Snowball interest: Each Security will only pay interest on an Interest Payment Date if the closing price or level of the Underlying Asset on the corresponding Interest Valuation Date is greater than or equal to its corresponding Interest Barrier. If this occurs, the amount of interest payable is calculated by:

- (1) multiplying the fixed rate of 6.75% by GBP 1.00; and then
- (2) multiplying the result by the number corresponding to that interest valuation date (i.e. the number in the column headed 'T' in the table below).

Each Interest Payment Date, corresponding Interest Valuation Date, T and Interest Barriers is as follows:

T	Interest Valuation Date	Interest Payment Date	Interest Barrier
1	8 June 2016	15 June 2016	100%
2	8 June 2017	15 June 2017	95%
3	8 June 2018	15 June 2018	90%
4	10 June 2019	17 June 2019	85%
5	8 June 2020	15 June 2020	80%
6	8 June 2021	15 June 2021	75%

AUTOMATIC REDEMPTION (AUTOCALL)

The Securities will automatically redeem prior to their scheduled redemption date if the closing price or level of the Underlying Asset is at or above its corresponding Autocall Barrier on any Autocall Valuation Date (an "Automatic

Redemption (Autocall) Event"). If this occurs, you will receive a cash payment equal to the nominal amount of your Securities payable on the Autocall Redemption Date corresponding to such Autocall Valuation Date.

Each Autocall Valuation Date and the corresponding Autocall Barrier is as follows:

Autocall Valuation Date	Autocall Redemption Date	Autocall Barrier
8 June 2016	15 June 2016	100%
8 June 2017	15 June 2017	95%
8 June 2018	15 June 2018	90%
10 June 2019	17 June 2019	85%
8 June 2020	15 June 2020	80%

FINAL REDEMPTION

If the Securities have not redeemed early they will redeem on the scheduled redemption date at an amount that is dependent on each of the following:

- the 'Initial Price' of the Underlying Asset, which reflects the price or level of that asset near the issue date of the Securities;
- the 'Final Valuation Price' of the Underlying Asset, which reflects the price or level of that asset near the scheduled redemption date;
- the 'Strike Price' of the Underlying Asset, which is calculated as 100 per cent. multiplied by the Initial Price of that asset;
- the 'Final Barrier' of the Underlying Asset, which is calculated as 75 per cent. multiplied by the Initial Price of that asset; and
- the 'Knock-in Barrier Price' of the Underlying Asset, which is calculated as 50 per cent. multiplied by the Initial Price of that asset.

Initial Price: The Initial Price of the Underlying Asset is the closing price or level of such Underlying Asset on 8 June 2015.

Final Valuation Price: The Final Valuation Price of the Underlying Asset is the closing price or level of such Underlying Asset on 8 June 2021, the "Final Valuation Date".

American Barrier redemption: If (a) the Final Valuation Price is greater than or equal to either: (1) the Final Barrier; or (2) the Strike Price OR (b) a Trigger Event has not occurred, you will receive a cash amount per Calculation Amount equal to GBP 1.00.

A "Trigger Event" occurs if the closing price or level of the Underlying Asset on any scheduled trading day from and including the first scheduled trading day following the Initial Valuation Date to and including the Final Valuation Date is less than its Knock-in Barrier Price.

Otherwise: you will receive a cash amount per Calculation Amount, calculated

		by dividing the Final Valuation Price by the Strike Price and multiplying the result by the Calculation Amount.

		<p>Credit risk: The Issuer is exposed to the risk of suffering loss if any of its customers, clients or market counterparties fails to fulfil its contractual obligations. Credit risk and, consequently, the Bank Group's performance may also be adversely affected by the impact of deteriorating economic conditions (and their effects, including higher interest rates, falling property prices and potential instability or economic uncertainty) and risks relating to sovereign debt crises, Eurozone exit or a slowing or withdrawing of monetary stimulus. If some or all of these conditions arise, persist or worsen, they may have a material adverse effect on the Bank Group's operations, financial condition and prospects. In addition, the Issuer holds a significant portfolio of assets which (i) remain illiquid, (ii) are valued based on assumptions, judgements and estimates which may change over time and (iii) which are subject to further deterioration and write downs.</p> <p>Market risk: The Issuer is at risk from its earnings or capital being reduced due to changes in the level or volatility of positions in its trading books and being unable to hedge its banking book balance sheet at market levels. These risks could lead to significantly lower revenues, which could have an adverse impact on the Bank Group's operations, financial condition and prospects.</p> <p>Funding risk: The Bank Group is exposed to the risk that it may not be able to achieve its business plans due to: an inability to maintain appropriate capital ratios; or inability to meet its obligations as they fall due; or adverse changes in interest rates impacting structural hedges and/or the impact of changes in foreign exchange rates on capital ratios. These risks could have an adverse impact on the Bank Group's operations, financial condition and prospects.</p> <p>Legal, competition and regulatory risk: The Bank Group is subject to extensive and comprehensive regulation under the laws of the various jurisdictions in which it does business. The Bank Group has also, in recent years, faced a risk of increased level of legal proceedings in these jurisdictions, in particular, the U.S. The Bank Group also faces existing regulatory and other investigations in various jurisdictions.</p> <p>The Bank Group may incur significant additional expense in connection with existing and potential future legal and regulatory proceedings including for non-compliance by the Bank Group with applicable laws, regulations and codes. This could expose the Bank Group to: substantial monetary damages; loss of significant assets; other penalties and injunctive relief; potential for criminal prosecution in certain circumstances; potential regulatory restrictions on the Bank Group's business; and/or have a negative effect on the Bank Group's reputation, any of which could have an adverse impact on the Bank Group's operations, financial condition and prospects.</p> <p>Regulatory risks: The regulatory environment in which the Bank Group operates is subject to significant levels of change. There is a risk that such changes to the regulatory environment may adversely affect the Bank Group's business, capital and risk management planning and/or may result in the Bank Group increasing capital, reducing leverage, deciding to modify its legal entity structure, deciding to change how and where capital and funding is deployed</p>

This may, in turn, lead to negative publicity, loss of revenue, litigation, higher scrutiny and/or intervention from regulators, regulatory or legislative action, loss of existing or potential client business, reduced workforce morale, and difficulties in recruiting and retaining talent. Sustained conduct and reputational damage could affect the Bank Group's operations, financial condition and prospects.</p> <p>Risk relating to United Kingdom bail-in power: The Bank Recovery and Resolution Directive grants supervisory authorities power to cancel all or a portion of the principal amount of, or interest on, certain unsecured liabilities of a failing financial institution (which could include Securities issued by the Issuer hereunder), and/or to convert certain debt claims into another security, including ordinary shares. Under the Banking Act 2009 of the United Kingdom as amended, the bail-in option is introduced to enable the United Kingdom resolution authority to recapitalise a failed institution by allocating losses to its shareholders and unsecured creditors. There remains uncertainty regarding the specific factors which the United Kingdom resolution authority would consider in deciding whether to exercise the United Kingdom bail-in power.
