**PROHIBITION OF SALES TO UK RETAIL INVESTORS** – The Securities are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to, any retail investor in the United Kingdom. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended, the "EUWA"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (as amended, the "FSMA") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA (as amended, the "UK Prospectus Regulation"). Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (as amended, the "UK PRIIPs Regulation") for offering or selling the Securities or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the United Kingdom may be unlawful under the UK PRIIPs Regulation.

**PROHIBITION OF SALES TO SWISS RETAIL INVESTORS** – The Securities are not intended to be offered, sold or otherwise made available to and may not be offered, sold or otherwise made available to any retail investor in Switzerland. For these purposes a "retail investor means a person who is not a professional or institutional client, as defined in article 4 para. 3, 4 and 5 and article 5 para. 1 and 2 Swiss Federal Act on Financial Services ("FINSA") of 15 June 2018, as amended. Consequently, no key information document required by FINSA for offering or selling the Securities or otherwise making them available to retail investors in Switzerland has been prepared and therefore, offering or selling the Securities or making them available to retail investors in Switzerland may be unlawful under FINSA.

None of the Securities constitute a participation in a collective investment scheme within the meaning of the CISA and are neither subject to the authorisation nor the supervision by the Swiss Financial Market Supervisory Authority FINMA ("FINMA") and investors do not benefit from the specific investor protection provided under the CISA.

### What are the key risks that are specific to the Issuer?

The Barclays Bank Group has identified a broad range of risks to which its businesses are exposed. Material risks are those to which senior management pay particular attention and which could cause the delivery of the Barclays Bank Group's strategy, results of operations, financial condition and/or prospects to differ materially from expectations. Emerging risks are those which have unknown components, the impact of which could crystallise over a longer time period. In addition, certain other factors beyond the Barclays Bank Group's control, including escalation of terrorism or global conflicts, natural disasters, pandemics and similar events, although not detailed below, could have a similar impact on the Barclays Bank Group.

- **Material existing and emerging risks potentially impacting more than one principal risk:** In addition to material and emerging risks impacting the principal risks set out below, there are also material existing and emerging risks that potentially impact more than one of these principal risks. These risks are: (i) the impact of COVID-19; (ii) potentially unfavourable global and local economic and market conditions, as well as geopolitical developments; (iii) the impact of interest rate changes on the Barclays Bank Group's profitability; (iv) the competitive environments of the banking and financial services industry; (v) the regulatory change agenda and impact on business model; (vi) the impact of benchmark interest rate reforms on the Barclays Bank Group; and (vii) Change delivery and execution risks.
- **Credit and Market risks:** Credit risk is the risk of loss to the Barclays Bank Group from the failure of clients, customers or counterparties, to fully honour their obligations to members of the Barclays Bank Group. The Barclays Bank Group is subject to risks arising from changes in credit quality and recovery rates of loans and advances due from borrowers and counterparties in any specific portfolio. Market risk is the risk of loss arising from potential adverse change in the value of the Barclays Bank Group's assets and liabilities from fluctuation in market variables.
- **Treasury and capital risk and the risk that the Issuer and the Barclays Bank Group are subject to substantial resolution powers:** There are three primary types of treasury and capital risk faced by the Barclays Bank Group which are (1) liquidity risk – the risk that the Barclays Bank Group is unable to meet its contractual or contingent obligations or that it does not have the appropriate amount of stable funding and liquidity to support its assets, which may also be impacted by credit rating changes; (2) capital risk – the risk that the Barclays Bank Group has an insufficient level or composition of capital; and (3) interest rate risk in the banking book – the risk that the Barclays Bank Group is exposed to capital or income volatility because of a mismatch between the interest rate exposures of its (non-traded) assets and liabilities. Under the Banking Act 2009, substantial powers are granted to the Bank of England (or, in certain circumstances, HM Treasury), in consultation with the United Kingdom Prudential Regulation Authority, the UK Financial Conduct Authority and HM Treasury, as appropriate as part of a special resolution regime. These powers enable the Bank of England (or any successor or replacement thereto and/or such other authority in the United Kingdom with the ability to exercise the UK Bail-in Power) (the "**Resolution Authority**") to implement various resolution measures and stabilisation options (including, but not limited to, the bail-in tool) with respect to a UK bank or investment firm and certain of its affiliates (as at the date of the Registration Document, including the Issuer) in circumstances in which the Resolution Authority is satisfied that the relevant resolution conditions are met.

