with the Conditions and the Notes to be redeemed will not be selected as provided in the Conditions but in accordance with the rules and procedures of DTC, Euroclear, Clearstream, Luxembourg and/or the CMU Service (to be reflected in the records of DTC, Euroclear, Clearstream, Luxembourg and/or the CMU Service as either a pool factor or a reduction in principal amount, at their discretion).

Notices: Notwithstanding Condition 21 (*Notices*), while all the Notes are represented by a Global Note or a Global Certificate and the Global Note, or the Global Certificate is, (i) registered in the name of DTC's nominee or deposited with a depository or a common depository for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system (other than the CMU Service, in respect of which

see (ii) below) or a common safekeeper, notices to Noteholders may be given by delivery of the relevant notice to DTC and/or Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with Condition 21 (*Notices*) on the date of delivery to DTC and/or Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system or (ii) deposited with the CMU Service, notices to the holders of the Notes of the relevant Series may be given by delivery of the relevant notice to the persons shown in a CMU Instrument Position Report issued by the CMU Service on the second business day preceding the date of despatch of such notice as holding interests in the relevant Global Note or Global Certificate.

Eurosystem Eligibility

If the Global Notes or Global Certificates are stated in the applicable Final Terms to be issued in NGN form or to be held under the NSS (as the case may be), on or prior to the original issue date of the Tranche, the Global Notes or Global Certificates will be delivered to a common safekeeper and Euroclear and Clearstream, Luxembourg will be informed whether or not the Notes are intended to be held as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem ("**Eurosystem eligible collateral**").

Depositing the Global Notes or the Global Certificates intended to be held as Eurosystem eligible collateral with a common safekeeper does not necessarily mean that the Notes will be recognised as Eurosystem eligible collateral either upon issue, or at any or all times during their life. Such recognition will depend upon the European Central Bank being satisfied that the Eurosystem eligibility criteria have been met. In the case of Notes issued in NGN form or to be held under the NSS (as the case may be) which are not intended to be held as Eurosystem eligible collateral as of their issue date, should the Eurosystem eligibility criteria be amended in the future so that such Notes are capable of meeting the eligibility criteria, such Notes may then be deposited with Euroclear or Clearstream, Luxembourg as common safekeeper.

(b) *Tier 2 Capital Notes*

The Tier 2 Capital Notes (and the Coupons relating thereto, if any) constitute direct unsecured and subordinated obligations of the Issuer ranking *pari passu* without any preference among themselves. In the event of the winding up or administration of the Issuer, the claims of the Trustee (on behalf of the Noteholders but not the rights and claims of the Trustee in its personal capacity under the Trust Deed), the Holders of Tier 2 Capital Notes and any related Coupons against the Issuer in respect of such Notes and Coupons (including any damages or other amounts (if payable)) shall (i) be subordinated in the manner provided in the Trust Deed to the claims of all Senior Creditors; (ii) rank at least *pari passu* with the claims in respect of Parity Obligations (as defined in the Trust Deed) and with the claims of all other subordinated creditors of the Issuer which in each case by law rank, or by their terms are expressed to rank, *pari passu* with the Tier 2 Capital Notes; and (iii) rank senior to the Issuer's ordinary shares, preference shares and any junior subordinated obligations (including the Junior Obligations (as defined in the Trust Deed)) or other securities of the Issuer which by law rank, or by their terms are expressed to rank, junior to the Tier 2 Capital Notes.

Nothing in this Condition 4 (*Status*) shall affect or prejudice the payment of the costs, charges, expenses, liabilities or remuneration of the Trustee or the rights and remedies of the Trustee in respect thereof.

For the purposes of this Condition 4(b) (*Status - Tier 2 Capital Notes*), "**Senior Creditors**" means creditors of the Issuer (i) who are depositors and/or other unsubordinated creditors of such Issuer; or (ii) who are subordinated creditors of such Issuer (whether in the event of winding-up or administration of such Issuer or otherwise) other than (x) those whose claims by law rank, or by their terms are expressed to rank, *pari passu* with or junior to the claims of the Holders of Tier 2 Capital Notes and relevant Couponholders or (y) those whose claims are in respect of Parity Obligations or Junior Obligations.

(c) *No set-off*

Subject to applicable law, claims in respect of any Tier 2 Capital Notes or related Coupons may not be set off, or be the subject of a counterclaim, by the Holder against or in respect of any of its obligations to the Issuer, the Trustee or any other person and every Holder waives, and shall be treated for all purposes as if it had waived, any right that it might otherwise have to set-off, or to raise by way of counterclaim any of its claims in respect of any Tier 2 Capital Notes or related Coupons, against or in respect of any of its obligations to the Issuer, the Trustee or any other person. If, notwithstanding the preceding sentence, any Holder receives or recovers any sum or the benefit of any sum in respect of any Tier 2 Capital Note or related Coupon by virtue of any such set-off or counterclaim, it shall hold the same on trust for the Issuer and shall pay the amount thereof to the Issuer or, in the event of the winding up of the Issuer, to the liquidator of the Issuer.

- (a) *Application:* This Condition 5 (*Fixed Rate Note Provisions*) is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable.

Each Note will cease to bear interest from (and including) the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 5 (*Fixed Rate Note Provisions*) (as well after as before judgment) until (and including) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day on which notice is given to the holder of such Note that sufficient funds for payment of such sums have been received by the Principal Paying Agent or the Trustee.
- (c) *Fixed Coupon Amount:* The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.
- (d) *Calculation of interest amount:* The amount of interest payable in respect of each Note for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

In the case of Renminbi or Hong Kong dollar-denominated Notes, if Interest Payment Date adjustment is specified as applying in the relevant Final Terms:

- (i) each Fixed Coupon Amount shall be calculated by multiplying the product of the Rate of Interest and the Calculation Amount by the Day Count Fraction and rounding the resultant figure to the nearest CNY0.01 or HK\$ 0.01 (as the case may be), CNY0.005 or HK\$ 0.005 (as the case may be) being rounded upwards; and
- (ii) where (x) there is not numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) any Interest Payment Date would otherwise fall on a day which is not a Business Day, then such Interest Payment Date shall be adjusted in accordance with the Modified Following Business Day Convention.

6. **Reset Note Provisions**

(a) *Application:* This Condition 6 (*Reset Note Provisions*) is applicable to the Notes only if the Reset Note Provisions are specified in the relevant Final Terms as being applicable.

(b) *Accrual of interest:* The Notes bear interest:

- (i) from (and including) the Interest Commencement Date specified in the relevant Final Terms until (but excluding) the First Reset Date at the rate per annum equal to the Initial Rate of Interest;
- (ii) from (and including) the First Reset Date until (but excluding) the first Subsequent Reset Date or, if a Subsequent Reset Date is not specified in the relevant Final Terms, the Maturity Date at the rate per annum equal to the First Reset Rate of Interest; and
- (iii) for each Subsequent Reset Period thereafter (if any), at the rate per annum equal to the relevant Subsequent Reset Rate of Interest,

payable, in each case, in arrear on each Interest Payment Date, subject to adjustment as provided in Condition 5 (*Fixed Rate Note Provisions*) in the case of Renminbi or Hong Kong dollar denominated Notes and subject further as provided in Condition 11 (*Payments - Bearer Notes*) and Condition 12 (*Payments - Registered Notes*). Each Note will cease to bear interest from (and including) the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (*Reset Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day on which notice is given to the holder of such Note that sufficient funds for payment of such sums have been received by the Principal Paying Agent or the Trustee.

(c) *Rate of Interest:* The Rate of Interest applicable for each Reset Period shall be determined by the Agent Bank at or as soon as practicable after each time at which the Rate of Interest is to be determined on each Reset Determination Date. The Interest Amount payable on the Notes shall be calculated in accordance with the provisions for calculating amounts of interest in Condition 5 (*Fixed Rate Note Provisions*) and, for such purposes, references in Condition 5 (*Fixed Rate Note Provisions*) to "Fixed Rate Notes" shall be deemed to be to "Reset Notes" and Condition 5 (*Fixed Rate Note Provisions*) shall be construed accordingly.

(d) *Fallbacks:*

If on any Reset Determination Date the Relevant Screen Page is not available or the Mid-Swap Rate does not appear on the Relevant Screen Page, the Agent Bank shall request each of the Reference Banks to provide the Agent Bank with its Mid-Market Swap Rate Quotation as at approximately 11.00 a.m. in the Principal Financial Centre of the Specified Currency on the Reset Determination Date in question.

If two or more of the Reference Banks provide the Agent Bank with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the arithmetic mean (rounded, if

necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant Mid-Market Swap Rate Quotations and the First Margin or Subsequent Margin (as applicable), all as determined by the Agent Bank.

If only one of the Reference Banks provides the Agent Bank with a Mid-Market Swap Rate Quotation, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the Reset Period shall be the sum of such Mid-Market Swap Rate Quotation and the First Margin or Subsequent Margin (as applicable), all as determined by the Agent Bank. If on any Reset Determination Date none of the Reference Banks provides the Agent Bank with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this paragraph (d), the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) shall be determined to be the Rate of Interest as at the last preceding Reset Date or, in the case of the first Reset Determination Date, the First Reset Rate of Interest shall be the Initial Rate of Interest.

- (e) *Publication:* The Agent Bank will cause each Rate of Interest determined by it to be notified to the Issuer, the Paying Agents, the Trustee and the competent authority and/or stock exchange by which the Notes have then been admitted to listing and/or trading as soon as possible after such determination but in any event not later than the relevant Reset Date. Notice thereof shall also be given to the Noteholders in accordance with Condition 21 (*Notices*) as soon as possible after the determination or calculation thereof.
- (f) *Notifications etc:* All notifications, opinions, communications, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 6 (*Reset Note Provisions*) by the Agent Bank will (in the absence of manifest error) be final and binding on the Issuer, the Trustee, the Paying Agents, the Noteholders and the Couponholders. No Noteholder or Couponholder shall be entitled to proceed against the Agent Bank, the Trustee, the Paying Agents or any of them in connection with the exercise or non-exercise by them of their powers, duties and discretions hereunder, including without limitation in respect of any notification, opinion, communication, determination, certificate, calculation, quotation or decision given, expressed or made for the purposes of this Condition 6 (*Reset Note Provisions*).
- (g) *Determination or calculation by the Trustee:* If the Agent Bank does not at any time for any reason determine the Rate of Interest or calculate the Interest Amount or any other item required to be determined or calculated by it under the relevant Final Terms, the Trustee, or an agent on its behalf, shall do so and such determination or calculation shall be deemed to have been made by the Agent Bank. In doing so, the Trustee or its agent shall apply the foregoing provisions of this Condition 6 (*Reset Note Provisions*) and, where applicable, the relevant Final Terms, with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances (subject always to Condition 6 (*Reset Note Provisions*)).

7. **Floating Rate Note Provisions**

- (a) *Application:* This Condition 7 (*Floating Rate Note Provisions*) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Accrual of interest:* The Notes bear interest from (and including), the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 11 (*Payments - Bearer Notes*) and Condition 12 (*Payments - Registered Notes*). Each Note will cease to bear interest from (and including) the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 7(b) (*Floating Rate Note Provisions - Accrual of interest*) (as well after as before judgment) until (and including) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day on which notice is given to the holder of such Note that sufficient funds for payment of such sums have been received by the Principal Paying Agent or the Trustee.
- (c) *Screen Rate Determination:* If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest

applicable to the Notes for each Interest Period will be determined by the Agent Bank on the following basis:

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Agent Bank will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date
- (ii) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent Bank by straight-line linear interpolation by reference to two rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date, where:
 - (A) one rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
 - (B) the other rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next longer than the length of the relevant Interest Period,

provided, however, that if no rate is available for a period of time next shorter or, as the case may be, next longer than the length of the relevant Interest Period, then the Agent Bank shall determine such rate at such time and by reference to such sources as it determines appropriate; and

- (iii) in any other case, the Agent Bank will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iv) if, in the case of (i) above, such rate does not appear on that page or, in the case of (iii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Agent Bank will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide to the Agent Bank a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean of such quotations; and
- (v) if fewer than two such quotations are provided as requested, the Agent Bank will determine the arithmetic mean of the rates quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Agent Bank, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; provided, however, that if the Agent Bank is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

- (d) *ISDA Determination:* If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "**ISDA Rate**" in relation to any Interest Period means a rate equal to the Floating Rate that would be determined by the Agent Bank under an interest rate swap transaction if the Agent

Bank were acting as Agent Bank for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option is as specified in the relevant Final Terms;
- (ii) the Designated Maturity is a period specified in the relevant Final Terms;
- (iii) the relevant Reset Date is either (A) if the relevant Floating Rate Option is based on LIBOR for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms; and
- (iv) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent Bank by straight-line linear interpolation by reference to two rates based on the relevant Floating Rate Option, where:
 - (A) one rate shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
 - (B) the other rate shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period,

provided, however, that if there is no rate available for a period of time next shorter than the length of the relevant Interest Period or, as the case may be, next longer than the length of the relevant Interest Period, then the Agent Bank shall determine such rate at such time and by reference to such sources as it determines appropriate.

The expressions "**Floating Rate**", "**Agent Bank**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" in this Condition 7(d) (*Floating Rate Note Provisions - ISDA Determination*) have the respective meanings given to them in the ISDA Definitions.

- (e) *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.
- (f) *Calculation of Interest Amount:* The Agent Bank will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.
- (g) *Publication:* The Agent Bank will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Issuer, the Paying Agents, the Trustee and the competent authority and/or stock exchange by which the Notes have then been admitted to listing and/or trading as soon as possible after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also be given to the Noteholders in accordance with Condition 21 (*Notices*) as soon as possible after the determination or calculation thereof. The Agent Bank will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Agent Bank shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.

- (h) *Notifications etc:* All notifications, opinions, communications, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7 (*Floating Rate Note Provisions*) by the Agent Bank will (in the absence of manifest error) be final and binding on the Issuer, the Trustee, the Paying Agents, the Noteholders and the Couponholders. No Noteholder or Couponholder shall be entitled to proceed against the Agent Bank, the Trustee, the Paying Agents or any of them in connection with the exercise or non-exercise by them of their powers, duties and discretions hereunder, including without limitation in respect of any notification, opinion, communication, determination, certificate, calculation, quotation or decision given, expressed or made for the purposes of this Condition 7 (*Floating Rate Note Provisions*).
- (i) *Determination or calculation by the Trustee:* If the Agent Bank does not at any time for any reason determine the Rate of Interest or calculate the Interest Amount or any other item required to be determined or calculated by it under the relevant Final Terms, the Trustee, or an agent on its behalf and at the expense of the Issuer, shall do so and such determination or calculation shall be deemed to have been made by the Agent Bank. In doing so, the Trustee or its agent shall apply the foregoing provisions of this Condition 7 (*Floating Rate Note Provisions*) and, where applicable, the relevant Final Terms, with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances (subject always to this Condition 7 (*Floating Rate Note Provisions*)).

8. **Zero Coupon Note Provisions**

- (a) *Application:* This Condition 8 (*Zero Coupon Note Provisions*) is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Late payment on Zero Coupon Notes:* If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day on which notice is given to the holder of such Note that sufficient funds for payment of such sums have been received by the Principal Paying Agent or the Trustee).

9. **Fixed/Floating Rate Notes**

- (a) *Application:* This Condition 9 (*Fixed/Floating Rate Notes*) is applicable to the Notes only if the Fixed Rate Note Provisions and the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Fixed/Floating Rate:* The Issuer may issue Notes (i) that the Issuer may elect to convert on the date set out in the relevant Final Terms from a Fixed Rate Note to a Floating Rate Note, or from a Floating Rate Note to a Fixed Rate Note or (ii) that will automatically change from a Fixed Rate Note to a Floating Rate Note, or from a Floating Rate Note to a Fixed Rate Note on the date set out in the relevant Final Terms.

