Pillar 3 Terms and Conditions of own funds and eligible liabilities

Introductory notes

This worksheet complements the Barclays PLC Pillar 3 Report 2021 and the Barclays Bank UK PLC Pillar 3 Report 2021, available from home.barclays/investor-relations/reports-and-events/annual-reports/. Prospectuses, final terms and related documentation in respect of certain securities can be found at the following sites home.barclays/investor-relations/fixed-income-investors/prospectus-and-documents/ and home.barclays/who-we-are/our-governance/our-framework-code-and-rules/

The information disclosed in this report is prepared in accordance with CRR (as amended by CRR II applicable as at the reporting date) and CRD IV (as amended by CRD V applicable as at the reporting date), as they form part of UK law pursuant to the European Union (Withdrawal) Act 2018 and subject to the temporary transitional powers (TTP) available to UK regulators to delay or phase-in on-shoring changes to UK regulatory requirements arising between 31 December 2020 and 31 March 2022. Throughout the TTP period, the Bank of England and PRA will continue to review the UK regulatory framework and the Group disclosures will reflect any amendments made to the framework as applicable at the effective reporting date. The Pillar 3 disclosures have also been prepared in accordance with the European Banking Authority (EBA) "Guidelines on materiality, proprietary and confidentiality and on disclosure frequency under Articles 432(1), 432(2) and 433 of CRR" and "Guidelines on disclosure requirements under Part Eight of Regulation (EU) No 575/2013", using the uniform format set out in the BCBS standard on Pillar 3 disclosure requirements.

Please note that this worksheet does not address the impact of the statutory bail-in power, or the mandatory write-down or conversion of capital instruments power under the Banking Act 2009, as amended.

The terms Barclays or Group refer to Barclays PLC together with its subsidiaries. The abbreviation 'Em' represents millions of Pounds Sterling.

There are a number of key judgement areas, for example impairment calculations, which are based on models and which are subject to ongoing adjustment and modifications. Reported numbers reflect best estimates and judgements at the given point in time.

Relevant terms that are used in this document but are not defined under applicable regulatory guidance or International Financial Reporting Standards (IFRS) are explained in the results glossary that can be accessed at home.barclays/investor-relations/reports-and-events/annual-reports/.

Forward-looking statements

This document contains certain forward-looking statements within the meaning of Section 21E of the US Securities Exchange Act of 1934, as amended, and Section 27A of the US Securities Act of 1933, as amended, with respect to the Group. Barclays cautions readers that no forward-looking statement is a guarantee of future performance and that actual results or other financial condition or performance measures could differ materially from those contained in the forward-looking statements. These forward-looking statements can be identified by the fact that they do not relate only to historical or current facts. Forward-looking statements sometimes use words such as 'may', 'will', 'seek', 'continue', 'aim', 'anticipate', 'target', 'projected', 'expect', 'estimate', 'intend', 'plan', 'goal', 'believe', 'achieve' or other words of similar meaning. Forward-looking statements can be made in writing but also may be made verbally by members of the management of the Group (including, without limitation, during management presentations to financial analysts) in connection with this document. Examples of forward-looking statements include, among others, statements or guidance regarding or relating to the Group's future financial position, income growth, assets, impairment charges, provisions, business strategy, capital, leverage and other regulatory ratios, capital distributions (including dividend payout ratios and expected payment strategies), projected levels of growth in the banking and financial markets, projected costs or savings, any commitments and targets, estimates of capital expenditures, plans and objectives for future operations, projected employee numbers, IFRS impacts and other statements that are not historical fact. By their nature, forward-looking statements involve risk and uncertainty because they relate to future events and circumstances. The forward-looking statements speak only as at the date on which they are made. Forward-looking statements may be affected by: changes in legislation; the development of standards and interpretations under IFRS, including evolving practices with regard to the interpretation and application of accounting and regulatory standards; the outcome of current and future legal proceedings and regulatory investigations; future levels of conduct provisions; the policies and actions of governmental and regulatory authorities; the Group's ability along with government and other stakeholders to manage and mitigate the impacts of climate change effectively; geopolitical risks; and the impact of competition. In addition, factors including (but not limited to) the following may have an effect: capital, leverage and other regulatory rules applicable to past, current and future periods; UK, US, Eurozone and global macroeconomic and business conditions; the effects of any volatility in credit markets; market related risks such as changes in interest rates and foreign exchange rates; effects of changes in valuation of credit market exposures; changes in valuation of issued securities; volatility in capital markets; changes in credit ratings of any entity within the Group or any securities issued by such entities; direct and indirect impacts of the coronavirus (COVID-19) pandemic; instability as a result of the UK's exit from the European Union (EU), the effects of the EU-UK Trade and Cooperation Agreement and the disruption that may subsequently result in the UK and globally; the risk of cyber-attacks, information or security breaches or technology failures on the Group's business or operations; and the success of future acquisitions, disposals and other strategic transactions. A number of these influences and factors are beyond the Group's control. As a result, the Group's actual financial position, future results, capital distributions, capital, leverage or other regulatory ratios or other financial and non-financial metrics or performance measures may differ materially from the statements or guidance set forth in the Group's forward-looking statements. Additional risks and factors which may impact the Group's future financial condition and performance are identified in our filings with the SEC (including, without limitation, our Annual Report on Form 20-F for the fiscal year ended 31 December 2020), which are available on the SEC's website at www.sec.gov. Subject to our obligations under the applicable laws and regulations of any relevant jurisdiction, (including, without limitation, the UK and the US), in relation to disclosure and ongoing information, we undertake no obligation to update publicly or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