- **Operational and model risks:** Operational risk is the risk of loss to the Barclays Bank Group from inadequate or failed processes or systems, human factors or due to external events where the root cause is not due to credit or market risks. Model risk is the risk of potential adverse consequences from financial assessments or decisions based on incorrect or misused model outputs and reports.
- **Conduct, reputation and legal risks and legal, competition and regulatory matters:** Conduct risk is the risk of poor outcomes for, or harm to customers, clients and markets, arising from the delivery of the Barclays Bank Group's products and services. Reputation risk is the risk that an action, transaction, investment, event, decision or business relationship will reduce trust in the Barclays Bank Group's integrity and competence. The Barclays Bank Group conducts activities in a highly regulated global market which exposes it and its employees to legal risk arising from (i) the multitude of laws and regulations that apply to the businesses it operates, which are highly dynamic, may vary between jurisdictions and/or conflict, and are often unclear in their application to particular circumstances especially in new and emerging areas; and (ii) the diversified and evolving nature of the Barclays Bank Group's businesses and business practices. In each case, this exposes the Barclays Bank Group and its employees to the risk of loss or the imposition of penalties, damages or fines from the failure of members of the Barclays Bank Group to meet their respective legal obligations, including legal or contractual requirements. Legal risk may arise in relation to any number of the material existing and emerging risks summarised above.
- **Climate risk:** Climate risk is the impact on financial and operational risks arising from climate change through physical risks, risks associated with transitioning to a lower carbon economy and connected risks arising as a result of second order impacts of these two drivers on portfolios.

## KEY INFORMATION OF THE SECURITIES

### What are the main features of the Securities?

#### *Type and class of Securities being issued and admitted to trading, including security identification numbers*

The Securities will be in the form of notes and will be uniquely identified by: Series number: NX00329838; Tranche number: 1; ISIN: FR0014009VA1; Common Code: 247130853.

The Securities will be cleared and settled through Euroclear France S.A.

#### *Currency, specified denomination, issue size and term of the Securities*

The Securities will be issued in EUR (the "**Issue Currency**") and settled in the same currency (the "**Settlement Currency**"). The Securities are tradable in nominal and the specified denomination per Security is EUR 1,000. The issue size is EUR 30,000,000.00 per security. The Issue Price is 100% of the Specified Denomination.

The issue date is 26 April 2022 (the "**Issue Date**"). Subject to early termination, the Securities are scheduled to redeem on 15 July 2027 (the "**Scheduled Settlement Date**").

#### *Rights attached to the Securities*

**Potential return:** The Securities will give each holder of Securities the right to receive potential return on the Securities, together with certain ancillary rights such as the right to receive notice of certain determinations and events and the right to vote on some (but not all) amendments to the terms and conditions of the Securities. The potential return will be in the forms of: (i) one or more Interest Amounts, (ii) an Autocall Cash Settlement Amount, and/or (iii) a Final Cash Settlement Amount, provided that if the Securities are early terminated, the potential return may be in the form of an Early Cash Settlement Amount instead.

**Taxation:** All payments in respect of the Securities shall be made without withholding or deduction for or on account of any UK taxes unless such withholding or deduction is required by law. In the event that any such withholding or deduction is required by law, the Issuer will, save in limited circumstances, be required to pay additional amounts to cover the amounts so withheld or deducted.

**Events of default:** If the Issuer fails to make any payment due under the Securities or breaches any other term and condition of the Securities in a way that is materially prejudicial to the interests of the holders (and such failure is not remedied within 30 days, or, in the case of interest, 14 days), or the Issuer is subject to a winding-up order, then (subject, in the case of interest, to the Issuer being prevented from payment for a mandatory provision of law) the Securities will become immediately due and payable, upon notice being given by the representative of the holders where the holders are grouped in a 'Masse'.