10. **Redemption and Purchase**

- (a) *Scheduled redemption:* Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 11 (*Payments - Bearer Notes*) and Condition 12 (*Payments - Registered Notes*).
- (b) *Redemption for tax reasons:* Subject to Condition 10(k) (*Redemption and Purchase - Restriction on Early Redemption of Tier 2 Capital Notes*) below, the Notes may be redeemed at the option of

the Issuer in whole, but not in part (x) at any time (if the Floating Rate Note Provisions are specified in the relevant Final Terms as being not applicable); or (y) on any Interest Payment Date (if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable), at their Early Redemption Amount (Tax), together with any accrued but unpaid interest to the date fixed for redemption, *provided that*:

- (i) the Issuer provides not less than 30 days' nor more than 60 days' prior notice to the Trustee and the Holders of the Notes (such notice being irrevocable) specifying the date fixed for such redemption; and
- (ii) if, immediately before giving such notice, the Issuer determines that as a result of a change in, or amendment to, the laws or regulations of a Taxing Jurisdiction, including any treaty to which the relevant Taxing Jurisdiction is a party, or a change in an official application of those laws or regulations on or after the Issue Date of the first Tranche of Notes, including a decision of any court or tribunal which becomes effective on or after the Issue Date of the first Tranche of Notes (and, in the event of the substitution of any subsidiary of the Issuer or of the Company in place of the Issuer as principal debtor under such Notes and in each case the Coupons (if any) appertaining thereto and the Trust Deed in so far as it relates to such Notes, which becomes effective on or after the date of that entity's assumption of the Issuer's obligations):
 - (A) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 14 (*Taxation*); or
 - (B) in the case of Tier 2 Capital Notes only, interest payments under or with respect to the Notes are no longer fully deductible for United Kingdom corporation tax purposes; or
 - (C) in the case of Tier 2 Capital Notes only, the Issuer would not, as a result of the Notes being in issue, be able to have losses or deductions set against the profits or gains, or profits or gains offset by the losses or deductions, of companies with which the Issuer is or would otherwise be so grouped for applicable United Kingdom tax purposes (whether under the group relief system current as at the date of issue of the Notes or any similar system or systems having like effect as may from time to time exist);

(each such change in tax law or regulation or the official application thereof, a "**Tax Event**"); and

in the case of each of (A), (B) and (C), such consequences cannot be avoided by the Issuer taking reasonable measures available to it,

provided, further, that no such notice of redemption shall be given earlier than (1) where the Notes may be redeemed at any time, 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts or is unable to make such deduction if a payment in respect of the Notes were then due; or (2) where the Notes may be redeemed only on an Interest Payment Date, 60 days prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be obliged to pay such additional amounts or is unable to make such deduction if a payment in respect of the Notes were then due.

It shall be sufficient to establish the circumstances required to be established under this Condition 10(b) (*Redemption and Purchase - Redemption for tax reasons*) if the Issuer shall deliver to the Trustee a certificate signed by two Authorised Signatories (as defined in the Trust Deed) following receipt of an opinion of a firm of independent legal advisers or accountants to the effect either that such a circumstance does exist or that, upon a change in or amendment to the laws or regulations of the United Kingdom or other relevant jurisdiction (including any authority or political subdivision therein or thereof having power to tax), including any treaty to which the relevant jurisdiction is a party, or a change in the official application of those laws or regulations, which at the date of such certificate is proposed to be made and in the opinion of such firm and the Issuer (based on such opinion) is reasonably expected to become effective on or prior to the

date when the relevant payment in respect of such Notes would otherwise be made, becoming so effective, such circumstances would exist.

The Trustee shall be entitled to accept such certificate as sufficient evidence of the satisfaction of the circumstances set out above and without further enquiry or liability for so doing, in which event it shall be conclusive and binding on the Noteholders.

Upon the expiry of any such notice as is referred to in this Condition 10(b) (*Redemption and Purchase - Redemption for tax reasons*), the Issuer shall be bound to redeem the Notes in accordance with this Condition 10(b) (*Redemption for tax reasons*).

- (c) *Redemption at the option of the Issuer:* Subject to Condition 10(k) (*Redemption and Purchase - Restriction on Early Redemption of Tier 2 Capital Notes*) below, if the Call Option is specified in the relevant Final Terms as being applicable, the Notes may be redeemed at the option of the Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call), together with any accrued but unpaid interest to such date).
- (d) *Partial redemption:* If the Notes are to be redeemed in part only on any date in accordance with Condition 10(c) (*Redemption and Purchase - Redemption at the option of the Issuer*), in the case of Bearer Notes, the Notes to be redeemed shall be selected by the drawing of lots in such place and in such manner as is fair and reasonable in the circumstances taking account of prevailing market practices, subject to compliance with applicable law, the rules of the competent authority and/or stock exchange by which the Notes have then been admitted to listing and/or trading and the notice to Noteholders referred to in Condition 10(c) (*Redemption and Purchase - Redemption at the option of the Issuer*) shall specify the serial numbers of the Notes so to be redeemed, and, in the case of Registered Notes, each Note shall be redeemed in part in the proportion which the aggregate principal amount of the outstanding Notes to be redeemed on the relevant Optional Redemption Date (Call) bears to the aggregate principal amount of outstanding Notes on such date. If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified.
- (e) *Redemption at the option of Noteholders:* In the case of any Series of Senior Notes only, if the Put Option is specified in the relevant Final Terms as being applicable, the Issuer shall, at the option of the Holder of any Note redeem such Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice (which notice shall be irrevocable) at the relevant Optional Redemption Amount (Put) together with any accrued but unpaid interest to such date. No Series of Tier 2 Capital Notes shall contain a Put Option. In order to exercise the option contained in this Condition 10(e) (*Redemption and Purchase - Redemption at the option of Noteholders*), the Holder of a Note must, not less than 30 days nor more than 60 days before the relevant Optional Redemption Date (Put) (or such other period(s) as may be specified in the relevant Final Terms), deposit with any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) such Note together with any unmatured Coupons relating thereto and a duly completed Put Option Notice in the form obtainable from any Paying Agent. The Paying Agent or the Registrar (as the case may be) with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 10(e) (*Redemption and Purchase - Redemption at the option of Noteholders*), may be withdrawn; provided, however, that if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable or, upon due presentation of any such Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent or Registrar (as the case may be) shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent or the Registrar (as the case may be) in accordance with this Condition 10(e) (*Redemption and Purchase - Redemption at the option of*

Noteholders), the depositor of such Note and not such Paying Agent or the Registrar (as the case may be) shall be deemed to be the Holder of such Note for all purposes. The Holder of a Note may not exercise such option in respect of any Note which is the subject of an exercise by the Issuer of its option to redeem such Note under Condition 10(b) (*Redemption and Purchase - Redemption for tax reasons*), 10(c) (*Redemption and Purchase - Redemption at the option of the Issuer*) or 10(d) (*Redemption and Purchase - Partial redemption*) and any exercise of the first-mentioned option in such circumstances shall have no effect.

- (f) *Regulatory Event Redemption of Tier 2 Capital Notes*: Subject to Condition 10(k) (*Redemption and Purchase - Restriction on Early Redemption of Tier 2 Capital Notes*) below, if there is a change in the regulatory classification of the Tier 2 Capital Notes that occurs on or after the issue date of the first Tranche of the Tier 2 Capital Notes and that does, or would be likely to, result in the whole or any part of the outstanding aggregate principal amount of the Tier 2 Capital Notes at any time being excluded from or ceasing to count towards, the Tier 2 Capital of the Group (a "**Regulatory Event**"), the Issuer may, at its option, redeem the Tier 2 Capital Notes, in whole but not in part, at the relevant Optional Redemption Amount (Regulatory Event), together with any accrued but unpaid interest to the date fixed for redemption, *provided that* the Issuer provides not less than 30 days' nor more than 60 days' prior notice to the Trustee, the Principal Paying Agent and the Holders of the Tier 2 Capital Notes (such notice being irrevocable) specifying the date fixed for such redemption.

Prior to giving notice of redemption under this Condition 10(f) (*Redemption and Purchase - Regulatory Event Redemption of Tier 2 Capital Notes*), the Issuer shall deliver to the Trustee a certificate signed by two Authorised Signatories of the Issuer stating that the relevant circumstance referred to under this Condition 10(f) (*Redemption and Purchase - Regulatory Event Redemption of Tier 2 Capital Notes*) does exist. Such certificate shall be treated by the Issuer, the Trustee, the Holders and all other interested parties as correct, conclusive and sufficient evidence thereof.

Upon the expiry of such notice period, the Issuer shall be bound to redeem the Tier 2 Capital Notes accordingly.

- (g) *Early redemption of Zero Coupon Notes*: Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:
- (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the relevant Final Terms for the purposes of this Condition 10(g) (*Redemption and Purchase - Early redemption of Zero Coupon Notes*) or, if none is so specified, a Day Count Fraction of 30E/360.

- (h) *No other redemption*: The Issuer shall not be entitled to redeem the Notes otherwise than as provided in Condition 10(a) (*Redemption and Purchase - Scheduled redemption*) to 10(g) (*Redemption and Purchase - Early redemption of Zero Coupon Notes*) above.
- (i) *Purchase*: The Issuer or any of its Subsidiaries may at any time purchase or otherwise acquire any of the outstanding Notes at any price in the open market or otherwise in accordance with the Capital Regulations applicable to the Group in force at the relevant time, and subject to the prior consent of the PRA (if such consent is then required by the Capital Regulations), and provided that all unmatured Coupons are purchased therewith.

- (j) *Cancellation:* All Notes so redeemed shall, and all Notes so purchased may, be cancelled (together with any unmatured Coupons attached thereto or surrendered therewith) and may not be reissued or resold.
- (k) *Restriction on Early Redemption of Tier 2 Capital Notes:* Notwithstanding any other provision in this Condition 10 (*Redemption and Purchase*), the Issuer may redeem the Tier 2 Capital Notes (and give notice thereof to the Holders) only if it has obtained the PRA's prior consent (if such consent is then required by the Capital Regulations) for the redemption of the relevant Tier 2 Capital Notes.

The rules under CRD IV prescribe certain conditions for the granting of permission by the competent authority (the PRA in this case) to a request by the Issuer to redeem or repurchase the Tier 2 Capital Notes. In this respect, the CRD IV Regulation provides that the PRA shall grant permission to a redemption or repurchase of the Tier 2 Capital Notes provided that either of the following conditions is met, as applicable to the relevant Tier 2 Capital Notes:

- (i) *on or before the redemption or repurchase of the Tier 2 Capital Notes, the Issuer replaces the Tier 2 Capital Notes with own funds instruments of an equal or higher quality at terms that are sustainable for its income capacity; or*
- (ii) *the Issuer has demonstrated to the satisfaction of the PRA that its own funds would, following such redemption or repurchase, exceed the capital ratios required under CRD IV by a margin that the PRA may consider necessary on the basis set out in CRD IV for it to determine the appropriate level of capital of an institution.*

In addition, the rules under CRD IV provide that the PRA may only permit the Issuer to redeem the Tier 2 Capital Notes before five years after the date of issuance of the relevant Tier 2 Capital Notes if:

- (A) *the conditions listed in paragraphs (i) or (ii) above are met; and*
- (B) *in the case of redemption due to the occurrence of a Regulatory Event, (i) the PRA considers such change to be sufficiently certain and (ii) the Issuer demonstrates to the satisfaction of the PRA that the Regulatory Event was not reasonably foreseeable at the time of issuance of the Tier 2 Capital Notes; or*
- (C) *in the case of redemption due to the occurrence of a Tax Event, there is a change in the applicable tax treatment of the relevant Tier 2 Capital Notes which the Issuer demonstrates to the satisfaction of the PRA is material and was not reasonably foreseeable at the time of issuance of such Notes.*

The rules under CRD IV may be modified from time to time after the date of this Base Prospectus.

11. **Payments - Bearer Notes**

This Condition 11 (*Payments - Bearer Notes*) is only applicable to Bearer Notes.

- (a) *Principal:* Payments of principal shall be made only against presentation and (provided that payment is made in full) surrender of Bearer Notes at the Specified Office of any Paying Agent outside the United States by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency.
- (b) *Interest:* Payments of interest shall, subject to Condition 11(h) (*Payments - Bearer Notes - Payments other than in respect of matured Coupons*) below, be made only against presentation and (provided that payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in Condition 11(a) (*Payments - Bearer Notes - Principal*) above.

*CMU Service: Payments of principal and interest in respect of Bearer Notes held in the CMU Service will be made to the Relevant Person(s) (as defined below). In this paragraph, "**Relevant Person(s)**" means the person(s) for whose account(s) interests in the relevant Bearer Note are*

credited as being held with the CMU Service in accordance with the CMU Rules (as defined in the Agency Agreement) one business day prior to the relevant payment date as notified to the CMU Lodging and Paying Agent by the CMU Service in a relevant CMU Instrument Position Report (as defined in the Agency Agreement) or any other relevant notification by the CMU Service, which notification shall be conclusive evidence of the records of the CMU Service (save in the case of manifest or proven error). Payment made in accordance thereof shall discharge the obligations of the Issuer in respect of that payment.

- (c) *Payments in New York City:* Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due; (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions; and (iii) payment is permitted by applicable United States law.
- (d) *Payments subject to fiscal laws:* Save as provided in Condition 14 (*Taxation*), payments in respect of the Bearer Notes will be subject in all cases to any applicable fiscal or other laws and regulations in the place of payment or other laws and regulations to which the Issuer or its Agents agree to be subject and the Issuer or any of its Paying Agents will not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations or agreements, and no commissions or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) *Deductions for unmatured Coupons:* If the relevant Final Terms specifies that the Fixed Rate Note Provisions are applicable and a Bearer Note is presented without all unmatured Coupons relating thereto:
 - (i) if the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; provided, however, that if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment; or
 - (ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
 - (A) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the "**Relevant Coupons**") being equal to the amount of principal due for payment; provided, however, that where this Condition 11(e)(ii)(A) (*Payments - Bearer Notes - Deductions for unmatured Coupons*) would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
 - (B) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; provided, however, that, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in Condition 11(a) (*Payments - Bearer Notes - Principal*) above against presentation and (provided that payment is made in full) surrender of the relevant missing Coupons.

- (f) *Unmatured Coupons void:* If the relevant Final Terms specifies that this Condition 11(f) (*Payments - Bearer Notes - Unmatured Coupons void*) is applicable, that the Reset Note Provisions are applicable or that the Floating Rate Note Provisions are applicable, on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 10(b) (*Redemption and Purchase - Redemption for tax reasons*), Condition 10(e) (*Redemption and Purchase - Redemption at the option of Noteholders*), Condition 10(c) (*Redemption and Purchase - Redemption at the option of the Issuer*), Condition 10(f) (*Redemption and Purchase - Regulatory Event Redemption of Tier 2 Capital Notes*) or Condition 15 (*Events of Default*), all unmatured Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.
- (g) *Payments on business days:* If the due date for payment of any amount in respect of any Bearer Note or Coupon is not a Payment Business Day in the place of presentation, the Holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.
- (h) *Payments other than in respect of matured Coupons:* Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Bearer Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted by Condition 11(c) (*Payments - Bearer Notes - Payments in New York City*) above).
- (i) *Partial payments:* If a Paying Agent makes a partial payment in respect of any Bearer Note or Coupon presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.
- (j) *Exchange of Talons:* On or after the maturity date of the final Coupon which is (or was at the time of issue) part of a Coupon Sheet relating to the Bearer Notes, the Talon forming part of such Coupon Sheet may be exchanged at the Specified Office of the Principal Paying Agent for a further Coupon Sheet (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 16 (*Prescription*)). Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.

12. **Payments - Registered Notes**

This Condition 12 (*Payments – Registered Notes*) is only applicable to Registered Notes.

- (a) *Principal:* Payments of principal shall be made by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency and (in the case of redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Certificates at the Specified Office of any Paying Agent.
- (b) *Interest:* Payments of interest shall be made by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency and (in the case of interest payable on redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Certificates at the Specified Office of any Paying Agent.

CMU Service: Payments of principal and interest in respect of Registered Notes held in the CMU Service will be made to the Relevant Person(s) (as defined below). In this paragraph, "Relevant Person(s)" means the person(s) for whose account(s) interests in the relevant Registered Note are credited as being held with the CMU Service in accordance with the CMU Rules (as defined in the Agency Agreement) one business day prior to the relevant payment date as notified to the CMU Lodging and Paying Agent by the CMU Service in a relevant CMU Instrument Position Report (as defined in the Agency Agreement) or any other relevant notification by the CMU Service, which notification shall be conclusive evidence of the records of the CMU Service (save in the case of manifest or proven error). Payment made in accordance thereof shall discharge the obligations of the Issuer in respect of that payment.

- (c) *Payments subject to fiscal laws:* Save as provided in Condition 14 (*Taxation*), payments in respect of the Registered Notes will be subject in all cases to any applicable fiscal or other laws and regulations in the place of payment or other laws and regulations to which the Issuer or its Agents agree to be subject and the Issuers or any of its agents will not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations or agreements, and no commissions or expenses shall be charged to the Noteholders in respect of such payments.
- (d) *Payments on business days:* Where payment is to be made by transfer to an account, payment instructions (for value the due date, or, if the due date is not Payment Business Day, for value the next succeeding Payment Business Day) will be initiated (i) (in the case of payments of principal and interest payable on redemption) on the later of the due date for payment and the day on which the relevant Certificate is surrendered (or, in the case of part payment only, endorsed) at the Specified Office of a Paying Agent; and (ii) (in the case of payments of interest payable other than on redemption) on the due date for payment. A Holder of a Registered Note shall not be entitled to any interest or other payment in respect of any delay in payment resulting from the due date for a payment not being a Payment Business Day.
- (e) *Partial payments:* If a Paying Agent makes a partial payment in respect of any Registered Note, the Issuer shall procure that the amount and date of such payment are noted on the Register and, in the case of partial payment upon presentation of a Certificate, that a statement indicating the amount and the date of such payment is endorsed on the relevant Certificate.
- (f) *Record date:* Each payment in respect of a Registered Note will be made to the person shown as the Holder in the Register at the opening of business in the place of the Registrar's Specified Office on the 15th day before the due date for such payment (the "**Record Date**").

13. **Payments – Renminbi Notes**

This Condition 13 (*Payments – Renminbi Notes*) shall apply to all Renminbi Notes in addition to Condition 11 (*Payments – Bearer Notes*) or Condition 12 (*Payments – Registered Notes*), as the case may be.

- (a) *Payments of USD Equivalent:* Notwithstanding the foregoing, if by reason of Inconvertibility, Non-transferability or Illiquidity, the Issuer is not able, or it would be impracticable for it, to satisfy payments of principal or interest (in whole or in part) in respect of the Renminbi Notes when due in Renminbi to an account maintained in Hong Kong, the Issuer may, on giving not less than eight Business Days or more than 30 Business Days' irrevocable notice to the Holders prior to the due date for payment, settle any such payment (in whole or in part) in U.S. dollars on the due date at the USD Equivalent of any such Renminbi denominated amount.
- (b) Payments of the USD Equivalent of the relevant Renminbi amount, determined in accordance with this Condition 13 (*Payments – Renminbi Notes*), will be made by credit or transfer to a U.S. dollar account (or any other account to which U.S. dollars may be credited or transferred) specified by the payee or, at the option of the payee, by a U.S. dollar cheque, provided, however, that no payment will be made by transfer to an account in, or by cheque mailed to an address in, the United States.
- (c) For the purpose of this Condition 13 (*Payments – Renminbi Notes*):

"**CNHFIX Spot Rate**" means for a Rate Calculation Date, the CNY/USD official fixing rate, expressed as the amount of CNY per one USD, for settlement in two Business Days reported by the Treasury Markets Association which appears on the Reuters Screen Page CNHFIX at approximately 11.15 a.m. (Hong Kong time). In the event that no such quotation appears on the relevant Reuters Screen Page or any successor page or service thereto at the relevant time on the relevant Rate Calculation Date (or, if different, the day on which rates for the Rate Calculation Date would, in the ordinary course, be published or announced by the relevant price source), the Spot Rate will be determined by the Agent Bank in its sole discretion, acting in good faith and in a commercially reasonable manner. Reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

"CNY Dealer" means an independent foreign exchange dealer of international repute active in the CNY exchange market in Hong Kong.

"Governmental Authority" means any de facto or de jure government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong.

"Illiquidity" means the general CNY exchange market in Hong Kong becomes illiquid as a result of which the Issuer cannot obtain sufficient CNY in order to satisfy its obligation to pay interest and principal (in whole or in part) in respect of the Notes as determined by the Issuer in good faith and in a commercially reasonable manner following consultation with two CNY Dealers.

"Inconvertibility" means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of the Notes in the general CNY exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after 4 August 2015 and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

"Non-transferability" means the occurrence of any event that makes it impossible for the Issuer to deliver CNY between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong or from an account outside Hong Kong to an account inside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after 4 August 2015 and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

"Rate Calculation Business Day" means a day (other than a Saturday, Sunday or public holiday) on which commercial banks are open for general business (including dealings in foreign exchange) in London, Hong Kong and New York City.

"Rate Calculation Date" means the day which is three Rate Calculation Business Days before the due date of the relevant amount under these Conditions.

"Renminbi", **"RMB"** or **"CNY"** means the official currency of the PRC.

"Spot Rate", means the CNHFIX Spot Rate or the TRADCNY3 Spot Rate, as specified in the relevant Final Terms.

"TRADCNY3 Spot Rate" means, for a Rate Calculation Date, the spot CNY/USD exchange rate for the purchase of U.S. dollars with Renminbi, for settlement in two Business Days, in the over-the-counter Renminbi exchange market in Hong Kong, as determined by the Agent Bank at or around 11.00 a.m. (Hong Kong time) on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither rate is available, the Agent Bank will determine the spot rate at or around 11.00 a.m. (Hong Kong time) on the Rate Calculation Date as the most recently available CNY/USD official fixing rate for settlement on the due date for payment reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

"USD Equivalent" means the Renminbi amount converted into U.S. dollars using the Spot Rate for the relevant Rate Calculation Date.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 13 (*Payments – Renminbi Notes*) by the Agent Bank, will (in the absence of fraud, gross negligence or wilful default) be binding on the Issuer, the Trustee, the Agents and all Holders.

14. **Taxation**

- (a) *Gross up:* Except as otherwise specified in the relevant Final Terms, all payments of principal and interest in respect of the Notes and the Coupons by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the United Kingdom or any political subdivision therein or any authority therein or thereof having power to tax (each, a "**Taxing Jurisdiction**"), unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law.

In that event, the Issuer shall pay such additional amounts ("**Additional Amounts**") as will result in receipt by the Noteholders and the Couponholders after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (i) held by or on behalf of a Holder which is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of its having some connection with the United Kingdom other than the mere holding of the Note or Coupon;
 - (ii) unless it is proved, to the satisfaction of the Principal Paying Agent or the Transfer and Paying Agent to whom the same is presented, that the Holder is unable to avoid such withholding or deduction by satisfying any statutory requirement or by making a declaration of non-residence or other similar claim for exemption to the relevant tax authorities;
 - (iii) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, this Directive;
 - (iv) held by or on behalf of a Holder who would have been able to avoid such withholding or deduction by presenting the relevant Note or Coupon to another Paying Agent in a Member State of the EU; or
 - (v) where the relevant Note or Coupon or Certificate is presented or surrendered for payment more than 30 days after the Relevant Date except to the extent that the Holder of such Note or Coupon would have been entitled to such additional amounts on presenting or surrendering such Note or Coupon or Certificate for payment on the last day of such period of 30 days.
- (b) Any reference in these Conditions to principal in respect of the Notes of any Series shall be deemed to include, as applicable:
- (i) any additional amounts which may be payable with respect to principal under this Condition 14 (*Taxation*) or pursuant to any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed;
 - (ii) the redemption amount payable on such Notes on their Maturity Date;
 - (iii) the redemption amount payable on redemption of such Notes prior to such Maturity Date; and
 - (iv) any premium and any other amounts which may be payable under or in respect of such Notes.
- (c) Any reference in these Conditions to interest in respect of the Notes of any Series shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under this Condition 14 (*Taxation*) or pursuant to any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed.

- (d) For the avoidance of doubt, any amounts to be paid by the Issuer on the Notes will be paid net of any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, any intergovernmental agreement, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code (or any law implementing such an intergovernmental agreement) (a "**FATCA Withholding Tax**"), and the Issuer will not be required to pay Additional Amounts on account of any FATCA Withholding Tax.

15. **Events of Default**

- (a) *Senior Notes*: The provisions of this Condition 15(a) (*Events of Default - Senior Notes*) shall have effect in relation to any Series of Senior Notes.

If any of the following events occurs and is continuing, then the Trustee at its discretion may and, if so requested in writing by Holders of at least one quarter of the aggregate principal amount of the outstanding Notes or if so directed by an Extraordinary Resolution, shall (subject, in all cases, to the Trustee having been indemnified and/or secured and/or pre-funded to its satisfaction) give written notice to the Issuer declaring the Notes to be immediately due and payable, whereupon they shall become immediately due and payable at their Early Termination Amount together with any accrued but unpaid interest without further action or formality:

- (i) *Non-payment*: any principal or interest on such Notes has not been paid within 14 days from the due date for payment and such sum has not been duly paid within a further 14 days following written notice from the Trustee to the Issuer requiring the non-payment to be made good. The Issuer shall not, however, be in default if during the 14 days after the Trustee's notice it satisfies the Trustee that such sums were not paid in order to comply with a mandatory law, regulation or order of any court of competent jurisdiction. Where there is doubt as to the validity or applicability of any such law, regulation or order, the Issuer will not be in default if it acts on the advice given to it during such 14 day period by independent legal advisers approved by the Trustee; or
- (ii) *Breach of other obligations*: the Issuer defaults in the performance or observance of any of its other obligations under or in respect of the Notes or the Trust Deed and that breach has not been remedied within 21 days of receipt of a written notice from the Trustee certifying that in its opinion the breach is materially prejudicial to the interests of the holders of such Notes and requiring the same to be remedied; or
- (iii) *Winding-up etc.*: a Winding-up Event occurs.

At any time after any Series of Senior Notes shall have become due and repayable in accordance with this Condition 15(a) (*Events of Default - Senior Notes*), the Trustee may at its discretion and, if so requested in writing by Holders of at least one quarter of the aggregate principal amount of the outstanding Notes or if so directed by an Extraordinary Resolution, shall (subject to the Trustee having been indemnified and/or secured and/or pre-funded to its satisfaction), without further notice, institute such proceedings or take such steps or actions as it may think fit against the Issuer to enforce payment.

- (b) *Tier 2 Capital Notes*: The provisions of this Condition 15(b) (*Events of Default - Tier 2 Capital Notes*) shall have effect in relation to any Series of Tier 2 Capital Notes.

- (i) If any of the following events occurs and is continuing, then the Trustee at its discretion may and, if so requested in writing by Holders of at least one quarter of the aggregate principal amount of the outstanding Tier 2 Capital Notes or if so directed by an Extraordinary Resolution, shall (subject to the Trustee having been indemnified and/or secured and/or pre-funded to its satisfaction), without further notice:

- (A) *Non-payment*: in the event that any principal or interest on such Tier 2 Capital Notes has not been paid within 14 days from the due date for payment and such sum has not been duly paid within a further 14 days following written notice

from the Trustee to the Issuer requiring the non-payment to be made good, institute proceedings in a court of competent jurisdiction in England (or such other jurisdiction in which the Issuer is organised) (but not elsewhere) for the winding up of the Issuer and/or prove in its winding-up and/or claim in its liquidation or administration, provided that the Issuer shall not be in default if during the 14 days after the Trustee's notice it satisfies the Trustee that such sums were not paid in order to comply with a mandatory law, regulation or order of any court of competent jurisdiction. Where there is doubt as to the validity or applicability of any such law, regulation or order, the Issuer will not be in default if it acts on the advice given to it during such 14 day period by independent legal advisers approved by the Trustee; or

- (B) *Limited remedies for breach of other obligations (other than non-payment)*: institute such proceedings against the Issuer as it may think fit to enforce any term, obligation or condition binding on the Issuer under such Tier 2 Capital Notes or Coupons or the terms of the Trust Deed relating thereto (other than any payment obligation of the Issuer under or arising from the Tier 2 Capital Notes or Coupons or the Trust Deed, including, without limitation, payment of any principal or interest) (a "**Performance Obligation**"); provided always that the Trustee (acting on behalf of the Holders but not the Trustee acting in its personal capacity under the Trust Deed) and the Holders shall not enforce, and shall not be entitled to enforce or otherwise claim, against the Issuer any judgment or other award given in such proceedings that requires the payment of money by the Issuer, whether by way of damages or otherwise (a "**Monetary Judgment**"), except by proving such Monetary Judgment in a winding-up of the Issuer and/or claiming such Monetary Judgment in an administration of the Issuer.

Nothing in this 15(b)(i) (*Events of Default - Tier 2 Capital Notes*) shall affect or prejudice the payment of the costs, charges, expenses, liabilities or remuneration of the Trustee or the rights and remedies of the Trustee in respect thereof.

- (ii) If a Winding-up Event occurs, the Trustee at its discretion may and, if so requested in writing by the Holders of at least one quarter of the aggregate principal amount of the outstanding Tier 2 Capital Notes or if so directed by an Extraordinary Resolution, shall (subject to the Trustee having been indemnified and/or secured and/or prefunded to its satisfaction) declare such Tier 2 Capital Notes to be due and repayable immediately (and such Tier 2 Capital Notes shall thereby become so due and repayable) at their outstanding principal amount (or at such other repayment amount as may be specified in or determined in accordance with the relevant Final Terms) together with any accrued but unpaid interest as provided in the Trust Deed and payments are subject to the subordination provisions set out in Condition 4(b) (*Status – Tier 2 Capital Notes*).
- (c) *All Notes*: The provisions of this Condition 15(c) (*Events of Default - All Notes*) shall have effect in relation to any Series of Notes.

No Holder of any such Notes and no holder of the Coupons (if any) appertaining thereto shall be entitled to institute any of the proceedings or take the steps or actions referred to in Condition 15(a) (*Events of Default - Senior Notes*) or 15(b) (*Events of Default - Tier 2 Capital Notes*) above or to prove in the winding up of the Issuer except that if the Trustee, having become bound to proceed against the Issuer as aforesaid, fails to do so or, being able to prove in such winding up, fails to do so, in each case within a reasonable period, and in each such case such failure shall be continuing, then any such holder may himself institute such proceedings or take such steps or actions and/or prove in such winding up to the same extent (but not further or otherwise) that the Trustee would have been entitled so to do in respect of his Notes and/or Coupons. In the case of Tier 2 Capital Notes, no remedy against the Issuer other than the institution of the proceedings referred to in Condition 15(b) (*Events of Default - Tier 2 Capital Notes*) above or proving in the winding up of the Issuer, shall be available to the Trustee or the holders of such Notes or the Coupons (if any) appertaining thereto whether for the recovery of amounts owing in respect of such Notes or Coupons or under the Trust Deed in relation thereto or in respect of any breach by

the Issuer of any of its other obligations under or in respect of such Notes or Coupons or under the Trust Deed in relation thereto.

16. **Prescription**

Claims for principal in respect of Bearer Notes shall become void unless the relevant Bearer Notes are presented for payment within 10 years of the appropriate Relevant Date. Claims for interest in respect of Bearer Notes shall become void unless the relevant Coupons are presented for payment within five years of the appropriate Relevant Date. Claims for principal and interest in respect of Registered Notes shall become void unless the relevant Certificates are surrendered for payment within 10 years of the appropriate Relevant Date.