#### *Limitations on rights:*

**Early redemption following certain disruption events or due to unlawfulness or impracticability:** The Issuer may redeem the Securities prior to their Scheduled Settlement Date following the occurrence of certain disruption events or extraordinary events concerning the Issuer, its hedging arrangements, the Underlying Asset(s), taxation or the relevant currency of the Securities, or if it determines that the performance of any of its obligations under the Securities is unlawful, or physically impracticable. If this occurs, investors will receive an "**Early Cash Settlement Amount**" equal to the fair market value of the Securities prior to their redemption, unless the Issuer gives notice to the holders that they may elect to receive such whole number of the disrupted Underlying Asset which may be acquired by the Issuer in the open market with the Early Cash Settlement Amount and the relevant holder returns to the Issuer a duly completed settlement election notice requesting physical settlement by the applicable cut off time.

#### **Certain additional limitations:**

- Notwithstanding that the Securities are linked to the performance of the Underlying Asset(s), holders do not have any rights in respect of the Underlying Asset(s).
- The terms and conditions of the Securities permit the Issuer and the Determination Agent (as the case may be), on the occurrence of certain events and in certain circumstances, without the holders' consent, to make adjustments to the terms and conditions of the Securities, to redeem the Securities prior to maturity, to monetise the securities, to postpone valuation of the Underlying Asset(s) or scheduled payments under the Securities, to change the currency in which the securities are denominated, to substitute the Underlying Asset(s), to substitute the Issuer with another permitted entity subject to certain conditions, and to take certain other actions with regard to the Securities and the Underlying Asset(s).

- The Securities contain provisions for calling meetings of holders to consider matters affecting their interests generally and these provisions permit defined majorities to bind all holders, including holders who did not attend and vote at the relevant meeting and holders who voted in a manner contrary to the majority.

#### **Governing law**

The Securities will be governed by French Law and the rights thereunder will be construed accordingly.

#### **Description of the calculation of potential return on the Securities**

**Underlying Assets:** The return on and value of the Securities is dependent on the performance of the following Underlying Asset(s):

Underlying Assets <sup>(Interest)</sup> / Underlying Assets <sup>(Autocall Settlement)</sup> / Underlying Assets <sup>(Final Settlement)</sup>	Type	Initial Price	Initial Valuation Date
EURO STOXX Banks <sup>®</sup> Index	Index	The closing price of the Underlying Asset on the Initial Valuation Date	30 June 2022

For the purposes of determining an Interest Amount, Underlying Assets shall mean the Underlying Assets<sup>(Interest)</sup>, for the purposes of determining Automatic Settlement (Autocall) Event, Underlying Assets shall mean the Underlying Assets<sup>(Autocall Settlement)</sup>, for the purposes of determining the Final Cash Settlement Amount, Underlying Assets shall mean the Underlying Assets<sup>(Final Settlement)</sup>.

**Calculation Amount:** Calculations in respect of amounts payable under the Securities are made by reference to the "Calculation Amount", being EUR 1,000 per Security.

**Determination Agent:** Barclays Bank PLC will be appointed to make calculations and determinations with respect to the Securities.

#### **A – Interest**

Each Security will only pay interest on an Interest Payment Date if the closing price or level of the Underlying Asset on the corresponding Interest Valuation Date is greater than or equal to its corresponding Interest Barrier. If this occurs, the amount of interest payable is calculated by:

- multiplying the fixed rate of 1.375% by EUR 1,000; and then
- multiplying the result by the number corresponding to that Interest Valuation Date (i.e. the number in the column headed 'T' in the table below).