17. **Replacement of Notes and Coupons**

If any Note, Certificate or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the Principal Paying Agent, in the case of Bearer Notes, or the Registrar, in the case of Registered Notes (and for so long as the Notes are admitted to listing and/or trading by the competent listing authority and/or stock exchange which requires the appointment of a Paying Agent or Transfer Agent in any particular place, the Paying Agent or Transfer Agent having its Specified Office in the place required by the competent listing authority and/or stock exchange), subject to all applicable laws and competent listing authority and/or stock exchange requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes, Certificates or Coupons or Talons must be surrendered before replacements will be issued.

18. **Trustee and Agents**

Under the Trust Deed, the Trustee is entitled to be indemnified and/or secured and/or pre-funded before taking any steps or actions or initiating any proceedings and relieved from responsibility in certain circumstances and to be paid its costs, fees and expenses in priority to the claims of the Noteholders. In addition, the Trustee is entitled to enter into business transactions with the Issuer and any entity relating to the Issuer without accounting for any profit.

In acting under the Agency Agreement and in connection with the Notes and the Coupons, the Agents act solely as agent of the Issuer and (to the extent provided therein) the Trustee and do not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders or Couponholders.

The initial Agents and their initial Specified Offices are listed below. The initial Agent Bank (if any) is specified in the relevant Final Terms. If any additional Agents are appointed in connection with any Series, the names of such Agents will be specified in Part B of the relevant Final Terms. The Issuer reserves the right (with the prior approval of the Trustee) at any time to vary or terminate the appointment of any Agent and to appoint a successor fiscal agent or registrar or Agent Bank and additional or successor paying agents; provided, however, that:

- (i) the Issuer shall at all times maintain a Principal Paying Agent, a Registrar and a CMU Lodging and Paying Agent in relation to Notes accepted for clearance through the CMU Service;
- (ii) the Issuer shall at all times maintain a Paying Agent in an EU Member State that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to this Directive;
- (iii) if an Agent Bank is specified in the relevant Final Terms, the Issuer shall at all times maintain an Agent Bank; and
- (iv) for so long as the Notes are admitted to listing and/or trading by the competent listing authority and/or stock exchange which requires the appointment of a Paying Agent or

Transfer Agent in any particular place, the Issuer shall maintain a Paying Agent and/or a Transfer Agent having its Specified Office in the place required by the competent listing authority and/or stock exchange.

Notice of any change in any of the Agents or in their Specified Offices shall promptly be given to the Noteholders in accordance with Condition 21 (*Notices*).

19. **Meetings of Noteholders; Modification and Waiver; Substitution**

- (a) *Meetings of Noteholders*: The Trust Deed contains provisions for convening meetings of Noteholders to consider matters relating to the Notes, including the modification of any provision of these Conditions by Extraordinary Resolution, except that the provisions relating to the Tier 2 Capital Notes shall only be capable of modification in accordance with Condition 19(d) (*Meetings of Noteholders; Modification and Waiver; Substitution - PRA notice or consent*) below.

Such a meeting may be convened by the Issuer or by the Trustee and, subject to the Trustee being indemnified and/or secured and/or prefunded to its satisfaction, shall be convened by the Trustee upon the request in writing of Noteholders holding not less than one-tenth of the aggregate principal amount of the outstanding Notes. The quorum at any meeting convened to vote on an Extraordinary Resolution will be one or more persons holding or representing not less than a clear majority in aggregate principal amount of the outstanding Notes or, at any adjourned meeting, one or more Persons being or representing Noteholders whatever the principal amount of the Notes held or represented; provided, however, that Reserved Matters may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which one or more persons holding or representing not less than two-thirds, or at any adjourned meeting not less than one-third of the aggregate principal amount of the outstanding Notes form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders and Couponholders, whether present or not.

In addition, a resolution in writing signed by or on behalf of the holders of at least 75 per cent. in aggregate principal amount of the outstanding Notes who for the time being are entitled to receive notice of a meeting of Noteholders under the Trust Deed will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

The Trust Deed contains provisions for convening a single meeting of the holders of Notes of more than one Series in certain circumstances where the Trustee so decides.

- (b) *Modification and waiver*: Subject to certain exceptions and Condition 19(d) below, the Trustee may, without the consent of the Noteholders, agree to any modification of the Trust Deed or the Notes (other than in respect of a Reserved Matter) which is, in the opinion of the Trustee, proper to make if, in the opinion of the Trustee, such modification will not be materially prejudicial to the interests of Noteholders and to any modification of the Notes or the Trust Deed which is of a formal, minor or technical nature or is to correct a manifest error. In addition, the Trustee may, without the consent of the Noteholders, authorise or waive any proposed breach or breach of the Notes or the Trust Deed (other than a proposed breach or breach relating to the subject of a Reserved Matter) if, in the opinion of the Trustee, the interests of the Noteholders will not be materially prejudiced thereby.

In addition, the Trustee may determine, without the consent of the holders of Notes of any Series or holders of the Coupons (if any) appertaining thereto (except as set out in the Trust Deed), that any Event of Default or Potential Event of Default (both as defined in the Trust Deed) shall not be treated as such for the purpose of the Trust Deed and such Notes if, in the opinion of the Trustee, the interests of the relevant Noteholders would not be materially prejudiced thereby.

Unless the Trustee agrees otherwise, any such authorisation, waiver or modification shall be notified to the Noteholders as soon as practicable thereafter.

- (c) *Substitution*: Subject to (i) Condition 19(d) (*Meetings of Noteholders; Modification and Waiver; Substitution - PRA notice or consent*) below, (ii) such amendment of the Trust Deed and (iii) such other conditions as the Trustee may require, but without the consent of the Noteholders,

the Trustee may also agree, subject to such Notes and Coupons being or, where appropriate, remaining irrevocably guaranteed by the Issuer (on a subordinated basis in the case of Tier 2 Capital Notes), to the substitution of any subsidiary of the Issuer or of the Company in place of the Issuer as principal debtor under such Notes and in each case the Coupons (if any) appertaining thereto and the Trust Deed in so far as it relates to such Notes.

In the case of a substitution under this Condition 19 (*Meetings of Noteholders; Modification and Waiver; Substitution*), the Trustee may agree, without the consent of the holders of the Notes of the relevant Series or of the Coupons (if any) appertaining thereto, to a change of the law governing such Notes and/or Coupons and/or the Trust Deed in so far as it relates to such Notes provided that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the holders of the Notes of such Series.

- (d) *PRA notice or consent:* The provisions relating to the Tier 2 Capital Notes shall only be capable of modification or waiver and the Issuer of Tier 2 Capital Notes may only be substituted in accordance with Condition 19(c) (*Meetings of Noteholders; Modification and Waiver; Substitution - Substitution*) above, if the Issuer has notified the PRA of such modification, waiver or substitution and/or obtained the prior consent of the PRA, as the case may be, (if such notice and/or consent is then required by the Capital Regulations). Wherever such modification or waiver of the Tier 2 Capital Notes is proposed, a meeting of Holders in respect thereof is proposed or a substitution of the Issuer of the Tier 2 Capital Notes is proposed in accordance with Condition 19(c) (*Meetings of Noteholders; Modification and Waiver; Substitution - Substitution*) above, the Issuer shall provide to the Trustee a certificate signed by two Authorised Signatories, certifying either that (i) it has notified the PRA of, and/or received the PRA's consent to such modification, waiver or substitution, as the case may be; or (ii) that the Issuer is not required to notify the PRA of, and/or obtain the PRA's consent to, such modification, waiver or substitution. The Trustee shall be entitled to rely absolutely on such certificate without further enquiry and without liability for so doing.
- (e) *Effect for the Holders:* Any such modification, waiver, authorisation or substitution shall be binding on all the Noteholders and Couponholders of the relevant Series and, unless the Trustee agrees otherwise, shall be notified to the holders of Notes of that Series as soon as practicable thereafter in accordance with Condition 21 (*Notices*).

In connection with the exercise of its powers, trusts, authorities or discretions (including, but not limited to, those in relation to any such modification, waiver, authorisation or substitution as aforesaid) the Trustee shall have regard to the interests of the holders of the Notes of the relevant Series as a class and in particular, but without limitation, shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders resulting from the individual Noteholders or Couponholders being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders or Couponholders.

20. **Further Issues**

The Issuer may from time to time, without the consent of the Noteholders and in accordance with the Trust Deed, create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Notes. The Issuer may from time to time, with the consent of the Trustee, create and issue other series of notes having the benefit of the Trust Deed.

21. **Notices**

- (a) *Bearer Notes:* Notices to the Holders of Bearer Notes shall be valid if published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*) or, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe. Any such notice shall be deemed to have been given on the date of first publication (or if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders

shall be deemed for all purposes to have notice of the contents of any notice given to the Holders of Bearer Notes.

- (b) *Registered Notes:* Notices to the Holders of Registered Notes shall be sent to them by first class mail (or its equivalent) or (if posted to an overseas address) by airmail at their respective addresses on the Register. Any such notice shall be deemed to have been given on the fourth day after the date of mailing.

22. **Rounding**

For the purposes of any calculations referred to in these Conditions, (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

23. **Contracts (Rights of Third Parties) Act 1999**

No person shall have any right to enforce any term or condition of any Note by virtue of the Contracts (Rights of Third Parties) Act 1999.

24. **Governing Law and Jurisdiction**

- (a) *Governing law:* The Notes and the Trust Deed, and all non-contractual obligations arising out of or in connection with the Notes and the Trust Deed, are governed by English law.
- (b) *Jurisdiction:* The parties to the Trust Deed have (i) agreed that the courts of England shall have exclusive jurisdiction to settle any dispute (a "**Dispute**") arising out of or in connection with the Notes; and (ii) agreed that those courts are the most appropriate and convenient courts to settle any Dispute and, accordingly, that they will not argue that any other courts are more appropriate or convenient.

UNITED KINGDOM TAXATION

The following is a summary of the United Kingdom withholding taxation treatment at the date hereof in relation to payments of principal and interest in respect of the Notes. It is based on current law and the practice of Her Majesty's Revenue & Customs ("HMRC"), which may be subject to change, sometimes with retrospective effect. The comments do not deal with other United Kingdom tax aspects of acquiring, holding or disposing of Notes. The comments relate only to the position of persons who are absolute beneficial owners of the Notes. Prospective Noteholders should be aware that the particular terms of issue of any series of Notes as specified in the relevant Final Terms may affect the tax treatment of that and other series of Notes. The following is a general guide and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that might be relevant to a prospective purchaser. Noteholders who are in any doubt as to their tax position should consult their professional advisers. Noteholders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of the Notes are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Notes. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

United Kingdom Withholding Tax on United Kingdom Source Interest

1. Any Notes issued by any of the Bank or the Company which carry a right to interest will constitute "quoted Eurobonds" provided they are and continue to be listed on a recognised stock exchange. Whilst the Notes are and continue to be quoted Eurobonds, payments of interest by the relevant Issuer on the Notes may be made without withholding or deduction for or on account of United Kingdom income tax.

Notes will be "listed on a recognised stock exchange" for this purpose if they are admitted to trading on a recognised stock exchange (for the purposes of section 1005 of the Income Tax Act 2007) and either they are included in the United Kingdom official list (within the meaning of Part 6 of the Financial Services and Markets Act 2000) or they are officially listed, in accordance with provisions corresponding to those generally applicable in European Economic Area states, in a country outside the United Kingdom in which there is a recognised stock exchange (for the purposes of section 1005 of the Income Tax Act 2007).

The London Stock Exchange is a recognised stock exchange for these purposes, and accordingly the Notes will constitute quoted Eurobonds provided they are and continue to be included in the United Kingdom official list and admitted to trading on the Regulated Market of that Exchange.

2. In addition to the exemption set out in 1 above, interest on the Notes which are not "regulatory capital securities" for the purposes of The Taxation of Regulatory Capital Securities Regulations 2013 (the "**2013 Regulations**") may be paid without withholding or deduction for or on account of United Kingdom income tax provided that the relevant Issuer is and continues to be a "bank" within the meaning of section 991 of the Income Tax Act 2007 and the interest on the Notes is paid in the ordinary course of its business within the meaning of section 878 of the Income Tax Act 2007. In accordance with the published practice of HMRC, such payments will be accepted as being made in the ordinary course of business unless either:
 - (i) the borrowing in question conforms to any of the definitions of tier 1, 2 or 3 capital adopted by the Bank of England whether or not it actually counts towards tier 1, 2 or 3 capital for regulatory purposes; or
 - (ii) the characteristics of the transaction giving rise to the interest are primarily attributable to an intention to avoid United Kingdom tax.

The Bank and the Company understand that HMRC are proposing to withdraw the published statement of practice referred to above as part of a package of proposed measures relating to the taxation of regulatory capital securities. It is unclear at present whether a replacement statement

of practice will be published and whether there is any change in HMRC's views on the question of when an interest payment is made by a bank in the ordinary course of business.

3. Interest on the Notes may be paid without withholding or deduction for or on account of United Kingdom income tax if the Notes constitute "regulatory capital securities" for the purposes of the 2013 Regulations and there are no arrangements, the main purpose, or one of the main purposes, of which is to obtain a tax advantage for any person as a result of the application of the 2013 Regulations in respect of the Notes.

A Note will constitute a "regulatory capital security" for the purposes of the 2013 Regulations if the Note qualifies, or has qualified, as a Tier 2 instrument under Article 63 of the Commission Regulation (EU) No. 575/2013 and forms, or formed, a component of Tier 2 capital for the purposes of Commission Regulation (EU) No 575/2013.

4. It should be noted that the exemption described in 2 above will currently only be relevant in the case of Notes issued by the Bank and not to any Notes issued by the Company.
5. In all cases falling outside the exemptions described in 1, 2 and 3 above, interest on the Notes may fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20 per cent.) subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty or to any other exemption which may apply. However, such withholding or deduction will not apply if the relevant interest is paid on Notes with a maturity of less than one year from the date of issue and which are not issued under a scheme of arrangements the effect or intention of which is, to render such Notes part of a borrowing with a total term of a year or more.

Provision of Information

6. HMRC have powers to obtain information, including in relation to interest or payments treated as interest and payments derived from Notes. This may include details of the beneficial owners of the Notes (or the persons for whom the Notes are held), details of the persons to whom payments derived from the Notes are or may be paid and information in connection with transactions relating to the Notes. Information obtained by HMRC may be provided to tax authorities in other countries.

Other Rules Relating to United Kingdom Withholding Tax

7. Notes may be issued at an issue price of less than 100 per cent. of their principal amount. Any discount element of such Notes will not generally be subject to any United Kingdom withholding tax pursuant to the provisions mentioned in 1 to 5 above, but may be subject to the reporting requirements outlined in 6 above.

Where Notes are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest. Payments of interest are subject to United Kingdom withholding tax and reporting requirements as outlined above.

Where interest has been paid under deduction of United Kingdom income tax, Noteholders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

The references to "interest" above mean "interest" as understood in United Kingdom tax law. The statements above do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law or which may be created by the terms and conditions of the Notes or any related documentation. Where a payment on a Note does not constitute (or is not treated as) interest for United Kingdom tax purposes, and the payment has a United Kingdom source, it would potentially be subject to United Kingdom withholding tax if, for example, it constitutes (or is treated as) an annual payment or a manufactured payment for United Kingdom tax purposes (which will be determined by, amongst other things, the terms and conditions specified by the Final Terms of the Note). In such a case, the payment may fall to be made under deduction of United Kingdom tax (the rate of withholding depending on the nature of the payment), subject to such relief as may be available following a direction from HMRC pursuant

to the provisions of any applicable double taxation treaty, or to any other exemption which may apply.

The above description of the United Kingdom withholding tax position assumes that there will be no substitution of the Bank or the Company as issuer pursuant to Condition 19 (*Meetings of Noteholders; Modification and Waiver; Substitution*) of the Notes or otherwise and does not consider the tax consequences of any such substitution.

UNITED STATES FEDERAL INCOME TAXATION

The following is a summary of certain material U.S. federal income tax consequences of the acquisition, ownership and disposition of Notes by a U.S. Holder.

As used herein, the term "U.S. Holder" means a beneficial owner of Notes that is, for U.S. federal income tax purposes, (i) a citizen or resident of the United States, (ii) a corporation created or organised under the laws of the United States or any State thereof, (iii) an estate the income of which is subject to U.S. federal income tax without regard to its source or (iv) a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or the trust has elected to be treated as a domestic trust for U.S. federal income tax purposes.

This summary does not address the material U.S. federal income tax consequences of every type of Note which may be issued under the Programme, and the relevant Final Terms may contain additional or modified disclosure concerning the material U.S. federal income tax consequences relevant to such type of Note as appropriate. This summary deals only with purchasers of Notes that are U.S. Holders and that will hold the Notes as capital assets. The discussion does not cover all aspects of U.S. federal income taxation that may be relevant to, or the actual tax effect that any of the matters described herein will have on, the acquisition, ownership or disposition of Notes by particular investors, and does not address state, local, foreign or other tax laws. In particular, this summary does not address tax considerations applicable to investors that own or are treated as owning (directly or indirectly) 10 per cent. or more of the voting stock of either Issuer, nor does this summary discuss all of the tax considerations that may be relevant to certain types of investors subject to special treatment under the U.S. federal income tax laws (such as financial institutions, insurance companies, investors liable for the alternative minimum tax, individual retirement accounts and other tax-deferred accounts, tax-exempt organisations, dealers in securities or currencies, investors that will hold the Notes as part of straddles, hedging transactions or conversion transactions for U.S. federal income tax purposes or investors whose functional currency is not the U.S. dollar). Moreover, the summary does not address the U.S. federal income tax treatment of any Notes for which payments of principal or interest are denominated in, or determined by reference to, more than one currency.

The U.S. federal income tax treatment of a partner in a partnership that holds Notes will depend on the status of the partner and the activities of the partnership. Prospective purchasers that are partnerships should consult their tax adviser concerning the U.S. federal income tax consequences to their partners of the acquisition, ownership and disposition of Notes by the partnership.

The summary is based on the tax laws of the United States including the Internal Revenue Code of 1986, as amended, its legislative history, existing and proposed regulations thereunder, published rulings and court decisions, all as currently in effect and all subject to change at any time, possibly with retroactive effect.

Bearer Notes are not being offered to U.S. Holders. A U.S. Holder who owns a Bearer Note may be subject to limitations under United States income tax laws, including limitations provided in sections 165(j) and 1287(a) of the United States Internal Revenue Code.

THE SUMMARY OF U.S. FEDERAL INCOME TAX CONSEQUENCES SET OUT BELOW IS FOR GENERAL INFORMATION ONLY. PROSPECTIVE PURCHASERS SHOULD CONSULT THEIR TAX ADVISERS AS TO THE PARTICULAR TAX CONSEQUENCES TO THEM OF OWNING THE NOTES, THE APPLICABILITY AND EFFECT OF STATE, LOCAL, FOREIGN AND OTHER TAX LAWS AND POSSIBLE CHANGES IN TAX LAW.

Characterisation of the Notes

The determination whether an obligation represents a debt or equity interest is based on all the relevant facts and circumstances, and courts at times have held that obligations purporting to be debt constituted equity for U.S. federal income tax purposes. There are no regulations, published rulings or judicial decisions addressing the characterisation for U.S. federal income tax purposes of securities with terms substantially the same as the Tier 2 Capital Notes. The applicable Final Terms will indicate whether the relevant Issuer intends to treat a particular series of Tier 2 Capital Notes as equity for U.S. federal income tax purposes.

Prospective purchasers should consult their tax advisers regarding the appropriate characterisation of any Tier 2 Capital Notes.

Notes Treated as Debt of the relevant Issuer

The following discussion applies to Notes that are properly treated as debt obligations of the relevant Issuer.

Payments of Interest

General

Interest on a Note, whether payable in U.S. dollars or a currency, composite currency or basket of currencies other than U.S. dollars (a "**foreign currency**"), other than interest on a Note with a term of one year or less (a "**Short-Term Note**") treated as issued with original issue discount ("**OID**") (a "**Discount Note**"), that is not interest which is unconditionally payable at least annually at a single fixed rate (with certain exceptions for lower rates paid during some periods), or a variable rate (in the circumstances described below under "*Original Issue Discount — Variable Interest Rate Notes*"), applied to the outstanding principal amount of the Note ("**qualified stated interest**"), will be taxable to a U.S. Holder as ordinary income at the time it is received or accrued, depending on the holder's method of accounting for tax purposes. Interest paid by an Issuer on the Notes and OID, if any, accrued with respect to the Notes generally will constitute income from sources outside the United States.

Effect of United Kingdom Withholding Taxes

As discussed in "*United Kingdom Taxation*," under current law payments of interest in respect of certain Notes may be subject to United Kingdom withholding taxes. As discussed under "*Terms and Conditions of the Notes - Taxation*", an Issuer may become liable for the payment of additional amounts to U.S. Holders so that U.S. Holders receive the same amounts they would have received had no United Kingdom withholding taxes been imposed. For U.S. federal income tax purposes, U.S. Holders would be treated as having actually received the amount of United Kingdom taxes withheld by the relevant Issuer with respect to a Note, and as then having actually paid over the withheld taxes to the United Kingdom taxing authorities. As a result of this rule, the amount of interest income included in gross income for U.S. federal income tax purposes by a U.S. Holder with respect to a payment of interest may be greater than the amount of cash actually received (or receivable) by the U.S. Holder from an Issuer with respect to the payment.

Subject to certain limitations, a U.S. Holder will generally be entitled to a credit against its U.S. federal income tax liability, or a deduction in computing its U.S. federal taxable income, for United Kingdom income taxes withheld by an Issuer. For purposes of the foreign tax credit limitation, foreign source income is classified by "baskets", and the credit for foreign taxes on income in a basket is limited to U.S. federal income tax allocable to that income. The foreign tax credit rules are very complex and prospective purchasers should consult their tax advisers concerning the foreign tax credit implications of the payment of these United Kingdom taxes.

Original Issue Discount

General

The following is a summary of the principal U.S. federal income tax consequences of the ownership of Notes issued with OID.

A Note, other than a Short-Term Note, will be treated as a Discount Note if the excess of the Note's "stated redemption price at maturity" over its issue price is equal to or more than a *de minimis* amount (0.25 per cent. of the Note's stated redemption price at maturity multiplied by the number of complete years to its maturity). An obligation that provides for the payment of amounts other than qualified stated interest before maturity (an "**instalment obligation**") will be treated as a Discount Note if the excess of the Note's stated redemption price at maturity over its issue price is greater than 0.25 per cent. of the Note's stated redemption price at maturity multiplied by the weighted average maturity of the Note. A Note's weighted average maturity is the sum of the following amounts determined for each payment on a Note (other than a payment of qualified stated interest): (i) the number of complete years from the issue date until the payment is made multiplied by (ii) a fraction, the numerator of which is the amount of the

payment and the denominator of which is the Note's stated redemption price at maturity. Generally, the issue price of a Note will be the first price at which a substantial amount of Notes included in the issue of which the Note is a part is sold to persons other than bond houses, brokers, or similar persons or organisations acting in the capacity of underwriters, placement agents, or wholesalers. The stated redemption price at maturity of a Note is the total of all payments provided by the Note that are not payments of "qualified stated interest". Solely for the purposes of determining whether a Note has OID, an Issuer will be deemed to exercise any call option that has the effect of decreasing the yield on the Note, and the U.S. Holder will be deemed to exercise any put option that has the effect of increasing the yield on the Note.

U.S. Holders of Discount Notes must include OID in income calculated on a constant-yield method before the receipt of cash attributable to the income, and generally will have to include in income increasingly greater amounts of OID over the life of the Discount Notes. The amount of OID includible in income by a U.S. Holder of a Discount Note is the sum of the daily portions of OID with respect to the Discount Note for each day during the taxable year or portion of the taxable year on which the U.S. Holder holds the Discount Note ("**accrued OID**"). The daily portion is determined by allocating to each day in any "accrual period" a pro rata portion of the OID allocable to that accrual period. Accrual periods with respect to a Note may be of any length selected by the U.S. Holder and may vary in length over the term of the Note as long as (i) no accrual period is longer than one year and (ii) each scheduled payment of interest or principal on the Note occurs on either the final or first day of an accrual period. The amount of OID allocable to an accrual period equals the excess of (a) the product of the Discount Note's adjusted issue price at the beginning of the accrual period and the Discount Note's yield to maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) over (b) the sum of the payments of qualified stated interest on the Note allocable to the accrual period. The "adjusted issue price" of a Discount Note at the beginning of any accrual period is the issue price of the Note increased by (x) the amount of accrued OID for each prior accrual period and decreased by (y) the amount of any payments previously made on the Note that were not qualified stated interest payments.

Acquisition Premium

A U.S. Holder that purchases a Discount Note for an amount less than or equal to the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, but in excess of its adjusted issue price (any such excess being "**acquisition premium**") and that does not make the election described below under "*Election to Treat All Interest as Original Issue Discount*", is permitted to reduce the daily portions of OID by a fraction, the numerator of which is the excess of the U.S. Holder's adjusted basis in the Note immediately after its purchase over the Note's adjusted issue price, and the denominator of which is the excess of the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, over the Note's adjusted issue price.

Market Discount

A Note, other than a Short-Term Note, generally will be treated as purchased at a market discount (a "**Market Discount Note**") if the Note's stated redemption price at maturity or, in the case of a Discount Note, the Note's "revised issue price", exceeds the amount for which the U.S. Holder purchased the Note by at least 0.25 per cent. of the Note's stated redemption price at maturity or revised issue price, respectively, multiplied by the number of complete years to the Note's maturity (or, in the case of a Note that is an instalment obligation, the Note's weighted average maturity). If this excess is not sufficient to cause the Note to be a Market Discount Note, then the excess constitutes "*de minimis* market discount". For this purpose, the "revised issue price" of a Note generally equals its issue price, increased by the amount of any OID that has accrued on the Note and decreased by the amount of any payments previously made on the Note that were not qualified stated interest payments.

Under current law, any gain recognised on the maturity or disposition of a Market Discount Note (including any payment on a Note that is not qualified stated interest) will be treated as ordinary income to the extent that the gain does not exceed the accrued market discount on the Note. Alternatively, a U.S. Holder of a Market Discount Note may elect to include market discount in income currently over the life of the Note. This election shall apply to all debt instruments with market discount acquired by the electing U.S. Holder on or after the first day of the first taxable year to which the election applies. This election may not be revoked without the consent of the IRS. A U.S. Holder of a Market Discount Note that does not elect to include market discount in income currently will generally be required to defer deductions for

interest on borrowings incurred to purchase or carry a Market Discount Note that is in excess of the interest and OID on the Note includible in the U.S. Holder's income, to the extent that this excess interest expense does not exceed the portion of the market discount allocable to the days on which the Market Discount Note was held by the U.S. Holder.

Under current law, market discount will accrue on a straight-line basis unless the U.S. Holder elects to accrue the market discount on a constant-yield method. This election applies only to the Market Discount Note with respect to which it is made and is irrevocable.

Election to Treat All Interest as Original Issue Discount

A U.S. Holder may elect to include in gross income all interest that accrues on a Note using the constant-yield method described above under "*Original Issue Discount - General*," with certain modifications. For purposes of this election, interest includes stated interest, OID, de minimis OID, market discount, *de minimis* market discount and unstated interest, as adjusted by any amount in excess of the principal amount of a Note, or for a Discount Note, its stated redemption price at maturity ("**amortisable bond premium**") or acquisition premium. This election will generally apply only to the Note with respect to which it is made and may not be revoked without the consent of the IRS. If the election to apply the constant-yield method to all interest on a Note is made with respect to a Market Discount Note, the electing U.S. Holder will be treated as having made the election discussed above under "*Market Discount*" to include market discount in income currently over the life of all debt instruments with market discount held or thereafter acquired by the U.S. Holder. U.S. Holders should consult their tax advisers concerning the propriety and consequences of this election.

Variable Interest Rate Notes

Notes that provide for interest at variable rates ("**Variable Interest Rate Notes**") generally will bear interest at a "qualified floating rate" and thus will be treated as "variable rate debt instruments" under Treasury regulations governing accrual of OID. A Variable Interest Rate Note will qualify as a "variable rate debt instrument" if (a) its issue price does not exceed the total noncontingent principal payments due under the Variable Interest Rate Note by more than a specified *de minimis* amount and (b) it provides for stated interest, paid or compounded at least annually, at (i) one or more qualified floating rates, (ii) a single fixed rate and one or more qualified floating rates, (iii) a single objective rate, or (iv) a single fixed rate and a single objective rate that is a qualified inverse floating rate.

A "qualified floating rate" is any variable rate where variations in the value of the rate can reasonably be expected to measure contemporaneous variations in the cost of newly borrowed funds in the currency in which the Variable Interest Rate Note is denominated. A fixed multiple of a qualified floating rate will constitute a qualified floating rate only if the multiple is greater than 0.65 but not more than 1.35. A variable rate equal to the product of a qualified floating rate and a fixed multiple that is greater than 0.65 but not more than 1.35, increased or decreased by a fixed rate, will also constitute a qualified floating rate. In addition, two or more qualified floating rates that can reasonably be expected to have approximately the same values throughout the term of the Variable Interest Rate Note (e.g., two or more qualified floating rates with values within 25 basis points of each other as determined on the Variable Interest Rate Note's issue date) will be treated as a single qualified floating rate. Notwithstanding the foregoing, a variable rate that would otherwise constitute a qualified floating rate but which is subject to one or more restrictions such as a maximum numerical limitation (i.e., a cap) or a minimum numerical limitation (i.e., a floor) may, under certain circumstances, fail to be treated as a qualified floating rate unless the cap or floor is fixed throughout the term of the Note.

An "objective rate" is a rate that is not itself a qualified floating rate but which is determined using a single fixed formula and which is based on objective financial or economic information (e.g., one or more qualified floating rates or the yield of actively traded personal property). A rate will not qualify as an objective rate if it is based on information that is within the control of an Issuer (or a related party) or that is unique to the circumstances of an Issuer (or a related party), such as dividends, profits or the value of an Issuer's stock (although a rate does not fail to be an objective rate merely because it is based on the credit quality of an Issuer). Other variable interest rates may be treated as objective rates if so designated by the IRS in the future. Despite the foregoing, a variable rate of interest on a Variable Interest Rate Note will not constitute an objective rate if it is reasonably expected that the average value of the rate during the first half of the Variable Interest Rate Note's term will be either significantly less than or significantly greater than the average value of the rate during the final half of the Variable Interest Rate Note's term. A

"qualified inverse floating rate" is any objective rate where the rate is equal to a fixed rate minus a qualified floating rate, as long as variations in the rate can reasonably be expected to inversely reflect contemporaneous variations in the qualified floating rate. If a Variable Interest Rate Note provides for stated interest at a fixed rate for an initial period of one year or less followed by a variable rate that is either a qualified floating rate or an objective rate for a subsequent period and if the variable rate on the Variable Interest Rate Note's issue date is intended to approximate the fixed rate (e.g., the value of the variable rate on the issue date does not differ from the value of the fixed rate by more than 25 basis points), then the fixed rate and the variable rate together will constitute either a single qualified floating rate or objective rate, as the case may be.

A qualified floating rate or objective rate in effect at any time during the term of the instrument must be set at a "current value" of that rate. A "current value" of a rate is the value of the rate on any day that is no earlier than 3 months prior to the first day on which that value is in effect and no later than 1 year following that first day.