Each Interest Payment Date, corresponding Interest Valuation Date, T and Interest Barriers is as follows:

T	Interest Valuation Date(s)	Interest Payment Date(s)	Interest Barrier(s)
4	30 June 2023 <sup>5</sup>	13 July 2023 <sup>6</sup>	100.00% of the Initial Price
5	29 September 2023 <sup>7</sup>	13 October 2023 <sup>8</sup>	99.00% of the Initial Price
6	29 December 2023	12 January 2024	98.00% of the Initial Price
7	28 March 2024	11 April 2024	97.00% of the Initial Price

11	28 March 2025	11 April 2025	93.00% of the Initial Price
12	30 June 2025	15 July 2025	92.00% of the Initial Price
13	30 September 2025	14 October 2025	91.00% of the Initial Price
14	30 December 2025	13 January 2026	90.00% of the Initial Price
15	30 March 2026	13 April 2026	89.00% of the Initial Price
16	30 June 2026	15 July 2026	88.00% of the Initial Price
17	30 September 2026	14 October 2026	87.00% of the Initial Price
18	30 December 2026	13 January 2027	86.00% of the Initial Price
19	30 March 2027	13 April 2027	85.00% of the Initial Price
20	30 June 2027	15 July 2027	84.00% of the Initial Price

#### **B – Automatic Settlement (Autocall)**

The Securities will automatically redeem if the closing level of the Underlying Asset divided by the Initial Level is at or above its corresponding Autocall Barrier Percentage in respect of any Autocall Valuation Date. If this occurs, you will receive an Autocall Cash Settlement Amount equal

<sup>5</sup> Amended by the Amended and Restated Final Terms dated 24 June 2022 to correct the interest valuation date.

### C – Final Settlement

If the Securities have not otherwise redeemed, each Security will be redeemed on the Scheduled Settlement Date by payment of the Final Cash Settlement Amount.

The Scheduled Settlement Date may be postponed following the postponement of the Final Valuation Date due to a disruption event.

The Final Cash Settlement Amount is calculated as follows:

- (i) if the Final Performance is greater than or equal to the Knock-in Barrier Percentage (being 50.00%), 100% multiplied by the Calculation Amount;
- (ii) otherwise, an amount calculated by dividing the Final Performance by the Strike Price Percentage (being 100.00%) and multiplying the result by the Calculation Amount.

Where:

"Final Performance" means the Final Valuation Price divided by the Initial Price<sub>(Settlement)</sub>.

"Final Valuation Date" means 30 June 2027, subject to adjustment.

"Final Valuation Price" means, in respect of the Underlying Asset, the closing level in respect of the Underlying Asset on the Final Valuation Date.

#### *Status of the Securities*

The Securities are direct, unsubordinated and unsecured obligations of the Issuer and rank equally among themselves.

#### *Description of restrictions on free transferability of the Securities*

The Securities are offered and sold outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act and must comply with transfer restrictions with respect to the United States. Securities held in a clearing system will be transferred in accordance with the rules, procedures and regulations of that clearing system. Subject to the foregoing, the Securities will be freely transferable.

#### **Where will the Securities be traded?**

Application is expected to be made by the Issuer (or on its behalf) for the Securities to be admitted to trading on the regulated market of the Luxembourg Stock Exchange

#### **What are the key risks that are specific to the Securities?**

The Securities are subject to the following key risks:

- **You may lose some or all of your investment in the Securities:** The terms of the Securities do not provide for a scheduled minimum payment at maturity and as such, depending on the performance of the Underlying Asset(s), you may lose some or all of your investment. You may also lose some or all of your investment if: (a) you sell your Securities before their scheduled maturity or expiry; (b) your Securities are early redeemed in certain extraordinary circumstances; or (c) the terms and conditions of your Securities are adjusted such that the amount payable or property deliverable to you is less than your initial investment.
- **There are risks associated with the valuation, liquidity and offering of the Securities:** The market value of your Securities may be lower than the issue price since the issue price may take into account the Issuer's and/or distributor's profit margin and costs in addition to the fair market value of the Securities. The market value of your Securities may be affected by the volatility, level, value or price of the Underlying Asset(s) at the relevant time, changes in interest rates, the Issuer's financial condition and credit ratings, the supply of and demand for the Securities, the time remaining until the maturity or expiry of the Securities and other factors. The price, if any, at which you will be able to sell your Securities prior to maturity may be substantially less than the amount you originally invested. Your Securities may not have an active trading market and the Issuer may not be under any obligation to make a market or repurchase the Securities prior to redemption.
- **You are subject to risks associated with the determination of amount payable under the Securities:**

The Final Cash Settlement Amount is based on the performance of the Underlying Asset(s) as at the final valuation date only (rather than in respect of multiple periods throughout the term of the Securities). This means you may not benefit from any movement in level of the Underlying Asset(s) during the term of the Securities that is not maintained in the final performance as at the final valuation date.