If a Variable Interest Rate Note that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof qualifies as a "variable rate debt instrument", then any stated interest on the Note which is unconditionally payable in cash or property (other than debt instruments of the relevant Issuer) at least annually will constitute qualified stated interest and will be taxed accordingly. Thus, a Variable Interest Rate Note that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof and that qualifies as a "variable rate debt instrument" will generally not be treated as having been issued with OID unless the Variable Interest Rate Note is issued at a "true" discount (i.e., at a price below the Note's stated principal amount) in excess of a specified *de minimis* amount. OID on a Variable Interest Rate Note arising from "true" discount is allocated to an accrual period using the constant yield method described above by assuming that the variable rate is a fixed rate equal to (i) in the case of a qualified floating rate or qualified inverse floating rate, the value, as of the issue date, of the qualified floating rate or qualified inverse floating rate, or (ii) in the case of an objective rate (other than a qualified inverse floating rate), a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Note.

In general, any other Variable Interest Rate Note that qualifies as a "variable rate debt instrument" will be converted into an "equivalent" fixed rate debt instrument for purposes of determining the amount and accrual of OID and qualified stated interest on the Variable Interest Rate Note. Such a Variable Interest Rate Note must be converted into an "equivalent" fixed rate debt instrument by substituting any qualified floating rate or qualified inverse floating rate provided for under the terms of the Variable Interest Rate Note with a fixed rate equal to the value of the qualified floating rate or qualified inverse floating rate, as the case may be, as of the Variable Interest Rate Note's issue date. Any objective rate (other than a qualified inverse floating rate) provided for under the terms of the Variable Interest Rate Note is converted into a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Note. In the case of a Variable Interest Rate Note that qualifies as a "variable rate debt instrument" and provides for stated interest at a fixed rate in addition to either one or more qualified floating rates or a qualified inverse floating rate, the fixed rate is initially converted into a qualified floating rate (or a qualified inverse floating rate, if the Variable Interest Rate Note provides for a qualified inverse floating rate). Under these circumstances, the qualified floating rate or qualified inverse floating rate that replaces the fixed rate must be such that the fair market value of the Variable Interest Rate Note as of the Variable Interest Rate Note's issue date is approximately the same as the fair market value of an otherwise identical debt instrument that provides for either the qualified floating rate or qualified inverse floating rate rather than the fixed rate. Subsequent to converting the fixed rate into either a qualified floating rate or a qualified inverse floating rate, the Variable Interest Rate Note is converted into an "equivalent" fixed rate debt instrument in the manner described above.

Once the Variable Interest Rate Note is converted into an "equivalent" fixed rate debt instrument pursuant to the foregoing rules, the amount of OID and qualified stated interest, if any, are determined for the "equivalent" fixed rate debt instrument by applying the general OID rules to the "equivalent" fixed rate debt instrument and a U.S. Holder of the Variable Interest Rate Note will account for the OID and qualified stated interest as if the U.S. Holder held the "equivalent" fixed rate debt instrument. In each accrual period, appropriate adjustments will be made to the amount of qualified stated interest or OID assumed to have been accrued or paid with respect to the "equivalent" fixed rate debt instrument in the event that these amounts differ from the actual amount of interest accrued or paid on the Variable Interest Rate Note during the accrual period.

If a Variable Interest Rate Note, such as a Note the payments on which are determined by reference to an index, does not qualify as a "variable rate debt instrument", then the Variable Interest Rate Note will be treated as a contingent payment debt obligation.

Short-Term Notes

In general, an individual or other cash basis U.S. Holder of a Short-Term Note is not required to accrue OID for U.S. federal income tax purposes unless it elects to do so (but may be required to include any stated interest in income as the interest is received). Accrual basis U.S. Holders and certain other U.S. Holders are required to accrue OID on Short-Term Notes on a straight-line basis or, if the U.S. Holder so elects, under the constant-yield method (based on daily compounding). In the case of a U.S. Holder not required and not electing to include OID in income currently, any gain realized on the sale or retirement of the Short-Term Note will be ordinary income to the extent of the OID accrued on a straight-line basis (unless an election is made to accrue the OID under the constant-yield method) through the date of sale or retirement. U.S. Holders who are not required and do not elect to accrue OID on Short-Term Notes will be required to defer deductions for interest on borrowings allocable to Short-Term Notes in an amount not exceeding the deferred income until the deferred income is realized.

For purposes of determining the amount of OID subject to these rules, all interest payments on a Short-Term Note are included in the Short-Term Note's stated redemption price at maturity. A U.S. Holder may elect to determine OID on a Short-Term Note as if the Short-Term Note had been originally issued to the U.S. Holder at the U.S. Holder's purchase price for the Short-Term Note. This election shall apply to all obligations with a maturity of one year or less acquired by the U.S. Holder on or after the first day of the first taxable year to which the election applies, and may not be revoked without the consent of the IRS.

Notes Purchased at a Premium

A U.S. Holder that purchases a Note (or a Discount Note) at an amortisable bond premium may elect to reduce the amount required to be included in the U.S. Holder's income each year with respect to interest on the Note (or the Discount Note) by the amount of amortisable bond premium allocable (based on the Note/Discount Note's yield to maturity) to that year. Any election to amortise bond premium shall apply to all bonds (other than bonds the interest on which is excludable from gross income for U.S. federal income tax purposes) held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. Holder, and is irrevocable without the consent of the IRS. See also "*Original Issue Discount - Election to Treat All Interest as Original Issue Discount*".

Contingent Payment Debt Instruments

If the terms of the Notes provide for certain contingencies that affect the timing and amount of payments (including Notes with a variable rate or rates that do not qualify as "variable rate debt instruments" as described above) they will be "contingent payment debt instruments" for U.S. federal income tax purposes. Under the rules that govern the treatment of contingent payment debt instruments, no payment on such Notes qualifies as qualified stated interest. Rather, a U.S. Holder must account for interest for U.S. federal income tax purposes based on a "comparable yield" and the differences between actual payments on the Note and the Note's projected payment schedule that represents a series of payments the amount and timing of which would produce a yield to maturity on the contingent payment debt Instrument equal to the comparable yield ("**projected payment schedule**"). The comparable yield is determined by the relevant Issuer at the time of issuance of the Notes. The comparable yield may be greater than or less than the stated interest, if any, with respect to the Notes. Solely for the purpose of determining the amount of interest income that a U.S. Holder will be required to accrue on a contingent payment debt instrument, the relevant Issuer will be required to construct a projected payment schedule.

Neither the comparable yield nor the projected payment schedule constitutes a representation by the Issuers regarding the actual amount, if any, that the contingent payment debt instrument will pay.

A U.S. Holder, regardless of the U.S. Holder's method of accounting for U.S. federal income tax purposes, will be required to accrue interest income on a contingent payment debt instrument at the comparable yield, adjusted upward or downward to reflect the difference, if any, between the actual and the projected amount of any contingent payments on the contingent payment instrument (as set forth below).

A U.S. Holder will be required to recognise interest income equal to the amount of any net positive adjustment, i.e., the excess of actual payments over projected payments, in respect of a contingent payment debt instrument for a taxable year. A net negative adjustment, i.e., the excess of projected payments over actual payments, in respect of a contingent payment debt instrument for a taxable year:

- will first reduce the amount of interest in respect of the contingent payment debt instrument that a U.S. Holder would otherwise be required to include in income in the taxable year; and
- to the extent of any excess, will give rise to an ordinary loss equal to so much of this excess as does not exceed the excess of:
 - the amount of all previous interest inclusions under the contingent payment debt instrument over
 - the total amount of the U.S. Holder's net negative adjustments treated as ordinary loss on the contingent payment debt instrument in prior taxable years.

A net negative adjustment is not subject to the two per cent. floor limitation imposed on miscellaneous deductions. Any net negative adjustment in excess of the amounts described above will be carried forward to offset future interest income in respect of the contingent payment debt instrument or to reduce the amount realised on a sale, exchange or retirement of the contingent payment debt instrument. Where a U.S. Holder purchases a contingent payment debt instrument for a price other than its adjusted issue price, the difference between the purchase price and the adjusted issue price must be reasonably allocated to the daily portions of interest or projected payments with respect to the contingent payment debt instrument over its remaining term and treated as a positive or negative adjustment, as the case may be, with respect to each period to which it is allocated.

Upon a sale, exchange or retirement of a contingent payment debt instrument, a U.S. Holder generally will recognise taxable gain or loss equal to the difference between the amount realised on the sale, exchange or retirement and the U.S. Holder's adjusted basis in the contingent payment debt instrument. A U.S. Holder's adjusted basis in a Note that is a contingent payment debt instrument generally will be the acquisition cost of the Note, increased by the interest previously accrued by the U.S. Holder on the Note under these rules, disregarding any net positive and net negative adjustments, and decreased by the amount of any noncontingent payments and the projected amount (regardless of the actual amount) of any contingent payments previously made on the Note. A U.S. Holder generally will treat any gain as interest income, and any loss as ordinary loss to the extent of the excess of previous interest inclusions in excess of the total net negative adjustments previously taken into account as ordinary losses, and the balance as capital loss. The deductibility of capital losses is subject to limitations.

A U.S. Holder will have a tax basis in any property, other than cash, received upon the retirement of a contingent payment debt instrument including in satisfaction of a conversion right or a call right equal to the fair market value of the property, determined at the time of retirement. The U.S. Holder's holding period for the property will commence on the day immediately following its receipt.

Foreign Currency Notes

Interest

If an interest payment is denominated in, or determined by reference to, a foreign currency, the amount of income recognised by a cash basis U.S. Holder will be the U.S. dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into U.S. dollars.

An accrual basis U.S. Holder may determine the amount of income recognised with respect to an interest payment denominated in, or determined by reference to, a foreign currency in accordance with either of two methods. Under the first method, the amount of income accrued will be based on the average exchange rate in effect during the interest accrual period (or, in the case of an accrual period that spans two taxable years of a U.S. Holder, the part of the period within the taxable year).

Under the second method, the U.S. Holder may elect to determine the amount of income accrued on the basis of the exchange rate in effect on the last day of the accrual period (or, in the case of an accrual

period that spans two taxable years, the exchange rate in effect on the last day of the part of the period within the taxable year). Additionally, if a payment of interest is actually received within five business days of the last day of the accrual period, an electing accrual basis U.S. Holder may instead translate the accrued interest into U.S. dollars at the exchange rate in effect on the day of actual receipt. Any such election will apply to all debt instruments held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. Holder, and will be irrevocable without the consent of the IRS.

Upon receipt of an interest payment (including a payment attributable to accrued but unpaid interest upon the sale or retirement of a Note) denominated in, or determined by reference to, a foreign currency, the U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

OID

OID for each accrual period on a Discount Note that is denominated in, or determined by reference to, a foreign currency, will be determined in the foreign currency and then translated into U.S. dollars in the same manner as stated interest accrued by an accrual basis U.S. Holder, as described above. Upon receipt of an amount attributable to OID (whether in connection with a payment on the Note or a sale of the Note), a U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

Market Discount

Market Discount on a Note that is denominated in, or determined by reference to, a foreign currency, will be accrued in the foreign currency. If the U.S. Holder elects to include market discount in income currently, the accrued market discount will be translated into U.S. dollars at the average exchange rate for the accrual period (or portion thereof within the U.S. Holder's taxable year). Upon the receipt of an amount attributable to accrued market discount, the U.S. Holder may recognise U.S. source exchange gain or loss (which will be taxable as ordinary income or loss) determined in the same manner as for accrued interest or OID. A U.S. Holder that does not elect to include market discount in income currently will recognise, upon the disposition or maturity of the Note, the U.S. dollar value of the amount accrued, calculated at the spot rate on that date, and no part of this accrued market discount will be treated as exchange gain or loss.

Bond Premium

Bond premium (including acquisition premium) on a Note that is denominated in, or determined by reference to, a foreign currency, will be computed in units of the foreign currency, and any such bond premium that is taken into account currently will reduce interest income in units of the foreign currency. On the date bond premium offsets interest income, a U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) measured by the difference between the spot rate in effect on that date, and on the date the Notes were acquired by the U.S. Holder. A U.S. Holder that does not elect to take bond premium (other than acquisition premium) into account currently will recognise a market loss when the Note matures.

Sale or Retirement

As discussed below under "*Purchase, Sale and Retirement of Notes*", a U.S. Holder will generally recognise gain or loss on the sale or retirement of a Note equal to the difference between the amount realised on the sale or retirement and its tax basis in the Note. A U.S. Holder's tax basis in a Note that is denominated in a foreign currency will be determined by reference to the U.S. dollar cost of the Note. The U.S. dollar cost of a Note purchased with foreign currency will generally be the U.S. dollar value of the purchase price on the date of purchase or, in the case of Notes traded on an established securities market, as defined in the applicable Treasury regulations, that are purchased by a cash basis U.S. Holder (or an accrual basis U.S. Holder that so elects), on the settlement date for the purchase.

The amount realised on a sale or retirement for an amount in foreign currency will be the U.S. dollar value of this amount on the date of sale or retirement or, in the case of Notes traded on an established securities market, as defined in the applicable Treasury regulations, sold by a cash basis U.S. Holder (or an accrual basis U.S. Holder that so elects), on the settlement date for the sale. Such an election by an accrual basis U.S. Holder must be applied consistently from year to year and cannot be revoked without the consent of the IRS.

A U.S. Holder will recognise U.S. source exchange rate gain or loss (taxable as ordinary income or loss) on the sale or retirement of a Note equal to the difference, if any, between the U.S. dollar values of the U.S. Holder's purchase price for the Note (or, if less, the principal amount of the Note) (i) on the date of sale or retirement and (ii) the date on which the U.S. Holder acquired the Note. Any such exchange rate gain or loss will be realised only to the extent of total gain or loss realised on the sale or retirement. A U.S. Holder that does not determine its amount realised on the settlement date of the sale or exchange (as discussed in the preceding paragraph) will also recognise U.S. source exchange rate gain or loss on the difference between the U.S. dollar amount realised and the U.S. dollar value of the foreign currency on the date of receipt.

Disposition of Foreign Currency

Foreign currency received as interest on a Note or on the sale or retirement of a Note will have a tax basis equal to its U.S. dollar value at the time it is received. Foreign currency that is purchased will generally have a tax basis equal to the U.S. dollar value of the foreign currency on the date of purchase. Any gain or loss recognised on a sale or other disposition of a foreign currency (including its use to purchase Notes or upon exchange for U.S. dollars) will be U.S. source ordinary income or loss.

Foreign Currency Contingent Notes

Special rules apply to determine the accrual of interest, and the amount, timing, source and character of any gain or loss on a contingent debt instrument that is denominated in, or determined by reference to, a foreign currency (a "**Foreign Currency Contingent Note**"). The rules applicable to Foreign Currency Contingent Notes are complex, and U.S. Holders are urged to consult their tax advisers concerning the application of these rules.

Under these rules, a U.S. Holder of a Foreign Currency Contingent Note will generally be required to accrue interest in the foreign currency in which the Foreign Currency Contingent Note is denominated (i) at a yield at which the relevant Issuer would issue a fixed rate debt instrument denominated in the same foreign currency with terms and conditions similar to those of the Foreign Currency Contingent Note, and (ii) in accordance with a projected payment schedule determined by the relevant Issuer, under rules similar to those described above under "*Contingent Payment Debt Instruments*". The amount of interest on a Foreign Currency Contingent Note that accrues in any accrual period will be the product of the comparable yield of the Foreign Currency Contingent Note (adjusted to reflect the length of the accrual period) and the adjusted issue price of the Foreign Currency Contingent Note. The adjusted issue price of a Foreign Currency Contingent Note will generally be determined under the rules described above, and will be denominated in the foreign currency of the Foreign Currency Contingent Note.