As the Final Cash Settlement Amount is subject to a cap, the value of or return on your Securities may be significantly less than if you had purchased the Underlying Asset(s) directly.

The calculation of amount payable depends on the level, value or price of the Underlying Asset(s) reaching or crossing a 'barrier' during a specified period or specified dates during the term of the Securities. This means you may receive less (or, in certain cases, more) if the level, value or price of the Underlying Asset(s) crosses or reaches (as applicable) a barrier, than if it comes close to the barrier but does not reach or cross it (as applicable), and in certain cases you might receive no interest or coupon payments and/or could lose some or all of your investment.

- **Your Securities are subject to adjustments and early redemption:** Pursuant to the terms and conditions of the Securities, following the occurrence of certain disruption events or extraordinary events concerning the Issuer, its hedging arrangements, the Underlying Asset(s), taxation or the relevant currency of the Securities, the Determination Agent or the Issuer may take a number of remedial actions, including estimating the level of the Underlying Asset(s), substituting the Underlying Asset(s), and making adjustments to the terms and conditions of the Securities. Any of such remedial action may change the economic characteristics of the Securities and have a material adverse effect on the value of and return on the Securities. If no remedial action can be taken, or it is determined that the performance of any of the Issuer's obligations under the Securities is unlawful or physically impracticable, the Issuer may early redeem the Securities by payment of an Early Cash Settlement Amount. If early redemption occurs, you may lose some or all of your investment because the Early Cash Settlement Amount may be lower than the price at which you purchase the Securities, or may even be zero. You will also lose the opportunity to participate in any subsequent positive performance of the Underlying Asset(s) and be unable to realise any potential gains in the value of the Securities. You may not be able to reinvest the proceeds from an investment at a comparable return and/or with a comparable interest or coupon rate for a similar level of risk.
- **Your Securities are subject to foreign exchange risks:** Payment under the Securities will be made in a Settlement Currency which is different from the currency of the Underlying Asset(s) and/or may be different from your home currency. You will be exposed to the risk of foreign exchange rate fluctuations between the Settlement Currency and your home currency and/or the Issue Currency. These fluctuations may decrease the value of the Securities.
- **Risks relating to Underlying Asset(s) that are equity indices:** Equity indices are composed of a synthetic portfolio of shares and provide investment diversification opportunities, but will be subject to the risk of fluctuations in both equity prices and the value and volatility of the relevant equity index. The Securities are linked to equity indices, and as such may not participate in dividends or any other distributions paid on the shares which make up such indices. Accordingly, you may receive a lower return on the Securities than you would have received if you had invested directly in those shares. The index sponsor can add, delete or substitute the components of an equity index at its discretion, and may also alter the methodology used to calculate the level of such index. These events may have a detrimental impact on the level of that index, which in turn could have a negative impact on the value of and return on the Securities.
- **Taxation risks:** The levels and basis of taxation on the Securities and any reliefs for such taxation will depend on your individual circumstances and could change at any time over the life of the Securities. This could have adverse consequences for you and you should therefore consult your own tax advisers as to the tax consequences to you of transactions involving the Securities.
- **Potential conflicts of interest:** Conflicts of interest may exist where Barclays Bank PLC or its affiliate: (i) acts in multiple capacities with respect to the Securities (e.g. acting as issuer, manager and determination agent) (ii) enters into hedging transactions to cover the Issuer's exposure to the relevant cash amounts to be paid or assets to be delivered under the Securities as these fall due; and (iii) uses price contributions from its trading desks as a pricing source for an Underlying Asset. In light of such conflicts, the actions taken or determinations made by Barclays Bank PLC in relation to the Securities may not always be in the best interest of the holders. In addition to hedging transactions, Barclays Bank PLC may trade on the Underlying Asset(s) in the ordinary course of its business. Such trading could affect the market price of the Underlying Asset(s), which may in turn materially adversely affect the value and return on your Securities.