Interest accrued on a Foreign Currency Contingent Note will be translated into U.S. dollars under translation rules similar to those described above under "*Foreign Currency Notes*". Any positive adjustment (i.e. the excess of actual payments over projected payments) in respect of a Foreign Currency Contingent Note for a taxable year will be translated into U.S. dollars at the spot rate on the last day of the taxable year in which the adjustment is taken into account, or if earlier, the date on which the Foreign Currency Contingent Note is disposed of. The amount of any negative adjustment on a Foreign Currency Contingent Note (i.e. the excess of projected payments over actual payments) that is offset against accrued but unpaid interest will be translated into U.S. dollars at the same rate at which the interest was accrued. To the extent a net negative adjustment exceeds the amount of accrued but unpaid interest, the negative adjustment will be treated as offsetting interest that has accrued and been paid on the Foreign Currency Contingent Note, and will be translated into U.S. dollars at the spot rate on the date the Foreign Currency Contingent Note was issued. Any net negative adjustment carry forward will be carried forward in the relevant foreign currency.

Purchase, Sale and Retirement of Notes - Other than Contingent Payment Debt Instruments

A U.S. Holder's tax basis in a Note will generally be its cost, increased by the amount of any OID or market discount included in the U.S. Holder's income with respect to the Note and the amount, if any, of income attributable to *de minimis* OID and *de minimis* market discount included in the U.S. Holder's income with respect to the Note, and reduced by (i) the amount of any payments that are not qualified stated interest payments, and (ii) the amount of any amortisable bond premium applied to reduce interest on the Note.

A U.S. Holder will generally recognise gain or loss on the sale or retirement of a Note equal to the difference between the amount realised on the sale or retirement and the tax basis of the Note. The amount realised does not include the amount attributable to accrued but unpaid qualified stated interest, which will be taxable as interest income to the extent not previously included in income. Except to the extent described above under "*— Original Issue Discount - Market Discount*" or "*— Original Issue Discount - Short Term Notes*" or attributable to changes in exchange rates (as discussed below), gain or loss recognised on the sale or retirement of a Note will be capital gain or loss and will be long-term capital gain or loss if the U.S. Holder's holding period in the Notes exceeds one year.

Gain or loss realised by a U.S. Holder on the sale or retirement of a Note generally will be U.S. source. Therefore, a U.S. Holder may have insufficient foreign source income to utilise foreign tax credits attributable to any United Kingdom capital gains tax imposed on a sale or disposition. Prospective purchasers should consult their tax advisers as to the availability of and limitations on any foreign tax credit attributable to this United Kingdom capital gains tax.

For Notes that are contingent payment debt instruments (other than "*— Foreign Currency Contingent Notes*"), see treatment above under "*— Contingent Payment Debt Instruments*".

Purchase, Sale and Retirement of Notes - Foreign Currency Contingent Notes

Upon a sale, exchange or retirement of a Foreign Currency Contingent Note, a U.S. Holder will generally recognise taxable gain or loss equal to the difference between the amount realised on the sale, exchange or retirement and the U.S. Holder's tax basis in the Foreign Currency Contingent Note, both translated into U.S. dollars as described below. A U.S. Holder's tax basis in a Foreign Currency Contingent Note will equal (i) the cost thereof (translated into U.S. dollars at the spot rate on the issue date), (ii) increased by the amount of interest previously accrued on the Foreign Currency Contingent Note (disregarding any positive or negative adjustments and translated into U.S. dollars using the exchange rate applicable to such interest) and (iii) decreased by the projected amount of all prior payments in respect of the Foreign Currency Contingent Note. The U.S. dollar amount of the projected payments described in clause (iii) of the preceding sentence is determined by (i) first allocating the payments to the most recently accrued interest to which prior amounts have not already been allocated and translating those amounts into U.S. dollars at the rate at which the interest was accrued and (ii) then allocating any remaining amount to principal and translating such amount into U.S. dollars at the spot rate on the date the Foreign Currency Contingent Note was acquired by the U.S. Holder. For this purpose, any accrued interest reduced by a negative adjustment carry forward will be treated as principal.

The amount realised by a U.S. Holder upon the sale, exchange or retirement of a Foreign Currency Contingent Note will equal the amount of cash and the fair market value (determined in foreign currency) of any property received. If a U.S. Holder holds a Foreign Currency Contingent Note until its scheduled maturity, the U.S. dollar equivalent of the amount realised will be determined by separating such amount realised into principal and one or more interest components, based on the principal and interest comprising the U.S. Holder's basis, with the amount realised allocated first to interest (and allocated to the most recently accrued amounts first) and any remaining amounts allocated to principal. The U.S. dollar equivalent of the amount realised upon a sale, exchange or unscheduled retirement of a Foreign Currency Contingent Note will be determined in a similar manner, but will first be allocated to principal and then any accrued interest (and will be allocated to the earliest accrued amounts first). Each component of the amount realised will be translated into U.S. dollars using the exchange rate used with respect to the corresponding principal or accrued interest. The amount of any gain realised upon a sale, exchange or unscheduled retirement of a Foreign Currency Contingent Note will be equal to the excess of the amount realised over the holder's tax basis, both expressed in foreign currency, and will be translated into U.S. dollars using the spot rate on the payment date. Gain from the sale or retirement of a Foreign Currency Contingent Note will generally be treated as interest income taxable at ordinary income (rather

than capital gains) rates. Any loss will be ordinary loss to the extent that the U.S. Holder's total interest inclusions to the date of sale or retirement exceed the total net negative adjustments that the U.S. Holder took into account as ordinary loss, and any further loss will be capital loss. Gain or loss realised by a U.S. Holder on the sale or retirement of a Foreign Currency Contingent Note will generally be foreign source. Prospective purchasers should consult their tax advisers as to the foreign tax credit implications of the sale or retirement of Foreign Currency Contingent Notes.

A U.S. Holder will also recognise U.S. source exchange rate gain or loss (taxable as ordinary income or loss) on the receipt of foreign currency in respect of a Foreign Currency Contingent Note if the exchange rate in effect on the date the payment is received differs from the rate applicable to the principal or accrued interest to which such payment relates.

Reportable Transactions

A U.S. taxpayer that participates in a "reportable transaction" will be required to disclose this participation to the IRS. The scope and application of these rules is not entirely clear. A U.S. Holder may be required to treat a foreign currency exchange loss from the Notes as a reportable transaction if the loss exceeds U.S.\$50,000 in a single taxable year, if the U.S. Holder is an individual or trust, or higher amounts for other non-individual U.S. Holders. In the event the acquisition, holding or disposition of Notes constitutes participation in a "reportable transaction" for purposes of these rules, a U.S. Holder will be required to disclose its investment by filing Form 8886 with the IRS. Accordingly, if a U.S. Holder realises a loss on any Note (or, possibly, aggregate losses from the Notes) satisfying the monetary thresholds discussed above, the U.S. Holder could be required to file an information return with the IRS, and failure to do so may subject the U.S. Holder to the penalties described above. In addition, an Issuer and its advisers may also be required to disclose the transaction to the IRS and maintain a list of U.S. Holders, and to furnish this list and certain other information to the IRS upon written request. Prospective purchasers are urged to consult their tax advisers regarding the application of these rules to the acquisition, holding or disposition of Notes.

Notes Treated as Equity in an Issuer

The applicable Final Terms will indicate whether any particular Series of Tier 2 Capital Notes should properly be treated as equity interests in the relevant Issuer for U.S. federal income tax purposes. The following discussion applies to Notes that are properly treated as equity of the relevant Issuer.

Payments of Interest

General

Subject to the PFIC rules discussed below, payments of interest paid by an Issuer out of current or accumulated earnings and profits (as determined for U.S. federal income tax purposes), before reduction for any United Kingdom withholding tax paid by the relevant Issuer with respect thereto, will generally be taxable to a U.S. Holder as foreign source dividend income, and will not be eligible for the dividends received deduction allowed to corporations. Payments of interest in excess of current and accumulated earnings and profits will be treated as a non-taxable return of capital to the extent of the U.S. Holder's basis in the Notes and thereafter as capital gain. However, the Issuers do not maintain calculations of their earnings and profits in accordance with U.S. federal income tax accounting principles. U.S. Holders should therefore assume that any payments of interest by an Issuer with respect to Notes will constitute ordinary dividend income. U.S. Holders should consult their own tax advisors with respect to the appropriate U.S. federal income tax treatment of any payments of interest received from an Issuer.

Payments of interest that are treated as dividends paid by an Issuer will be taxable to a non-corporate U.S. Holder at the special reduced rate normally applicable to capital gains, provided the relevant Issuer qualifies for the benefits of the income tax treaty between the United States and the United Kingdom. A U.S. Holder will be eligible for this reduced rate only if it satisfies certain holding period requirements. A U.S. Holder will not be able to claim the reduced rate for any year in which the relevant Issuer is treated as a PFIC. See "*Passive Foreign Investment Company Considerations*" below.

Foreign Currency Interest

Interest paid in a foreign currency will be included in income in a U.S. dollar amount calculated by reference to the exchange rate in effect on the day the payment is received by the U.S. Holder, regardless

of whether the foreign currency is converted into U.S. dollars at that time. If interest received in a foreign currency is converted into U.S. dollars on the day it is received, the U.S. Holder generally will not be required to recognise foreign currency gain or loss in respect of the interest income.

Effect of United Kingdom Withholding Taxes

As discussed in "*United Kingdom Taxation*", under current law payments of interest in respect of certain Notes may be subject to United Kingdom withholding taxes. As discussed under "*Terms and Conditions of the Notes - Taxation*", an Issuer may become liable for the payment of additional amounts to U.S. Holders so that U.S. Holders receive the same amounts they would have received had no United Kingdom withholding taxes been imposed. For U.S. federal income tax purposes, U.S. Holders will be treated as having received the amount of United Kingdom taxes withheld by the relevant Issuer, and as then having paid over the withheld taxes to the United Kingdom taxing authorities. As a result of this rule, the amount of income included in gross income for U.S. federal income tax purposes by a U.S. Holder with respect to a payment of interest may be greater than the amount of cash actually received (or receivable) by the U.S. Holder from the relevant Issuer with respect to the payment.

A U.S. Holder will generally be entitled, subject to certain limitations, to a credit against its U.S. federal income tax liability, or a deduction in computing its U.S. federal taxable income, for United Kingdom income taxes withheld by an Issuer. For purposes of the foreign tax credit limitation, foreign source income is classified by "baskets", and the credit for foreign taxes on income in a basket is limited to U.S. federal income tax allocable to that income. The foreign tax credit rules are very complex and prospective purchasers should consult their tax advisers concerning the foreign tax credit implications of the payment of United Kingdom taxes, and of receiving a payment of interest from an Issuer that is treated as a dividend eligible for the special reduced rate described above under "*Payments of Interest - General*".

Sale or other Disposition

A U.S. Holder's tax basis in a Note will generally be its U.S. dollar cost. The U.S. dollar cost of a Note purchased with foreign currency will generally be the U.S. dollar value of the purchase price on the date of purchase or, in the case of Notes traded on an established securities market, as defined in the applicable Treasury Regulations, that are purchased by a cash basis U.S. Holder (or an accrual basis U.S. Holder that so elects), on the settlement date for the purchase. Such an election by an accrual basis U.S. Holder must be applied consistently from year to year and cannot be revoked without the consent of the IRS.

Subject to the PFIC rules discussed below, upon a sale or other disposition of Notes, a U.S. Holder generally will recognise capital gain or loss for U.S. federal income tax purposes equal to the difference, if any, between the amount realised on the sale or other disposition and the U.S. Holder's adjusted tax basis in the Notes. This capital gain or loss will be long-term capital gain or loss if the U.S. Holder's holding period in the Notes exceeds one year. However, regardless of a U.S. Holder's actual holding period, in certain circumstances any loss may be long-term capital loss to the extent the U.S. Holder receives a payment of interest treated as a dividend that qualifies for the reduced rate described above under "*Payments of Interest - General*". Any gain or loss will generally be U.S. source.

The amount realised on a sale or other disposition of Notes for an amount in foreign currency will be the U.S. dollar value of this amount on the date of sale or disposition. On the settlement date, the U.S. Holder will recognise U.S. source foreign currency gain or loss (taxable as ordinary income or loss) equal to the difference (if any) between the U.S. dollar value of the amount received based on the exchange rates in effect on the date of sale or other disposition and the settlement date. However, in the case of Notes traded on an established securities market that are sold by a cash basis U.S. Holder (or an accrual basis U.S. Holder that so elects), the amount realised will be based on the exchange rate in effect on the settlement date for the sale, and no exchange gain or loss will be recognised at that time.

Disposition of Foreign Currency

Foreign currency received on the sale or other disposition of a Note will have a tax basis equal to its U.S. dollar value on the settlement date. Foreign currency that is purchased will generally have a tax basis equal to the U.S. dollar value of the foreign currency on the date of purchase. Any gain or loss recognised on a sale or other disposition of a foreign currency (including its use to purchase Notes or upon exchange for U.S. dollars) will be U.S. source ordinary income or loss.

Passive Foreign Investment Company Considerations

A foreign corporation will be a "passive foreign investment company" (a "**PFIC**") in any taxable year in which, after taking into account the income and assets of the corporation and certain subsidiaries pursuant to applicable "look-through rules," either (i) at least 75 per cent. of its gross income is "passive income" or (ii) at least 50 per cent. of the average value of its assets is attributable to assets which produce passive income or are held for the production of passive income. The Issuers do not believe that they should be treated as PFICs. Although interest income is generally passive income, a special rule allows banks to treat their banking business income as non-passive. To qualify for this rule, a bank must satisfy certain requirements regarding its licensing and activities. The Issuers believe that they currently meet these requirements. The Issuers' possible status as PFICs must be determined annually, however, and may be subject to change if the Issuers fail to qualify under this special rule for any year in which a U.S. Holder holds Notes. If the Issuers were to be treated as PFICs in any year, U.S. Holders of Notes would be required (i) to pay a special U.S. addition to tax on certain payments of interest and gains on sale and (ii) to pay tax on any gain from the sale of Notes at ordinary income (rather than capital gains) rates in addition to paying the special addition to tax on this gain. Additionally, payments of interest treated as dividends paid by the relevant Issuer would not be eligible for the special reduced rate of tax described above under "*Payments of Interest - General*". Prospective purchasers should consult their tax advisers regarding the potential application of the PFIC regime.

Substitution of Issuer

The terms of the Notes provide that, in certain circumstances, the obligations of the relevant Issuer under the Notes may be assumed by another entity. Any such assumption might be treated for U.S. federal income tax purposes as a deemed disposition of Notes by a U.S. Holder in exchange for new notes issued by the new obligor. As a result of this deemed disposition, a U.S. Holder could be required to recognize capital gain or loss for U.S. federal income tax purposes equal to the difference, if any, between the fair market value at that time of the U.S. Holder's Notes, and the U.S. Holder's tax basis in those Notes. U.S. Holders should consult their tax advisors concerning the U.S. federal income tax consequences to them of a change in obligor with respect to the Notes.

Medicare Tax

A U.S. Holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, will be subject to a 3.8 per cent. tax (the "**Medicare Tax**") on the lesser of (1) the U.S. Holder's "net investment income" for the relevant taxable year and (2) the excess of the U.S. Holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between U.S.\$125,000 and U.S.\$250,000, depending on the individual's circumstances). A U.S. Holder's net investment income will generally include the interest payments on the Notes (even if they are treated as dividends for tax purposes as described above) and the U.S. Holder's net gains from the sale, exchange, redemption or maturity of the Notes, unless such net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). U.S. Holders are urged to consult their tax advisers regarding the applicability of the Medicare Tax to their net investment income in respect of an investment in the Notes.

Information Reporting and Backup Withholding

In general, payments of interest and accrued OID on, and the proceeds of a sale, redemption or other disposition of, the Notes, payable to a U.S. Holder by a U.S. paying agent or other U.S. intermediary will be reported to the IRS and to the U.S. Holder as may be required under applicable regulations. Backup withholding will apply to these payments and to accruals of OID if the U.S. Holder fails to provide an accurate taxpayer identification number or certification of exempt status or fails to report all interest and dividends required to be shown on its U.S. federal income tax returns. Certain U.S. Holders (including, among others, corporations) are not subject to backup withholding. U.S. Holders should consult their tax advisers as to their qualification for exemption from backup withholding and the procedure for obtaining an exemption.

U.S. Holders should consult their tax advisers as to any information reporting or special tax filing obligations they may have as a result of acquiring, owning or disposing of Notes. Failure to comply with certain reporting obligations could result in the imposition of substantial penalties.

OTHER TAX CONSIDERATIONS

The following is a general description of certain EU tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in those countries or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

EU Savings Tax Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income ("**EU Savings Directive**"), each EU Member State is required to provide to the tax authorities of another EU Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in that other EU Member State; however, for a transitional period, Austria may instead apply a withholding system in relation to such payments, deducting tax at a rate of 35 per cent. (subject to a procedure whereby on meeting certain conditions the beneficial owner of the interest or other income may request that no tax be withheld) unless during such period it elects otherwise. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

A number of non-EU countries including Switzerland, and certain dependent or associated territories of certain EU Member States, have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in an EU Member State. In addition, the EU Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in an EU Member State to, or collected by such a person for, an individual resident or certain limited types of entity established in one of those territories.

The Council of the European Union formally adopted a Council Directive amending the EU Savings Directive on 24 March 2014 (the "**Amending Directive**"). The Amending Directive broadens the scope of the requirements described in the first paragraph above. EU Member States have until 1 January 2016 to adopt the national legislation necessary to comply with the Amending Directive (which national legislation must apply from 1 January 2017). The changes made under the Amending Directive include extending the scope of the EU Savings Directive to payments made to, or collected for, certain other entities and legal arrangements. They also broaden the definition of "interest payment" to cover income that is equivalent to interest.

However, the European Commission has proposed the repeal of the EU Savings Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other EU Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). This is to prevent overlap between the EU Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU). The proposal also provides that, if it proceeds, EU Member States will not be required to apply the new requirements of the Amending Directive.

Investors who are in any doubt as to their position should consult their professional advisers.

Where a deduction or withholding is imposed on a payment to an individual as described above pursuant to the EU Savings Directive or any law implementing or complying with, or introduced in order to conform to the EU Savings Directive, the relevant Issuer is under no obligation to pay additional amounts to ensure that the net amounts received by the Noteholder after such deduction or withholding are equal to the amounts which would have been receivable in the absence of such deduction or withholding.

The relevant Issuer will, however, ensure that at all times it maintains a paying agent in an EU Member State that will not be obliged to withhold or deduct tax pursuant to the EU Savings Directive or any law implementing or complying with, or introduced to conform to, the EU Savings Directive.

The proposed financial transactions tax ("FTT")

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**").

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

Joint statements issued by participating Member States indicate an intention to implement the FTT by 1 January 2016.

However, the FTT proposal remains subject to negotiation between the participating Member States and the scope and implementation of any such tax is uncertain. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Company or the Bank to any one or more of Barclays Bank PLC (in its role as Arranger and Dealer), Banco Santander, S.A., BNP Paribas, Citigroup Global Markets Limited, Credit Suisse Securities (Europe) Limited, Deutsche Bank AG, London Branch, Merrill Lynch International, Morgan Stanley & Co. International plc and UBS Limited, or such other dealers as may be appointed either generally in respect of the Programme or in relation to a particular Tranche of Notes (together, the "**Dealers**"). The arrangements under which Notes may from time to time be agreed to be sold by the Company or the Bank to, and purchased by, Dealers are set out in a Distribution Agreement dated 10 October 1995, as most recently amended and restated on 4 August 2015 (as amended or restated from time to time, the "**Distribution Agreement**") and made between the Issuers and the Dealers. Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Company or the Bank in respect of such purchase. Notes so subscribed under the Distribution Agreement may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Distribution Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes. The Notes may also be issued by the Company or the Bank, as the case may be, through all or any of the Dealers acting as agents. In addition, the Distribution Agreement provides for Notes to be issued in syndicated Tranches which are jointly and severally underwritten by two or more Dealers.

Each Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Distribution Agreement may be terminated in relation to all or any of the Dealers by any Issuer or, in relation to itself and the Company or the Bank or both, as the case may be, by any Dealer, at any time on giving not less than 30 days' written notice.

United States of America: *Regulation S Category 2; TEFRA D or TEFRA C as specified in the relevant Final Terms or neither if TEFRA is specified as not applicable in the relevant Final Terms.*

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons, except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder.

Each Dealer has represented and agreed (and each additional Dealer named in the Final Terms will be required to represent and agree) that in addition to the relevant U.S. Selling Restrictions set forth below:

- (a) except to the extent permitted under U.S. Treasury Regulations section 1.163 5(c)(2)(i)(D) (the "**TEFRA D Rules**"), it has not offered or sold, and during the restricted period it will not offer or sell, Notes in bearer form to a person who is within the United States or its possessions or to a U.S. person;
- (b) it has and throughout the restricted period it will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Notes are aware that such Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a U.S. person (except to the extent permitted under the TEFRA D Rules);
- (c) if it is a U.S. person, it is acquiring the Notes in bearer form for purposes of resale in connection with their original issuance, and if it retains Notes in bearer form for its own account, it will do so in accordance with the requirements of the TEFRA D Rules;
- (d) with respect to each affiliate or distributor that acquires Notes in bearer form from the Dealer for the purpose of offering or selling such Notes during the restricted period, the Dealer either

repeats and confirms the representations and agreements contained in paragraphs (a), (b) and (c) above on such affiliate's or distributor's behalf or agrees that it will obtain from such distributor for the benefit of the relevant Issuer the representations and agreements contained in such paragraphs; and

- (e) it shall obtain for the benefit of the relevant Issuer the representations, undertakings and agreements contained in sub-clauses (a), (b), (c), (d) and (e) of this paragraph from any person other than its affiliate with whom it enters into a written contract, (a "distributor" as defined in U.S. Treasury Regulation section 1.163-5(c)(2)(i)(D)(4)), for the offer or sale during the restricted period of the Notes.

Terms used in this section shall have the meanings given to them by the Internal Revenue Code and the regulations thereunder, including the TEFRA D Rules.

Where the rules under U.S. Treasury Regulations section 1.163-5(c)(2)(i)(C) (the "**TEFRA C Rules**") are specified in the relevant final terms as being applicable in relation to any Notes, the Notes must, in accordance with their original issuance, be issued and delivered outside the United States and its possessions and, accordingly, each Dealer has represented and agreed (and each additional Dealer named in the Final Terms will be required to represent and agree) that, in connection with the original issuance of the Notes:

- (a) it has not offered, sold or delivered, and will not offer, sell or deliver, directly or indirectly, any Notes within the United States or its possessions; and
- (b) it has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if such Dealer or such prospective purchaser is within the United States or its possessions and will not otherwise involve the United States office of such Dealer in the offer and sale of Notes.

Each Dealer has represented and agreed that and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Distribution Agreement, it has not offered, sold or in the case of Bearer Notes delivered and will not offer, sell or in the case of Bearer Notes deliver the Notes (i) as part of their distribution at any time, or (ii) otherwise until 40 days after the later of the commencement of the offering of the Notes or the relevant issue date, only in accordance with Rule 903 of Regulation S under the Securities Act and Rule 144A or any other available exemption from registration under the Securities Act. Accordingly, neither it, its affiliates nor any persons acting on its or their behalf have engaged or will engage in any directed selling efforts with respect to the Notes, and it and they have complied and will comply with the offering restrictions requirement of Regulation S. Each Dealer and its affiliates also agree that it will have sent to each dealer to which it sells Notes during the distribution compliance period other than resales pursuant to Rule 144A relating thereto a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. In addition, until 40 days after the commencement of the offering of any identifiable Tranche of Notes, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering of such Tranche of Notes) may violate the registration requirements of the Securities Act if such sale is made otherwise than in accordance with Rule 144A . Terms used in this paragraph have the meanings given to them by Regulation S.

Each Dealer represented and undertook that neither it nor any of its affiliates, nor any person acting on its or their behalf has engaged or will engage in any form of "general solicitation" or "general advertising" (within the meaning of Regulation D) in connection with any offer and sale of Securities in the United States.

The Notes are being offered and sold outside the United States to non U.S. persons in reliance on Regulation S. Notwithstanding the foregoing, Dealers nominated by the relevant Issuer may arrange, through their U.S.-registered broker dealer affiliates, for the offer and resale of Registered Notes to QIBs in the United States pursuant to Rule 144A. Each purchaser of such Notes is hereby notified that the offer and sale of such Notes may be made in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A.

This Base Prospectus has been prepared by the Issuers for use in connection with the offer and sale of the Notes outside the United States and for the resale of the Notes in the United States. The Issuers and the

Dealers reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Base Prospectus does not constitute an offer to any person in the United States or to any U.S. person, other than any qualified institutional buyer within the meaning of Rule 144A to whom an offer has been made directly by one of the Dealers or its U.S. broker-dealer affiliate. Distribution of this Base Prospectus by any non-U.S. person outside the United States or by any qualified institutional buyer in the United States to any U.S. person or to any other person within the United States, other than any qualified institutional buyer and those persons, if any, retained to advise such non-U.S. person or qualified institutional buyer with respect thereto, is unauthorised and any disclosure without the prior written consent of the Issuers of any of its contents to any such U.S. person or other person within the United States, other than any qualified institutional buyer and those persons, if any, retained to advise such non-U.S. person or qualified institutional buyer, is prohibited.

General

With the exception of the approval by the FCA of this Base Prospectus as a base prospectus issued in compliance with the Prospectus Directive and relevant implementing measures in the United Kingdom, no representation is made that any action has been or will be taken in any country or jurisdiction by the Company, the Bank or the Dealers that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands the Base Prospectus or any Final Terms comes are required by the Issuers and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession, or distribute such offering material, in all cases at their own expense.

The Distribution Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) in official interpretation, after the date hereof, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the preceding paragraph.

Selling restrictions may be supplemented or modified with the agreement of the relevant Issuer. Any such supplement or modification will be set out in the relevant Final Terms (in the case of a supplement or modification relevant only to a particular Series of Notes) or (in any other case) in a supplement to the Base Prospectus.

Each Issuer has given an undertaking to the Dealers in connection with the listing of any Notes on the Official List to the effect that if after preparation of the Base Prospectus for submission to the FCA it becomes aware that there is a significant new factor, material mistake or inaccuracy relating to the information contained in the Base Prospectus published in connection with the admission of any of the Notes to the Official List, it shall give to each Dealer full information about such change or matter and shall publish a supplementary Base Prospectus as may be required by the FCA, under Section 87G(2) of the FSMA or by the prospectus rules made by the FCA and shall otherwise comply with section 87G of the FSMA and the prospectus rules in that regard and shall supply to each Dealer such number of copies of the supplementary Base Prospectus as it may reasonably request.

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuers and their affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of an Issuer or an Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuers routinely hedge their credit exposure to the Issuers consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

TRANSFER RESTRICTIONS

After such fortieth day, such certification requirements will no longer apply to such transfers, but such transfers will continue to be subject to the transfer restrictions contained in the legend appearing on the face of such Global Certificate, as described above under "*Forms of the Notes*".

Notes represented by an interest in a Restricted Global Certificate may also be transferred to a person who wishes to hold such Notes in the form of an interest in an Unrestricted Global Certificate, but only upon receipt by the relevant Registrar of a written certification from the transferor (in the form set out in Schedule 5 (*Form of Transfer Certificate*) to the Trust Deed) to the effect that such transfer is being made in accordance with Regulation S or Rule 144 (if available) under the Securities Act.

Any interest in a Note represented by an Unrestricted Global Certificate that is transferred to a person who takes delivery in the form of an interest in a Note represented by a Restricted Global Certificate will, upon transfer, cease to be an interest in a Note represented by an Unrestricted Global Certificate and become an interest in a Note represented by a Restricted Global Certificate and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to Notes represented by a Restricted Global Certificate.

Rule 144A Notes

Each purchaser of Restricted Registered Notes in reliance on Rule 144A, by accepting delivery of this Base Prospectus, will be deemed to have represented, agreed and acknowledged as follows (terms used in the following paragraphs that are defined in Rule 144A have the respective meanings given to them in Rule 144A):

- (i) the purchaser is (a) a QIB, (b) acquiring the Notes for its own account or for the account of one or more QIBs, (c) not formed for the purpose of investing in the Notes or the Company or the Bank and (d) is aware, and each beneficial owner of such Notes has been advised that the sale of the Notes to it is being made in reliance on Rule 144A;

- (iii) the purchaser understands that the Restricted Global Certificate and any restricted Individual Certificate (a "**Restricted Individual Certificate**") will bear a legend to the following effect, unless the relevant Issuer determines otherwise in accordance with applicable law:

THE NOTES REPRESENTED HEREBY HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**") OR ANY SECURITIES LAW OF ANY STATE OF THE UNITED STATES OR OTHER JURISDICTION. THE HOLDER HEREOF, BY PURCHASING THE NOTES REPRESENTED HEREBY, AGREES FOR THE BENEFIT OF THE COMPANY AND THE BANK THAT THE NOTES REPRESENTED HEREBY MAY BE REOFFERED, RESOLD, PLEDGED OR OTHERWISE TRANSFERRED ONLY IN COMPLIANCE WITH THE SECURITIES ACT AND OTHER APPLICABLE LAWS AND ONLY (1) PURSUANT TO RULE 144A UNDER THE SECURITIES ACT TO A PERSON THAT THE HOLDER REASONABLY BELIEVES IS A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A PURCHASING FOR ITS OWN ACCOUNT OR A PERSON PURCHASING FOR THE ACCOUNT OF A QUALIFIED INSTITUTIONAL BUYER WHOM THE HOLDER HAS INFORMED, IN EACH CASE, THAT THE REOFFER, RESALE, PLEDGE OR OTHER TRANSFER IS BEING MADE IN RELIANCE ON RULE 144A, (2) TO A NON-U.S. PERSON IN AN OFFSHORE TRANSACTION IN ACCORDANCE WITH RULE 903 OR 904 OF REGULATION S UNDER THE SECURITIES ACT, (3) PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT, (4) PURSUANT TO AN EXEMPTION FROM REGISTRATION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT (IF AVAILABLE), IN EACH CASE IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES. NO REPRESENTATION CAN BE MADE AS TO THE AVAILABILITY OF THE EXEMPTION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT FOR RESALE OF THIS NOTE OR (5) TO THE COMPANY, THE BANK OR THEIR RESPECTIVE AFFILIATES.

- (iv) if it is acquiring any Notes for the account of one or more QIBs the purchaser represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account; and
- (v) the purchaser understands that the Company, the Bank, the Trustee, the Registrars, the Dealers and their affiliates, and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements.

Upon the transfer, exchange or replacement of a Restricted Global Certificate or a Restricted Individual Certificate, or upon specific request for removal of the legend, the relevant Issuer will deliver only a Restricted Global Certificate or one or more Restricted Individual Certificates that bear such legend or will refuse to remove such legend, unless there is delivered to the relevant Issuer and the relevant Registrar such satisfactory evidence (which may include a legal opinion) as may reasonably be required by the relevant Issuer that neither the legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

Any interest in a Restricted Global Certificate that is transferred to a person who takes delivery in the form of an interest in an Unrestricted Global Certificate will, upon transfer, cease to be an interest in a Restricted Global Certificate and become an interest in an Unrestricted Global Certificate and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to an interest in an Unrestricted Global Certificate.

Prospective purchasers that are QIBs are hereby notified that sellers of the Restricted Registered Notes may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A.
